Hi TEAMRCD,

I am the new UCANR Community Educator Specialist for small farms in Riverside and San Bernardino Counties.

I am interested in knowing if you serve small farmers and what your perspective is on the needs for small farmers you serve. I also have other questions about the services you provide for farmers such as the irrigation evaluations and I would like to learn more about the CropSWAP program. Are these services free or fee-for-service?

I am also interested in knowing which conservation practices your office promotes and would like to learn more. I would be happy to share about the new UCCE Small Farms Program as well.

Do you have time for a call sometime soon? Let me know if you have any time in your schedule to speak with me. By the way, I like your RCD acronym!

Kind regards,  
Natalie Solares
