Enclosed is a list of properties which became subject to the Treasurer-Tax Collector's Power of Sale on July 1, 2017. These properties are now subject to public auction and it is the intent of this office to offer said properties at our earliest convenience.

You may have the right to purchase certain properties within your district, under the Provisions of Division 1, Part 6, Chapter 8, beginning with Section 3771, of the State of California Revenue and Taxation Code. Immediately upon receipt of this notice, please check each parcel carefully to determine if you intend to exercise your right to purchase by Agreement.

Please check to see if there are properties currently in use or maintained by your agency which have been deeded to you. These properties may entail unaccepted dedications of properties or easements. If any such parcels exist within your city or agency, we must know which parcels they are as soon as possible. By examining the properties promptly you will have adequate time to properly research each parcel and determine your requirements well in advance of the public auction sale. To view and obtain files for our inventory of parcels subject to the Power of Sale and to access our new interactive parcel map please visit our website at [www.countytreasurer.org](http://www.countytreasurer.org). From the homepage please navigate to the Tax Collector tab --> Tax Sale Information --> Parcel Inventory.

If you intend to initiate action to acquire any parcel(s), notify the undersigned by completing the enclosed "Application to Purchase Tax-Defaulted Property." Please check the box applicable to your purchase and be sure to include all documentation according to the selections you have made.

Please do not telephone us to request purchase prices, as we will be unable to determine the purchase price without a review of the property.

Thank you in advance for your cooperation.

Sincerely,

*Brian Montoya*

We hope you enjoy the December Jeffries Journal E-Newsletter, featuring Kevin's Corner, Supervisor Success Stories, Board and Commissions Spotlight, our Non-Profit Spotlight and upcoming events in our District.

Pasted immediately below is this issue's Kevin's Corner, but the whole newsletter is attached or available at this link:

[http://supervisorjeffries.com/opencms/galleries/PressNews/2017newsletters/Dec\\_2017\\_newsletter.pdf](http://supervisorjeffries.com/opencms/galleries/PressNews/2017newsletters/Dec_2017_newsletter.pdf)

#### **Kevin's Corner**

First, let me say – Thank you! Last month I reported that I could not obtain financial information from my County staff regarding certain revenues generated within unincorporated (non-city) areas of our county. Shortly after that public announcement (and after a great many of you with financial backgrounds emailed me with an offer to help) – Surprise! The needed financial information was obtained and forwarded to me. Below you will see the first round of preliminary numbers. And while these numbers only apply to non-city areas, it is reflective of our county-wide financial challenges:

#### **Revenues Generated in Unincorporated Areas of the County:**

County Share of Unincorporated Property Taxes:	\$53.3 million
County Share of Unincorporated Supplemental Taxes:	\$0.8 million
Unincorporated Share of Motor Vehicle In Lieu Fees:	\$26.7 million
Sales Tax Collected in Unincorporated Areas:	\$27.9 million
Unincorporated Franchise Fees	\$6.9 million
<b>TOTAL REVENUES:</b>	<b>\$115.6 million</b>

#### **Expenses for Basic Public Safety Services in Unincorporated Areas of the County:**

Sheriff Patrol:	\$92.7 million
Fire Protection:	\$56.5 million
Code Enforcement:	\$6.4 million

Animal Services: \$11.8 million

**TOTAL EXPENSES: \$167.4 million**

This \$52 million annual gap further illustrates that simply adding “rooftops” to our communities is not going to fix our finances (much less our traffic woes). While it is not a perfect formula (it leaves out businesses in the county), if you divide those numbers by the number of households in unincorporated areas, we bring in an average of \$1029 per household, but spend \$1490. That gap grows even greater when you realize that it is 1) based on the terribly inadequate level of services in our unincorporated communities today, and 2) does not take into account all the other services the county is expected to provide for city and unincorporated residents alike.

Clearly we need to rethink how our county is going to grow. Your county government provides important services to all residents regardless of city or non-city boundaries. Whether it is jail capacity, public defender, prosecutors, probation, child or adult protective services, animal services, veterans’ services, medical clinics, environmental health, waste management, hospital, fire, sheriff – you name it, the county is expected to provide it. With a growing population, the demand for these services not only grows, but so does the demand for additional housing – all while our freeways and many major transportation arteries are pretty much already at a standstill. It’s time for your/our local government to start thinking about new ways to approach our challenges. The theory that we could simply grow our way out of these problems has not proven true.

Now to close on a much happier note – Christmas is just around the corner. And as we do every year our office will host open for Holiday Open Houses. A festive social event with a goal of collecting unwrapped toys for needy children in our communities.

**Monday, December 11th, 4pm–6pm**

**County Board of Supervisors’ Joint Open House & Toy Drive**

County Building, 5th Floor (4080 Lemon, Riverside)

**Tuesday, December 19th, 4:30pm–6:30pm**

As always, I appreciate your feedback and comments.

Respectfully,

Kevin Jeffries

### New California Law Expands Baby Bonding Leave to Mid- Size Employers

A new California law, formally called the New Parent Leave Act (NPLA) and informally called the Baby Bonding Bill, will go into effect on January 1, 2018. The NPLA applies to employers, including special districts, with 20-49 employees. It directs these employers to provide their employees with three main benefits: 1) Twelve weeks of leave; 2) Job protections; and 3) Continued health insurance coverage. [Read more...](#)

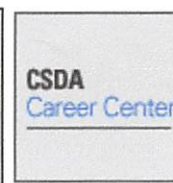

### New Board Members After the Election? Required Updates May Be Necessary

Local government agencies, including special districts, may have welcomed new board members to their ranks following the November 7, 2018 elections and are now required by law to disclose information about any new board members. ### Agencies Replenish More Water Than Ever Before in 2017

Together, the [Coachella Valley Water District](#) (CVWD) and the [Desert Water Agency](#) (DWA) have replenished more than 330,000 acre-feet of imported water into the Coachella Valley groundwater basin so far this year. That is more imported water than has ever been replenished within a year and is more than will be used this year by all groundwater pumpers, marking a significant milestone in increasing groundwater levels in local aquifers. ### Menlo Fire District Celebrates 100 Years

Last month, the [Menlo Park Fire Protection District](#) capped off a year of celebrating its 100th anniversary by bringing back an old tradition – the "Night of Lights" community celebration that dates back to the 1930s. Kids mingled with firefighters and district officials and watched demonstrations including a ladder rescue using the district's new \$1 million multipurpose "quint" – a vehicle that combines a pumper truck with a ladder truck. District drones flew over the crowd and projected the images on a giant inflatable outdoor screen. Firefighters rappelled down the outside of their training tower, and firefighters and a medical team showed how they use the jaws of life and other equipment to extricate victims trapped in wrecked cars. ## East Bay Bus Agency to Launch Uber-like "On-Demand" Service

Commuters in a small East Bay suburb will soon have more of an incentive to take public transit: In a first-of-its kind partnership in the Bay Area, a bus agency is offering on-demand rides that passengers can hail with a smartphone or tablet. If that service sounds a lot like the popular ride-hailing giants, Uber and Lyft, it's because that's precisely the model they're emulating. It's all an effort to provide better customer service, more access to transit and, hopefully, reduce the cost of operating large buses in hard-to-reach places like Danville's Alamo Creek, said Rick Ramacier, the general manager of the [Central Contra Costa Transit Authority](#), better known as [County Connection](#). ### Help with New Website Accessibility Requirements

On January 18, 2018, all local government organizations must meet new federal guidelines for website accessibility defined in Section 508 of the US Rehabilitation Act. Just as buildings must have wheelchair ramps, websites must also accommodate those with visual and other disabilities. [Streamline](#), CSDA's Endorsed Affiliate, can help you check to see if your site meets these standards. Join us in a [free webinar](#) to walk through these new requirements and learn how free testing tools can verify your level of compliance with both current and upcoming standards. [Register today!](#)

**Webinar: Monday, December 11, 2:00 - 2:45 p.m.**

Streamline helps special districts and other local agencies stay compliant online. Their easy-to-use tools allows CSDA members to build a compliant website in about 20 minutes and save up to 50 percent on pricing. Learn more at [www.getstreamline.com](http://www.getstreamline.com).

### Free Webinar: Learn to Save on Facility Maintenance

Join [U.S. Communities](#) and [HD Supply Facilities Maintenance](#) in a free webinar to guide you through the benefits and best practices to help your agency meet facility maintenance and hardware needs. Special districts and other public agencies are faced with the challenge doing more with less. [Register today](#) to find out how cooperative purchasing can save your agency time and money!

**Free webinar: Wednesday, December 6, 11:00 a.m. - 12:00 p.m.**

[U.S. Communities](#) provides the best government pricing on thousands of products and services. Best of all, there is no cost to participate! Learn more at [www.uscommunities.org](http://www.uscommunities.org).

## Fire Districts are Collecting Food and Toys During Holiday Season

The Montecito Fire Protection District (MFPD) is now accepting donations of non-perishable foods and new, unwrapped toys at either of its two fire stations: Station 1, 595 San Ysidro Road and Station 2, 2300 Sycamore Canyon Road. The MFPD is participating in the 6th annual Season of Hope food and toy drive, which continues through December 15. For more information, contact Joyce Reed at (805) 969-2537.

In addition, the Chino Valley Fire District is collecting toys and sports equipment through December 24 to go to charities and organizations serving the Chino Valley. Donations can also be made at local fire stations and administrative headquarters in partnership with ABC 7's Spark of Love Toy Drive. Donation locations include: district headquarters at 14011 City Center Drive, Chino Hills; Chino Hills stations at 5551 Butterfield Ranch Road, 16231 Canon Lane, and 13707 Peyton Drive; and Chino stations at 5078 Schaefer Avenue, 7550 Kimball Avenue, 12220 Ramona Avenue, and 5980 Riverside Drive. ### NEW Recognitions in Special District Governance

Michael Mack with the Rainbow Municipal Water District, Joy Benson and Brian Oftedal with the East Contra Costa Fire Protection District, and Jan Palajac with the Livermore Area Recreation & Park District have all received the Special District Leadership Foundation Recognition in Special District Governance certificate. Recognition in Special District Governance was designed to honor special district board members, trustees and staff. It is comprised of two distinct parts: 1) the CSDA Special District Leadership Academy and 2) elective courses.

In addition to individual recognitions, there are also district recognitions. Districts that have a majority of their governing board holding recognitions will receive a Silver Recognition, and districts with their entire board holding recognition will receive a Gold Recognition.

Submit your application to become recognized in special district governance by [clicking here](#) for the application. Or contact [Beth Hummel](#), program assistant, at (916) 231-2939.

### To indemnify and defend? SB 496 changes the rules for design professional contract

With the enactment of California Senate Bill 496 (Canella), which amends Civil Code Section 2782.8, the Legislature has made

another foray into the area of design professional indemnity. This latest change limits the amount of defense costs that a design professional can be made to pay in defending a claim that is tendered to it under a contractual indemnity obligation. To understand what this all means requires us to look at how indemnity obligations work in the context of professional service agreements. [Read more...](#)

### CalPERS Update – Discount Rate and JPA Legislation

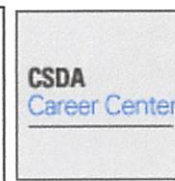

Every four years, CalPERS undergoes an Asset Liability Management (ALM) review process in which the Board of Administration (the Board) analyzes information on possible asset allocation alternatives for the Public Employees' Retirement Fund (PERF) investment portfolio. The next ALM process will take place at the upcoming December 18 board meeting in Sacramento where four different candidate portfolios will be considered. CalPERS' decision will affect contribution rates for special districts and their employees, as well as the long-term sustainability of the fund. [Read more...](#)

### Peninsula Open Space Preserve - Now Open

Thousands of untouched acres of open space in San Mateo County opened to the public late last month. The La Honda Creek Open Space Preserve stretches from Skyline Boulevard to La Honda and is six miles stretched out over 6,000 pristine acres. Expect to see a variety of animals including deer, birds, frogs, and cattle. La Honda is surrounded by pastureland, and still

has actively working ranches within the property. "Ranching and farming on the San Mateo coast is a big deal, and it has been for a long time," said [Midpeninsula Regional Open Space District](#) General Manager Steve Abbors. The district has made it a point to pay respects to local farmers. ## Water District to Sponsor Scholarship Contest

The [Vista Irrigation District](#) invites local high school seniors to compete for a \$1,500 scholarship to attend a college of their choice. The purpose of the scholarship program is to encourage students to learn more about water related issues impacting their community. Students who compete for a scholarship must complete an essay and provide a one page personal statement related to their background and/or goals. Selection criteria also include community involvement or volunteer service, and letters of recommendation from high school faculty. Students may download an application package from [www.vidwater.org](http://www.vidwater.org), or contact Alisa Nichols at (760) 597-3173 to have the materials mailed to them. Applications are also available through high school counseling offices. Applications must be received at the district's office by 4:00 p.m. on February 23, 2018. Eligible students must live or go to school within the Vista Irrigation District's [service area](#).

### Sanitary District's Call for Residents to Properly Recycle Fats, Oils, and Grease

Cooking fats, oils, and grease (FOG) down the drain can cause major sewage backup, clogs, and overflows. Instead of pouring holiday cooking grease down the drain, bring it to the [Ironhouse Sanitary District](#) (ISD) for proper recycling. Here are five ways you can fight holiday FOG: 1) Keep your house sink drains fat-free. Cool it, bottle it, and recycle it at ISD. Pour cooled fats, oils, and grease carefully in to a container with a lid on it; 2) In addition to fats, oils, and grease, FOG also includes meat fats, lard, shortening, butter, margarine, food scraps, dairy products, batters, icing, and dressing; 3) When in doubt, throw it out. Food scraps containing FOG belong in the trash; 4) Scrape your plate. Scrape all your remaining food scraps from your plates, pots, pans, and fryers in to your trash can before you wash your dishes; and 5) Recycle FOG. Ironhouse Sanitary District has a FOG recycling program for residents and small businesses to drop off fats, oils, and grease at the district's main offices in Oakley.

At the [East Valley Water District](#), people's desire for flexibility in the workplace gets fulfilled — literally. The Highland-based utility has a stretching program for its employees, five minutes of "moving in the groove" to limber up the body and the mind. Field workers start their shifts with it daily. Office workers do it a couple of times a week. The stretching sessions arose out of the utility's Leadership Academy that gives employees skills to move into management roles. [Read more...](#)

Weekly news briefs from the National Association of Conservation Districts

### NACD GOVERNMENT AFFAIRS UPDATE

As we enter the final month of 2017, there are several issues on NACD's radar that we want you to be aware of. You can read NACD Director of Government Affairs Coleman Garrison's blog post – which includes the following topics – by [clicking here](#).

- By Friday, December 8, Congress is expected to pass a Continuing Resolution (CR) to fund the federal government for two weeks through December 22 and prevent a government shutdown.
- Last week, several members of NACD's officer team and Executive Board gathered in Washington, D.C., to meet with Congressional Appropriators. NACD leadership relayed to Congress how the almost year-long hiring freeze at USDA has kept NRCS from filling the multitude of field-level staff openings in county offices. Although NRCS has had trouble filling openings for several years, this year's hiring freeze has exacerbated the problem, and NACD is hopeful that the long-term funding bill can address it.
- During these visits, NACD's leadership also

### Welcome to NACD's new South Central Region Representative!

Please join us in welcoming Keith Owen as NACD's new South Central Region Representative! Based in Oklahoma, Keith has a B.S. degree in wildlife and fisheries ecology from Oklahoma State University. Keith comes to NACD from Bass Pro Shops, where he was Group Sales Manager. Keith spent ten years working with farmers and ranchers as district manager for the Rogers County Conservation District in Claremore, and he also has considerable experience working at the state agency level.

related to Congress where NACD stands on USDA's current reorganization. NACD communicated to Secretary Perdue and Capitol Hill that we will closely monitor this process to ensure NRCS and the conservation partnership will be able to continue effectively delivering conservation.

Pictured here are Conservation Partnership Presidents at the office of the Agriculture Secretary. From left to right: Tim Riley (NCDEA), Brent Van Dyke (NACD), Marc Cribb (NASCA) and William Hodge (NARC&DC).

## NACD DEBUTS INTERACTIVE DISTRICT DIRECTORY

NACD's [Conservation District Directory](#) is more user-friendly than ever, thanks to our new, interactive district maps! Available on each state's page, the maps allow farmers, ranchers, and forest landowners across the country the ability to locate the nearest conservation district in their state.

Keith lives with his wife Lisa in Norman, where he spends probably too much time on traditional archery and fly fishing. You can contact Keith at [keith-owen@nacdnet.org](mailto:keith-owen@nacdnet.org).

social media return on investment, and collaborative forest management and wildlife messaging.

The opening panel explored other well-known communication movements and the commitment required to shape a national campaign. Cathy Enright, former executive director of the Council for Biotechnology Information, suggested such a campaign is never finished, but instead a never-ending journey to promote one's mission.

Caleb Gardner, who coordinated social media for President Barack Obama, stressed the need for groups to make intimate connections with their intended social audiences. "Content starts (and ends) with relationships," he said.

The meeting attracted representatives from close to 150 forestry organizations, including federal agencies, large and small wood and paper manufacturers, forestland consultants, and conservation groups.

## Share your storm story!

The U.S. Forest Service is seeking testimonials, stories, and photos from community leaders and advocates showing the impact of storms on their landscapes and what that means to them – both in terms of loss and recovery. These statements and photos will be used to develop a new web-based resource to support local government planning, response, and recovery from storms.

Stories should give context (date and location), name the storm, and show impact (before/after images). Consider the following questions:

- How did the loss of trees in your community impact you after the storm?
- How important was it to restore trees and landscapes in your community after a storm??
- Looking back before the storm, what would you have done differently to prepare your trees or community?

Please submit your testimonials to [StormStories@fs.fed.us](mailto:StormStories@fs.fed.us).

## HENRICOPOLIS SWCD, VIRGINIA

The Henricopolis Soil and Water Conservation District (SWCD) serves the citizens of Henrico County in Virginia, including the capital of Richmond. Through the Urban Agriculture Conservation Initiative, the district provided technical assistance for a farm-to-school urban agriculture project in the Greater Metropolitan Richmond Region.

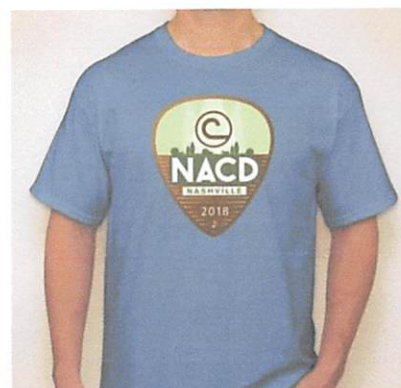

The district worked with the Shenandoah Permaculture Institute to design and plan a 5.5 acre farm site. The Cornerstone Community Farm's design is extremely diverse, an intentional approach that aims to diversify production in order to cultivate a diverse ecosystem and to diversify farm revenues. It is a living laboratory where education and entrepreneurial opportunity intersect to support community health while building young farmers, scholars, and business leaders. (Pictured above: Students from Fairfield Middle School show off a portion of their harvest before the weekly youth-run farmstand. More than 300 students have helped produce and distribute over 10,000 pounds of fresh produce at Cornerstone Farm during spring and summer 2017.)

A growing partner coalition supports the operation of the farm itself, as well as its programs. Sustaining partners include: Henricopolis SWCD, Henrico County Public Schools, Virginia Commonwealth University, Community Food Collaborative, USDA NRCS, Henrico County Board of Supervisors,

social media and by emailing [envirothon@nacdnet.org](mailto:envirothon@nacdnet.org)!

### Government funding update

At the beginning of the month, President Trump approved a Continuing Resolution (CR) that funded the government at current operating levels until this Friday, December 22. NACD anticipates that Congress will approve another CR by Friday to fund the government into the new year.

### SWCS seeking forestry submissions

The Soil and Water Conservation Society (SWCS) is seeking symposium, workshop, oral presentation, and poster presentation submissions for the 73rd International Annual Conference, taking place in

about the speakers who will be joining Shea and Tyson.

NACD's Annual Meeting is the perfect opportunity to learn more about the emerging trends and pressing issues in conservation. You can view descriptions of our sixteen breakout sessions by [clicking here](#) – these sessions are divided into four tracks:

Communications, stewardship and education, natural resources policy and protection, and district operations and member services. ## NACD ATTENDS STATE ASSOCIATION MEETINGS

Earlier this month, NACD South Central Representative Keith Owen attended the Oklahoma Conservation Commission Annual Partnership Lunch. The lunch, hosted by the Oklahoma Association of Conservation Districts (OACD) board, celebrates the year's successes and promotes the conservation partnership between the Oklahoma Conservation Commission, Oklahoma NRCS, OACD, and the Oklahoma Association of Conservation District Employees.

Albuquerque, New Mexico, where forestry will be an area of focus.

Submissions in this track should focus on the following:

- Collaborative forest landscape restoration programs
- Policy and best management practices to reforest/regenerate wildfire burned areas
- Shelterbelts to protect and restore watersheds
- Conservation stewardship programs (farm bill/EQIP) supporting the sustainability of the forest biomass products industry through family forests
- Techniques and practices for emergency stabilization treatments of wildfire burned areas to protect public and private values at risk including watersheds and water quality from invasive species; and runoff, erosion, and sediment and debris flows

All symposium and oral presentation submissions must be received through the online submission system found at [www.swcs.org/18ac](http://www.swcs.org/18ac) on or before **January 9, 2018**.
