Do your Board Members vote via roll call vote? Does anyone use voting buttons?

We are renovating our Board Room -- we will be upgrading audio/video, but I am struggling to find any voting buttons/software.

During the demolition process of the renovation, we removed a large wall-mounted light-up box that displayed Director votes. Along with the wall-mounted box being removed, we are removing all the Directors' buttons while we refinish the dais.

I searched the discussion forums and couldn't find any mention of voting this way.

If your District utilizes a form of voting outside of audible, per-person, roll-call votes, I would love to hear it.

Thank you!

[Christal Martinez](#)

I've had to recruit for an open board member position twice within the last year. The way I understand it, if the position vacated by the board member is not up for reelection you can recruit for the position. The new member would only be eligible to fill that position for the remainder of the term.

I recruited similar to regular recruitment. I wrote a Press Release and published it on our website, on social media, via print ads, and local media outlets.

I gave candidates 30 days to respond with a letter of interest and resume for the open seat. The board then held a special meeting to interview the candidates with pre-written questions developed by me and legal counsel. On the day of the special meeting, I mediated the interviews, and the board members made motions to appoint their top candidate. They then voted on one person, and it required a majority vote. They were then sworn in at our next regular meeting.

I understand that you have 60 days from the last day of appointment of the current member to fill his/her position. Not really sure what happens if you do not find anyone in time. I've received mixed feedback.

Can anyone tell me what the process is for a board member vacancy? One of our Board Members is resigning and we will have a vacancy. We are a dependent district and our members are appointed. Is there a specific process and timeline that needs to be followed?

I concur with everything Christal said, and will add that for our Fire District, if a member isn't appointed by the end of 60 days, the next authority up (for us it is the Board of Supervisors) can assign someone to the position instead. Then, when the term for the past board member completes, that new appointed board member is up for election, so the public can then choose to keep them or elect someone else. I'll attach a copy of an old Board Vacancy notice we had from my last District - it states the codes relevant to the process, which I believe are still correct today. Hope that helps!

[David Heft](#)

Generally, it's up to the appointing body to find a replacement. If it is a city, they'll typically list an opening on their city website for interested citizens looking to serve in some capacity. The same generally applies if the opening is for a board member appointed by the county as well. In terms of the district, if anyone knows someone that meets the criteria of the appointing body, you could certainly encourage them to apply. It can be a challenge to find willing candidates, I have two openings currently at my own district...

[Scott Holbrook](#)

For our District in Placer County (I think it varies on County Charter rules the process is this

Option A - if more than a year away from the next election, hold a special election for the position that will last for the duration of the term of the departed board member.

Option B - The Board can appoint a member for the duration of the term or the next election / whichever comes 1st
Then at the next election the position would go up for election, either for a full term or the remainder of the term. IF the Board can not appoint someone within (90 Days I think) Then the County Board of Supervisors will appoint one.

We have had to do this twice including very recently. Shortly before the 2022 Election, and too late to change the ballot - an incumbent board member fell ill and could not serve, he wound up winning. We as a board due to the cost of a special election chose to appoint a board member. We put out a public notice requesting applicants - then at a board meeting we held interviews, then we did a process to vote for a new member, similar to how we choose the board chair. The person selected will serve until the 2024 Election. For that election the normal cycle is three 4 Year positions - this time there will be three 4 Year Positions and one 2 year position up for grabs. Candidates need to choose which position they want to run for. The appointed member could choose to run for a 4 year spot if they want.

I hope this helps -

If you are a dependent district you'll want to notify the appointing authority's (city/county) clerk. They should handle advertising, recruitment, and appointment.

[Adam Cox](#)

Hi Susan,

Your district should be careful about what's going on. Government Code 61040(e) says: A member of the board of directors shall not be the general manager, the district treasurer, or any other compensated employee of the district except for volunteer firefighters as provided by Section 53227.

If you need a temporary management solution my firm offers contract executive services on a month by month basis and we have experience with union negotiations. It generally is not a good practice to have board members sit on a negotiations team but that's certainly a prerogative of the board. We're happy to help if you need.

Subject: Brown Act

1. Our GM's last day was Friday, 21 April. An earlier departure than we had expected. We are currently in the middle of our Union Contract negotiations. The negotiating team consisted of our GM, two board members and an attorney. Our Board President is now Acting General Manager. How do we read him into the union negotiations without violating the Brown act? Would one of the other board members need to step aside?
2. While interviewing general manager candidates, can we discuss a compensation range in the interview Then bring it back to a regular meeting open session for approval? closed session

Our Board of Directors do not have keys to our office but they do have access to our office during business hours. They have a code for the door. Our current Board of Directors do not come in and tell the staff what they would like done they go through the General Manager. A past BOD thought they had access to the entire office and staff and could tell us what they would like us to do. If they need our conference room when the office is closed our on call person will come and open up and close up the room.

Subject: Board member Requesting Copy of Keys to Center

Hello, our Board is requesting they get one (1) set of keys for our center/office/hall. Typically, staff members are able to open up when needed but are requesting one set for a board member. Staff were told that a board member having a set of keys was not common practice and due to liability advised not to proceed. Does anyone have anything like this in place in their District? Or any feedback would be appreciated thank you.

[Jose Quintana](#)

Hello

I have a question relating to service charges on ADU builds and buildings exceeding 750sqft. We are a small CSD that provides water and sewer utilities. Our last rate study had water and sewer rates based off of water meter size. But with current ADU laws we cannot charge for connection or impact fees. With this being said. Has any water district looked at adding a charge on the monthly bill for any single family homes with multiple buildings on the property being it an ADU or a building over 750sqft? Is this even legal to do? or could it be some kind of policy implemented by the Board of Directors?

I can see the water usage being captured through an existing meter, but what about the sewer and WWTF being impacted by multiple ADUs around the town that is not being considered?

Any thoughts?

Hi, Nancy:

I looked into our buyers guide to see if any of our HR business affiliates provide services close to what you requested. It looks like many of them do provide organizational assessments and change management services. [CPS HR Consulting](#) would be a good place to start. Regional Government Services is another good option, and they provide one free human resources management consultation for CSDA members through our [Consultant Connection program](#).

Hope this helps!

[Jamie Dunn](#)

My name is Jamie Dunn from Complete Paperless Solutions and we provide scanning services for Special Districts and Cities here in California. I already reached out to your office and will provide additional information. We also have piggy-backable contracts which many municipalities have used as well. We highly recommend scanning documents/records into a Records Management System like Laserfiche which is a Trusted System, but we can scan into any system or just PDF's.

[Jeff Beatty](#)

The law prevents charging additional connection/impact fees, but does not prevent modifying the regular user charge to reflect the additional demands on your system. We treat a single family dwelling with an ADU as a multi-family customer, with monthly rates increased accordingly.

The link below provides helpful information.

Subject: Water Rates for an ADU and buildings exceeding 750sqft

Hello

I have a question relating to service charges on ADU builds and buildings exceeding 750sqft. We are a small CSD that provides water and sewer utilities. Our last rate study had water and sewer rates based off of water meter size. But with current ADU laws we cannot charge for connection or impact fees. With this being said. Has any water district looked at adding a charge on the monthly bill for any single family homes with multiple buildings on the property being it an ADU or a building over 750sqft? Is this even legal to do? or could it be some kind of policy implemented by the Board of Directors?

I can see the water usage being captured through an existing meter, but what about the sewer and WWTF being impacted by multiple ADUs around the town that is not being considered?

Any thoughts?

[Erica Wolski](#)

Jose, how do you do your sewer billing? We bill based on EDUs on the tax roll. When an ADU is added, even though we cannot charge capacity fees, we do add the ~0.5 EDUs to their parcel. So in both cases for water and sewer, we are getting either the volumetric billing thru the water meter or the EDU billing via the tax roll for the sewer even though we cannot collect capacity fees. Luckily on the water side, we have enough capacity. On the sewer side, we have less capacity and we may eventually be on a sewer moratorium as we won't have money to expand without the capacity fees.

REGISTRATION FOR NACD'S 2023 SUMMER MEETING IS NOW OPEN!

Registration for the **National Association of Conservation Districts (NACD) 2023 Summer Conservation Forum and Tours** is [now open](#) through **June 23, 2023!** Hosted in partnership with the **North Dakota Association of Soil Conservation Districts**, the 2023 Summer Meeting will take place in Bismarck, North Dakota from **July 15-19, 2023** at the **Bismarck Hotel and Conference Center**. More details on registration and pricing can be found [here](#).

NACD's Summer Meeting is the second biggest event of the year and brings together hundreds of conservation leaders from across the nation!

The Summer Meeting agenda includes a full NACD board meeting and is packed with opportunities for attendees to network and hear from a variety of conservation speakers. Throughout the week, expect opportunities to learn about ongoing conservation projects across the country and meet the leaders who make successful conservation possible.

Attendees will also have the chance to learn about various local conservation projects and explore the beautiful and unique ecosystems of North Dakota through a selection of group tours.

More details, as they become available, can be found [here](#).

ADD TO YOUR CALENDAR

Google | Outlook | Office 365 | Other

EARLY BIRD REGISTRATION

Early bird registration for the discounted price of **\$375** is open from now until **June 23, 2023**.

REGISTER NOW!

Reserve your hotel room today!

There is a room block reserved at the meeting site, the **Bismarck Hotel and Conference Center**. The group hotel room rate is \$119 per night.

Reservations are to be made by attendees by calling **701-660-8063**. Attendees should identify themselves with the National Association of Conservation Districts for group rates.

The deadline to reserve rooms is Friday, June 23 at 5 PM ET.

We can't wait to share another NACD Summer Meeting full of networking opportunities with experts from across the conservation field as well as numerous educational sessions and tours. We look forward to seeing you in Bismarck!

Subject **May Risk Control: Safety Talk, Resources, Services**
From Henri Castro <memberplus@sdrma.org>
To <manager@teamrcd.org>
Reply-To <memberplus@sdrma.org>
Date 2023-05-04 10:14

RISK MANAGEMENT NEWS

Property/Liability, Workers' Compensation & Health Benefits for Public Agencies | Established 1986

May Safety Talk: Lockout Tagout (LOTO)

SDRMA's monthly **Safety Talk** training handout for May has been posted to [MemberPlus™](#) under the Risk Control dropdown. [Login](#) today for the 2023 May issue – **Lockout Tagout (LOTO)**.

Many of the most severe injuries, including amputations, electrocutions, and permanent disfigurement, result from the failure to de-energize equipment before servicing or cleaning. This month's *Safety Talk* will help employees understand the steps needed to protect themselves when working on energized equipment. This is also the ideal time for managers and supervisors to review Cal/OSHA's regulation [CCR 3314](#) to ensure proper procedures are in place.

If this topic does not apply to your District, feel free to take a look at the available 2022 Safety Talks to select another training topic.

The monthly handouts are provided to assist our members with their safety training efforts. They are available in PDF format so they can be printed for safety meetings, distributed by email, or uploaded and assigned through the [Vector Solutions](#) platform.

Risk Control Resources - What's New?

In addition to our monthly *Safety Talks*, our **Risk Control** section in [MemberPlus™](#) includes important risk advisories, sample programs and forms, information about the Credit Incentive Program (CIP), and other informative resources.

What's New?

- Office Ergonomics At-a-Glance poster – Take a look at this new resource to help employees with optimum postures for both sitting and standing office workstations. It's the perfect size to post near any workstation.
- Mandated Reporter Training & Resources - Summer is right around the corner and, for many members, it's time to hire seasonal staff for summer camps and other programs. When training employees, whose duties require direct contact and supervision of children, remember to conduct mandated child abuse reporter training. The California Department of Social Services has [free online training](#) as well as other valuable [resources](#) to help comply with this requirement.

Risk Control Services

The SDRMA Risk Control division is available to assist members with Cal/OSHA compliance questions, risk-related questions, written safety programs, safety inspections, ergonomic evaluations, training resources, and other safety related services. Henri Castro, Risk Control Manager, can be reached at hcastro@sdrma.org, and her direct line is 916-231-4135.

ALWAYS MEMBER FOCUSED.

Celebrate Earth Day by Investing in Conservation!

Each year, the NCF-Envirothon brings together more than 25,000 participants across the United States, Canada and China. This means that each year, 25,000 students are taking the opportunity to gain critical skills and equip themselves with knowledge about the complex local and global environmental and natural resource issues facing our world today.

The NCF-Envirothon program empowers students to educate others, take action in their local communities, and pursue higher academic study in environmental disciplines, and to work toward careers in the environment, natural resources and conservation. National Conservation Foundation's Envirothon program is bringing solutions to the challenges we see today in filling essential roles in the conservation field.

This Earth Day make a gift that has a multiplying impact and one that can benefit the planet and the lives of those who inhabit it for years to come.

The National Conservation Foundation cultivates, educates, and inspires conservation leaders of all ages. Support NCF and make a tax deductible and future focused gift today!

There is still time to make an impact on the future of conservation during the spring campaign!

With the NCF spring campaign drawing to a close at the end of the month, now is the time to make an impact on the future of conservation today by donating to the National Conservation Foundation! The National Conservation Foundation is making a difference and impacting conservation resources for decades to come. **The last day to donate to the spring campaign is April 30!**

Join us in our quest to provide education, leadership development and outreach. Make your commitment to conservation today!

An investment in NCF helps to support conservation leaders of tomorrow through the NCF-Envirothon and the Next Generation Leadership Institute. These programs reach students and conservation professionals, and inspires and trains them so they are prepared to meet the challenges of the future.

Help the National Conservation Foundation continue to provide these opportunities and to continue to make a difference. Make a tax-deductible donation to the National Conservation Foundation today!

U.S. Small Business
Administration

**SBA Disaster Assistance for
Businesses that Suffered
Losses Caused By the
Fairview Fire**

The U.S. Small Business Administration (SBA) is offering low-interest disaster loans to non-farm businesses of all sizes, private nonprofits, homeowners and renters who suffered losses caused by the Fairview Fire that occurred September 5 through October 3, 2022.

Loans available to businesses include:

Property Damage: up to \$2,000,000 to repair or replace real estate, machinery and equipment, inventory and other assets that were damaged or destroyed (available to businesses of any size and private, non-profit organizations).

Economic Injury: only for small businesses and most private non-profit organizations suffering adverse financial impacts of the disaster (with or without property loss), up to \$2,000,000 for working capital to help pay obligations until normal operations resume.

SBA customer service representatives will be at the following location to meet with each disaster survivor. SBA will answer specific questions about how a disaster loan may help each survivor recover from the disaster damage, and will provide one-on-one assistance in completing applications for these loans.

HEMET

SBA Disaster Loan Outreach Center
Western Science Museum
Building 2 Museum Office Conference Room
2345 Searl Parkway
Hemet, CA 92543

Assistance available Mondays through Fridays, 8 am to 5 pm
through April 18.

*The deadline to apply for property damage is June 5, 2023.

*The deadline to apply for economic injury is Jan. 4, 2024.

*For more information, contact SBA's Disaster Assistance
Customer Service Center at **(800) 659-2955** or
disastercustomerservice@sba.gov.*

LEARN MORE

Small Business Administration (SBA) 8(a) Program

This two-week series will be instructed by the U.S. Small Business Administration (SBA) and will discuss the requirements, application process and how to become SBA 8(a), SBA Women-Owned Small Business, and/or SBA HUBZone Certified.

April 20 | SBA 8(a) Application

To help provide a level playing field for small businesses owned by socially and economically disadvantaged people or entities, the government limits competition for certain contracts to businesses that participate in the 8(a) Business Development program.

April 27 | SBA Women-Owned Small Business (WOSB) Federal Contracting Program and SBA Hubzone

The federal government's goal is to award at least 5% of all federal contracting dollars to women-owned small businesses each year! The WOSB has incurred changes to their regulations that will make it easier for qualified small businesses to participate in the WOSB Federal Contracting

Program. The HUBZone program fuels small business growth in historically underutilized business zones with a goal of awarding at least 3% of federal contract dollars to HUBZone-certified companies each year.

U.S. Small Business
Administration

**SBA Disaster Assistance for Businesses that
Suffered Losses Caused By the Fairview
Fire**

The U.S. Small Business Administration (SBA) is offering low-interest disaster loans to non-farm businesses of all sizes, private nonprofits,

homeowners and renters who suffered losses caused by the Fairview Fire that occurred September 5 through October 3, 2022.

Loans available to businesses include:

Property Damage: up to \$2,000,000 to repair or replace real estate, machinery and equipment, inventory and other assets that were damaged or destroyed (available to businesses of any size and private, non-profit organizations).

Economic Injury: only for small businesses and most private non-profit organizations suffering adverse financial impacts of the disaster (with or without property loss), up to \$2,000,000 for working capital to help pay obligations until normal operations resume.

*The deadline to apply for property damage is June 5, 2023. *The deadline to apply for economic injury is Jan. 4, 2024.

*For more information, contact SBA's Disaster Assistance Customer Service Center at **(800) 659-295-5955** or disastercustomerservice@sba.gov.*

A Message from the City Manager

Greetings –

You may have heard that the Insurance Services Office (ISO) announced that the City of Temecula achieved an impressive ISO rating of 2, effective July 1, 2023. This rating demonstrates the City's commitment to maintaining high standards in terms of emergency services. It reflects the joint effort between the City of Temecula and CAL FIRE/Riverside County to provide superior fire protection including fire equipment, staffing fire engines with four fire fighters, multiple fire station locations, upgraded equipment, training, excellent water supply, and public education among other various fire protection/prevention efforts.

Every five years the City of Temecula is evaluated on its structure fire suppression capabilities. In 2018, the City of Temecula moved from an ISO score of 4 to a 3. This year, the City will improve again from a 3 to a 2 which is difficult to achieve. An ISO rating of 2

places the City of Temecula within the top 7% for structure fire suppression capabilities in the United States among over 38,000 communities nationwide.

The rating has the potential to affect insurance premiums. While each insurance company independently determines the premiums it charges its policyholders, ISO ratings can impact insurance rates for homeowners and businesses. In this era of escalating insurance premiums, the City encourages residents and businesses to talk with their insurance agent. Lower ISO ratings typically result in lower insurance premiums, which can save money. This is because most U.S. insurers – including the largest ones – use ISO rating information as part of their decision-making when deciding what business to write, coverages to offer, or prices to charge for personal or commercial property insurance. It is our hope the new ISO score of 2 may translate into potential savings on insurance premiums for homes and businesses within the City.

Importantly, the Mayor, City Council and I share our gratitude to Fire Chief Crater and his team at CAL FIRE/Riverside County for their excellent fire protection for the City of Temecula.

-Aaron Adams, City Manager

INTERESTING POPULATION FACTS

The State of California Department of Finance published the [2023 Price and Population](#) information, and the City of Temecula had a population decline from 109,468 to 108,899.

The State's overall population decreased by 0.35%, or 138,400 persons. Several components are used to calculate population, including the following:

- Housing unit growth - up 0.8%
- Natural increase (births minus deaths) – up 106,900 persons
- Foreign immigration – up 90,300 persons (tripled from last year)
- Net domestic migration (those moving from another state minus Californians moving to other states) offset all of the above gains, likely due to work-from-home options

The Central Valley and Inland Empire counties experienced growth, while most coastal counties saw declines, except for San Benito. Overall, Riverside County grew slightly as shown below.

**Annual Percent Change in Population Minus Exclusions*
January 1, 2022 to January 1, 2023 and Total Population, January 1, 2023**

Subject **Please Share Widely: Ramona Ranch Vineyard Field Day**
From Shelly Connor <shellyconnor@wildfarmalliance.org>
To Ashley Chesser <ashleyc@wildfarmalliance.org>
Date 2023-04-28 12:44

Hello,

Wild Farm Alliance is excited to announce an upcoming field day at Ramona Ranch Vineyard on May 11, 2023.

We would love your help in sharing this announcement widely. Below you will find more information about the event and you can also visit the event page to learn more and register.

To make it easy to share with your network, we created an Outreach Packet with a flyer, images and blurbs for social media, emails and newsletters. The event is coming up soon, so any help you can provide to get the word out would be greatly appreciated!

Thanks for your help. Please let me know if you have any questions.

All the best,
Shelly

Join this interactive field day during [San Diego Pollinator Week](#)! Teri Kerns, Co-Owner of [Ramona Ranch](#), San Diego's only certified Sustainable Winery, leads a vineyard tour. Other speakers will discuss how to support pollinators and other beneficial creatures on farms.

Registration is FREE and includes coffee and snacks, but you must register to attend. Stay afterwards for a wine tasting!

September 15, 2022

Nigro & Nigro, PC
25220 Hancock Ave., Ste. 400
Murrieta, CA 92562

In connection with the audit of our financial statements as of June 30, 2022, and for the fiscal year then ended, management of the Temecula Elsinore Anza Murrieta Resource Conservation District (District) has determined that there are no material pending or threatened litigation claims or assessments against the District that would have a material effect on the District's financial condition as of the date of this letter.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to be "John Nigro".
