Ms. Rose Corona
President
Elsinore-Murrieta-Anza Resource Conservation District
Post Office Box 2078
Temecula, California 92593

Dear Ms. Corona,

As previously noted in our letter dated February 12, 2016, the Special District Risk Management Authority (SDRMA) Board of Directors took action keeping rates flat for the Property/Liability Program for 2016-17. **This is the seventh year in a row with no rate increases.** However, your agency's annual contribution amount may vary compared to 2015-16 as a result of any coverage limit changes, scheduled item additions/deletions and Credit Incentive Program (CIP) points earned.

Enclosed is your agency's 2016-17 invoice which includes the total annual contribution amount for the Property/Liability Package Program and any optional coverages selected by your agency. The current Limit of Liability selected by your agency is also indicated on the invoice. Optional higher or lower liability limits are offered again this year – base coverage limit options are \$2.5 million, \$5 million or \$10 million. Additional outside excess liability limits above \$10 million are available upon request.

If your agency would like a quote to increase or decrease its Limit of Liability, you must notify SDRMA in writing no later than June 15, 2016 for such change to take effect at the start of the program year July 1, 2016. Requested changes received after June 15, 2016 will not be able to be processed due to our excess carrier requirements and deadlines. Please email memberplus_accounts@sdrma.org for limit options.

For members belonging to both SDRMA Property/Liability and Workers' Compensation programs, a 5% *Multi-Program Discount* has been deducted from the invoice total and is noted in the line above *Total Contribution Amount*. In addition, a \$150 credit has been applied if your agency used MemberPlus Online™ to complete and submit your 2016-17 Renewal Questionnaire by the March 15 deadline.

Important Non-Member Certificate Pricing Changes – Starting July 1, all non-member certificates of coverage will only be \$50 per certificate regardless of the length of time for the certificate.

To ensure accurate and timely processing of your coverages, **please return the green remittance copy along with your payment by July 15, 2016 for the total contribution amount shown on the invoice.** If your agency needs to make special payment arrangements due to cash flow constraints, please contact Heather Thomson, Chief Financial Officer at 800.537.7790 or hthomson@sdrma.org. However, any payments received after August 15, 2016 will accrue interest charges of 1% per month regardless of payment arrangements.

Thank you for your continued participation in making SDRMA the premier risk management program in California!

Sincerely,
Special District Risk Management Authority

Gregory S. Hall, ARM
Chief Executive Officer

Property/Liability Credit Incentive Program

Elsinore-Murrieta-Anza Resource Conservation District

CIP Points Earned as of: 3/31/2016

The Credit Incentive Program (CIP) is designed to encourage our Members to take a proactive approach for loss prevention administration, training and safety/risk management. In an effort to assist our Members in achieving the lowest contributions possible, we performed a review of the documents submitted to date for the CIP program year 2015-16. These credits will be applied toward the invoice for the 2016-17 program year. The following earned credits have been documented:

CIP Criteria Description*	Maximum Available	CIPs Earned to Date
SDRMA Safety Specialist Certificate	2	0
Special District Administrator designation from SDLF	2	0
Staff Attendance at SDRMA Workshop	1	0
Additional Staff Attendance at SDRMA Workshop	1	0
Management Staff Attendance at CSDA Sponsored Training	1	0
Additional Management Staff Attendance at CSDA Sponsored Training	1	0
Attendance at Approved Legal Seminar	1	0
Additional Attendance at Approved Legal Seminar	1	0
TargetSolutions Online Training Program	3	0
Use of SDRMA Safety Video Library	2	0
ADMINISTRATION TRACK TOTALS - 8 POINTS MAXIMUM		0
SDLF District of Distinction designation	4	0
Single Board Member Attendance at SDRMA Workshop	1	0
Additional Board Member Attendance at SDRMA Workshop	1	0
Single Board Member Attendance at CSDA Training	1	0
Additional Board Member Attendance at CSDA Training	1	0
Completion of two CSDA Education / Webinar sessions	2	0
Presentation of Financial Audit	2	0
General Safety Specialist Certificate	2	0
GOVERNANCE TRACK TOTALS - 5 POINTS MAXIMUM		0
No Claims during the year	2	2
CLAIMS TRACK TOTALS - 2 POINTS MAXIMUM		2
COMBINED TRACK TOTALS - 15 POINTS MAXIMUM	15	2
5 YEAR NO CLAIMS BONUS	3	3
TOTAL CREDIT INCENTIVE POINTS	18	5

*For detailed information, please see the 2015-16 Property/Liability CIP criteria. For questions, please contact Dennis Timoney, Chief Risk Officer at 800.537.7790 or dtimoney@sdrma.org.

**Property/Liability
2016-17 Credit Incentive Program Criteria**

Special District Risk Management Authority (SDRMA) is committed to establishing a strategic partnership with our members to provide maximum protection, help control losses and positively impact the overall cost of property/liability coverage through the Credit Incentive Program.

Credit incentives of up to 15 points can be earned based on an Agency's participation in meeting the following program guidelines. One CIP point is equal to a 1% discount on the Agency's Property/Liability Program for the Auto and General Liability net contributions invoice only. Participating members may choose among various options to complete during the CIP period (April 1 – March 31) to reach the maximum points allowable within each track.

The maximum total points a member can receive is 15 points (not including bonus points) and points earned before March 31, 2017 will be applied to the 2017-18 program year. Options allowing a member to earn points for both Property/Liability and Workers' Compensation are designated with **(Credit will be applied to Both Programs)**. Points are currently awarded as follows:

ADMINISTRATION TRACK (9 POINTS MAXIMUM)

For staff accredited with the SDRMA General Safety Specialist Certificate or Supervisor Safety Specialist Certificate. This certificate program is a way for the Agency's staff to demonstrate their dedication to safety and loss prevention. The General Safety Specialist certificate requires the Agency employee complete and pass four OSHA certified general training courses and to receive the Supervisor Safety Specialist certificate, complete and pass two supervisory safety courses in addition to the four OSHA certified general training courses.

2 points

No Documentation Required - Will be confirmed by SDRMA.

(Credit will be applied to Both Programs)

For management staff accredited with the Special District Administrator designation by the Special District Leadership Foundation (SDLF). This certification program is a way for special district administrators to affirm – to their customers, to their board of directors, and to themselves – that they are competent and experienced in their profession. Requirements for this certification include management experience, continuing education, community service, and ultimately an exam.

2 points

No Documentation Required - Will be confirmed by SDLF.

(Credit will be applied to Both Programs)

For each full-day attendance by the Agency's safety officer, designated individual, or employee(s) at an SDRMA Safety/Claims Education Day (First attendee earns 2 points, second attendee earns 1 point).

3 Points maximum

No Documentation Required - Will be confirmed by SDRMA workshop attendance sheet.

(Credit will be applied to Both Programs)

For each full-session attendance by the Agency's management staff in a California Special Districts Association (CSDA) sponsored training program, such as CSDA annual conference workshops and/or the Special District Leadership Academy (Each attendee earns 1 point).

2 points maximum

No Documentation Required - Will be confirmed by CSDA training attendance sheet.

(Credit will be applied to Both Programs)

For attending an approved Legal Seminar relating to Employment Practices or Human Resource issues (Each attendee earns 1 point).

2 Points maximum

Documentation Required – Course syllabus and certificate of completion must be submitted to SDRMA for credit.

Credit Incentive Program

For utilizing SDRMA's Safety DVD/Video Library. Participating members must review a minimum of 4 Safety DVD/Videos.

2 points

No Documentation Required - Will be confirmed by SDRMA.

For staff participation in SDRMA's online safety training program – TargetSolutions/FleetSmart Motor Vehicle Safety Programs. 25% of member employees (FT, PT and volunteer firefighters) must each successfully complete a minimum of four individual e-training modules.

3 points

No Documentation Required - Will be confirmed by SDRMA.

GOVERNANCE TRACK – GOVERNING BODY RELATED (4 POINTS MAXIMUM)

For Agency accredited with District of Distinction designation by the Special District Leadership Foundation (SDLF). This accreditation program enables districts to demonstrate to their communities, the media and legislators their commitment to operate in a sound, responsible manner. Districts apply to SDLF for designation as a "District of Distinction" by submitting financial audits, policies and procedures and proof of Governance and Ethics training received by directors and executive staff.

4 points

No Documentation Required - Will be confirmed by SDLF.

(Credit will be applied to Both Programs)

For each full-day attendance by a member of the Agency's governing body at an SDRMA Safety/Claims Education Day (Each attendee earns 1 point).

2 Points maximum

No Documentation Required - Will be confirmed by SDRMA workshop attendance sheet.

(Credit will be applied to Both Programs)

For each full-session attendance by a member of the Agency's governing body in a California Special Districts Association (CSDA) sponsored training program, such as CSDA annual conference workshops (SDRMA approved), Board Leadership Training, Special District Leadership Academy and/or Special District Leadership Foundation (Each attendee earns 1 point).

2 points maximum

No Documentation Required - Will be confirmed by CSDA training attendance sheet.

(Credit will be applied to Both Programs)

For completion by a member of the Agency's governing body of a minimum of two CSDA Education / Webinar training session(s).

2 points

No Documentation Required - Will be confirmed by CSDA training attendance sheet.

For members of a governing body accredited with the SDRMA General Safety Specialist Certificate. This certificate program is a way for the Agency's governing body to demonstrate their dedication to safety and loss prevention. The General Safety Specialist certificate requires an Agency's governing body member complete and pass four OSHA certified general training courses.

1 point

No Documentation Required - Will be confirmed by SDRMA.

(Credit will be applied to Both Programs)

CLAIMS TRACK (2 POINTS)

Minimum contribution members (General Liability Annual Contribution ≤ \$1,348) with no claims during the year will automatically earn the 15 CIP point maximum.

For a participating member agency not having any "paid" claims (excluding first party property claims).

2 points

No Documentation Required - Will be confirmed by SDRMA.

Credit Incentive Program

The following bonus points are in addition to the 15 CIP point limit:

CLAIMS BONUS (3 POINTS)

For a member agency not having any "paid" claims as outlined under the Claims Track for the prior 5 consecutive years.

3 points

No Documentation Required - Will be confirmed by SDRMA.

CONTACT INFORMATION

For questions regarding point credits or the Credit Incentive Program, please contact SDRMA Chief Risk Officer Dennis Timoney at dtimoney@sdrma.org or Debbie Yokota at dyokota@sdrma.org or call the SDRMA office at 800.537.7790.

Also, visit our website at www.sdrma.org, click on MemberPlus Services and then click on TargetSolutions Program to view information about the program or take an online demonstration course of several of our Online Certified Safety Training Program Courses available to all members including:

Over 360 member safety-training courses in English and Spanish

- Courses that meet State and Federal government regulations for required contact hours for certified water and wastewater operators
- Courses endorsed by the National Fire Protection Association (NFPA)
- Courses that are recognized and accepted by the California Water Environmental Association (CWEA) and the California Department of Health Services (DHS)

May 27, 2016

SUBJECT: Final LAFCO Budget for Fiscal Year 2016-17

To Distribution:

As you were previously notified, the Commission approved a Proposed Budget for Fiscal Year (FY) 2016-17 on April 28, 2016. On May 26, 2016, the Commission approved the Final Budget for FY 2016-17, which included minor changes compared to the Proposed Budget. The Final Budget, accompanying this letter, is being distributed to local agencies pursuant to Government Code Section 56381. For more information on the Proposed and Final Budgets, please see the staff reports for each on our website at www.lafco.org.

The Auditor-Controller, pursuant to Section 56381, will apportion the net cost to local agencies and request payment from each local agency sometime before July 1, 2016. The Auditor is also allowed to bill for the administrative costs incurred by that office in determining the apportionment and requesting payment.

If you have any questions regarding the LAFCO Budget or the budget process, please feel free to contact me. If you have questions about the collection process, please contact the Auditor-Controller at (951)955-3800.

Sincerely,

George J. Spiliotis
Executive Officer

SUBJECT: Determination of Exemption from the Provisions of Government Code Section 56133 (Extraterritorial Service Extension)-Elsinore-Murrieta-Anza Resource Conservation District and Mission Resource Conservation District.

This is to notify you that on Thursday, April 28, 2016, the Riverside Local Agency Formation Commission determined that the provision of irrigation audit services by Mission Resource Conservation District within the boundaries of Elsinore-Murrieta-Anza Resource Conservation District is exempt from the requirement for Commission approval required by Section 56133(a) pursuant to Government Code Section 56133 (e), since it is a substitution for a service already provided by a public service provider at terms agreed upon by the two districts.

Should you have any questions, please contact our office.

Sincerely,

George J. Spiliotis

Clerk of the Board

Special District Audit Legislation Passes First Committee

With the support of a number individual special districts, Assembly Bill 2613 (Achadjian), CSDA's sponsored legislation to lower the costs of audits for small districts, unanimously passed the Assembly Local Government Committee last week. Many small special districts have been requesting the option for a less costly means of compliance with the annual audit required by the state. Some districts have reported audit costs as high as 30 percent of their annual budget. To help alleviate some of those costs, CSDA sponsored Assembly Bill 2613, which was introduced in the State Legislature by Assembly Member Katcho Achadjian. AB 2613 will allow a special district with annual revenues below \$150,000 to have a financial compilation performed in lieu of an annual audit, if requested by unanimous consent of their governing board and their county board of supervisors.

There are three types of financial statements provided by auditors and accountants, an audit, a financial review, and a compilation. A financial compilation is the least costly review, requiring the lowest number of billable hours to complete, thus lowering the overall expense of the audit requirements on the districts approved to use them. When approving the bill last week, the Assembly Local Government Committee amended the bill to add some additional safeguards to the alternative form of compliance. These amendments placed a 10-year sunset on the bill and will not allow a district to have more than five consecutive annual compilations performed without having a full annual audit performed. These amendments not only make the bill more likely to pass the Legislature, but will increase the likelihood that county boards of supervisors will unanimously approve the requests from districts to have a compilation performed.

AB 2613 will be heard next on the Assembly Floor and, if passed, it will then head to the Senate. If you have any questions or would like to share your support for AB 2613 (Achadjian), please contact CSDA Legislative Representative [Dillon Gibbons](#).

View this week's [Legislative Hot Sheet](#), to learn more about significant bills on CSDA's watch.

LEGAL NOTICE

Political Subdivisions and Public Agencies in California, the University of California and the State Bar of California: If you at any time between March 1, 1995 and November 25, 2007 purchased a product containing a cathode ray tube, such as a television or a computer monitor, your rights may be affected by five settlements obtained by the California Attorney General.

Read on for more information about this lawsuit and your rights and options.

- **What is this about?**

The Attorney General of California has brought a civil lawsuit against certain makers of cathode ray tubes ("CRTs") alleging they were part of a price-fixing scheme that resulted in overcharges in the price of products that contained CRTs, such as televisions and computer monitors. Five settlements have been reached in *The State of California, et al. v. Samsung SDI, Co., Ltd., et al.*, San Francisco Superior Court Case No. CGC-11-515784.

Settling defendants include Hitachi, Ltd., Hitachi Displays, Ltd., Hitachi Electronic Devices (USA), Inc., Hitachi America, Ltd., and Hitachi Asia, Ltd. (collectively "Hitachi"); LG Electronics, Inc. ("LG"); Panasonic Corporation f/k/a Matsushita Electric Industrial Co., Ltd., Panasonic Corporation of North America, Panasonic Consumer Electronic Co., Matsushita Electronics Corporation (Malaysia) SDN. BHD., MT Picture Display Co., Ltd. f/k/a Matsushita-Toshiba Picture Display Co., Ltd. ("MTPD"), and Beijing Matsushita Color CRT Co., Ltd. (collectively "Panasonic"); Samsung SDI, Co., Ltd. F/K/A Samsung Display Device Co. Ltd., Samsung SDI America, Inc., Samsung SDI Mexico, S.A. DE C.V., Samsung SDI Brasil Ltda., Shenzhen Samsung SDI Co., Ltd., Tianjin Samsung SDI Co., Ltd., and Samsung SDI (Malaysia) SDN. BHD. (collectively "Samsung"); Toshiba Corporation, Toshiba America Electronic Components, Inc., P.T. Tosummit Electronics Devices Indonesia, and Toshiba Display Devices (Thailand) Company, Ltd. (collectively "Toshiba"). Hitachi, LG, Panasonic, Samsung, and Toshiba all deny the Attorney General's allegations against them. The Court has not decided who is right.

- **Who is included in the class affected by these settlements?**

The Attorney General's lawsuit seeks to recover money damages for the following groups of CRT purchasers: (a) California natural persons; (b) the State of California; and (c) the City and County of San Francisco, individually and on behalf of all non-federal local government entities, including the University of California and the State Bar of California, who purchased products containing CRTs.

Group (c) makes up the Settlement Class of Government Entities or Settlement Class. This class includes "all political subdivisions and public agencies in California (i.e., counties, cities, K-12 school districts, and utilities), plus the University of California and the State Bar of California, that have purchased CRTs and/or CRT products during the Relevant Period." The "Relevant Period" is between March 1, 1995 and November 25, 2007. The term "political subdivisions" refers to local government entities, authorized under California law, that do not have statewide

jurisdiction. Each political subdivision is a "class member" of the Settlement Class. Likewise, the University of California and the State Bar also are "class members."

The Attorney General's Complaint currently identifies numerous political subdivisions and public agencies as "Plaintiffs," including the City and County of San Francisco. Those Plaintiffs are all members of the Settlement Class. However, not all political subdivisions and public agencies affected have been identified as plaintiffs or class members. Unidentified plaintiffs in a class action are commonly referred to as unnamed class members. Recently, the Court appointed the California Attorney General to be the Class Counsel for all members of the Settlement Class. The Court also appointed the City and County of San Francisco to be their Class Representative.

- **What do the five settlements provide?**

Settling defendants have agreed to pay a combined \$4.95 million that will be used to pay civil fines and damages, the cost of settlement administration, as well as attorney's fees and litigation costs not to exceed \$975,000. The settlements also provide for injunctive relief (agreements not to engage in price-fixing behavior), antitrust compliance, and cooperation with the Attorney General concerning the CRT price-fixing conspiracy, among other matters.

Since it would be impossible to distribute fairly the Settlement Fund to every class member, the Court has approved a *cy pres* distribution in the form of grants to some class members whose work addresses as near as possible the harm alleged in the lawsuit, i.e., that the CRT price-fixing scheme artificially raised prices for CRT-related products such as televisions and computer monitors. To that end, the Attorney General has allocated \$1,032,113.00 to be distributed via *cy pres* as technology-related grants. Class members may request a grant that involves the purchase of technological items representing the next generation after CRTs, such as tablets, smart phones, computer labs, or better sewer system video technology. While all class members may apply for grant funding, not all applicants will receive a grant. To ensure a diversity of grants for class members located in different areas and communities throughout the state, each grant will be in the amount of \$30,000, or thereabout. The Attorney General will retain a third-party grant administrator who will issue a request for grant applications, vet the candidates, recommend grantees to the Attorney General for awards, and after the court has approved the recipients the administrator will oversee the grant making process including reviewing reports regarding how the grant funds were spent to ensure that the grants are being used for the approved purposes. The administration cost for these grants will not exceed 9% of the total amount distributed.

- **What are the legal rights and options of each class member?**

Do Nothing: By doing nothing, you agree to be represented by the California Attorney General as Class Counsel and by the City and County of San Francisco as the Class Representative in this lawsuit. You also agree to the terms of the Attorney General's Settlements with Hitachi, LG, Panasonic, Samsung, and Toshiba and, as such, agree to release with Hitachi, LG, Panasonic, Samsung, and Toshiba from this lawsuit in exchange for the benefits described above.

Opt-Out or Exclude Yourself from the Settlement Class: You have the right to exclude yourself from the Settlement Class. By excluding yourself from this group, you will not be legally bound by the Attorney General's Settlements or the final judgment of her case, and you will retain your

jurisdiction. Each political subdivision is a "class member" of the Settlement Class. Likewise, the University of California and the State Bar also are "class members."

The Attorney General's Complaint currently identifies numerous political subdivisions and public agencies as "Plaintiffs," including the City and County of San Francisco. Those Plaintiffs are all members of the Settlement Class. However, not all political subdivisions and public agencies affected have been identified as plaintiffs or class members. Unidentified plaintiffs in a class action are commonly referred to as unnamed class members. Recently, the Court appointed the California Attorney General to be the Class Counsel for all members of the Settlement Class. The Court also appointed the City and County of San Francisco to be their Class Representative.

- **What do the five settlements provide?**

Settling defendants have agreed to pay a combined \$4.95 million that will be used to pay civil fines and damages, the cost of settlement administration, as well as attorney's fees and litigation costs not to exceed \$975,000. The settlements also provide for injunctive relief (agreements not to engage in price-fixing behavior), antitrust compliance, and cooperation with the Attorney General concerning the CRT price-fixing conspiracy, among other matters.

Since it would be impossible to distribute fairly the Settlement Fund to every class member, the Court has approved a *cy pres* distribution in the form of grants to some class members whose work addresses as near as possible the harm alleged in the lawsuit, i.e., that the CRT price-fixing scheme artificially raised prices for CRT-related products such as televisions and computer monitors. To that end, the Attorney General has allocated \$1,032,113.00 to be distributed via *cy pres* as technology-related grants. Class members may request a grant that involves the purchase of technological items representing the next generation after CRTs, such as tablets, smart phones, computer labs, or better sewer system video technology. While all class members may apply for grant funding, not all applicants will receive a grant. To ensure a diversity of grants for class members located in different areas and communities throughout the state, each grant will be in the amount of \$30,000, or thereabout. The Attorney General will retain a third-party grant administrator who will issue a request for grant applications, vet the candidates, recommend grantees to the Attorney General for awards, and after the court has approved the recipients the administrator will oversee the grant making process including reviewing reports regarding how the grant funds were spent to ensure that the grants are being used for the approved purposes. The administration cost for these grants will not exceed 9% of the total amount distributed.

- ~~What are the legal rights and options of each class member?~~

Do Nothing: By doing nothing, you agree to be represented by the California Attorney General as Class Counsel and by the City and County of San Francisco as the Class Representative in this lawsuit. You also agree to the terms of the Attorney General's Settlements with Hitachi, LG, Panasonic, Samsung, and Toshiba and, as such, agree to release with Hitachi, LG, Panasonic, Samsung, and Toshiba from this lawsuit in exchange for the benefits described above.

Opt-Out or Exclude Yourself from the Settlement Class: You have the right to exclude yourself from the Settlement Class. By excluding yourself from this group, you will not be legally bound by the Attorney General's Settlements or the final judgment of her case, and you will retain your

right, if any, to sue Hitachi, LG, Panasonic, Samsung, and/or Toshiba on your own for the same conduct alleged in this lawsuit. Your exclusion request must be postmarked by May 30, 2016.

Object and/or Request to Appear at Fairness Hearing: If you do not opt-out of the Settlement Class, you have the right to: (a) to object to the Attorney General's Settlements, the plan of distribution, attorneys' fees and costs, and awards to the other groups; and (b) to request to appear at the Fairness Hearing described below. Your objection, request to intervene, or request to appear must be postmarked by May 30, 2016.

- **The Fairness Hearing**

The Court will hold a Fairness Hearing to determine whether to grant final approval of the Settlements on September 27, 2016, beginning at 9:00 a.m., before Judge Curtis E.A. Karnow at 400 McAllister Street, San Francisco, CA 94102, in Department 304. The hearing may be adjourned, extended to another date and time or postponed without further notice.

NOTICE OF AVAILABILITY OF A FOCUSED ENVIRONMENTAL IMPACT REPORT

To: Agencies and Interested Parties

From/Lead Agency: City of Murrieta Planning Department

Date: March 29, 2016

Subject: **Notice of Availability of a Focused Environmental Impact Report for the Bel Air Apartment Homes (Murrieta 196) Project**

Pursuant to the California Environmental Quality Act (CEQA), the City of Murrieta, as Lead Agency, prepared a Draft Environmental Impact Report (Draft EIR) for the Bel Air Apartment Homes (Murrieta 196) Project (proposed project). This Notice of Availability is to inform you that the Draft EIR is being released for a 45-day public review period. The Draft EIR is also being sent to responsible, trustee, and interested agencies as part of the review process required under CEQA (Section 21092 of the Public Resources Code) and the CEQA Guidelines (Section 15087 of the California Code of Regulations). The Draft EIR describes the project need, goals, and objectives, baseline environmental conditions in the project study area, and the potential environmental impacts associated with the implementation of the proposed project. Alternatives to the proposed project and the potential effects of those alternatives are also described and analyzed in the Draft EIR.

Due to time limits mandated by state law, your response to this Draft EIR must be submitted at the earliest possible date **but no later than 45 days** after receipt of this notice. Written comments on the DEIR should be submitted to Paul Swancott, Senior Planner, at the address below by May 12, 2016. Please include the name for a contact person in your agency. If you have any questions, please contact Paul Swancott at (951) 461-6063, via email at PSwancott@murrieta.org, or in writing at:

City of Murrieta Planning Department
One Town Square, 24601 Jefferson Avenue
Murrieta, California 92562

This DEIR can be found on the City of Murrieta's website at:
http://www.murrieta.org/cityhall/planning/public_notices.asp

Notice of Preparation

PROJECT SETTING

The proposed project is located in the City of Murrieta, Riverside County, California. Specifically, the project site is located south of Murrieta Hot Springs Road, east of Via Princesa, and north of Calle Del Lago. Additionally, the project site is located on the U.S. Geological Survey (USGS) 7.5-minute Murrieta quadrangle, in an unsectioned area of Township 7 South, Range 3 West. The project site consists of a 9.85 net acre (10.91 gross acres) vacant parcel that previously included a man-made recreational lake surrounded by walking paths and picnic areas constructed in the late 1960s. In the 1980s, maintenance of the lake and facilities ceased, including filling of the lake from an on-site well and the lake dried up. A concrete spillway is located in the northwest corner of the site. The project site is surrounded by existing multifamily residential development to the east, west, and south. Murrieta Hot Springs Road extends along the northern boundary of the property. An existing golf course and conference center is located north of Murrieta Hot Springs Road.

PROJECT DESCRIPTION

The project site consists of one assessor's parcel number (APN 913-160-040). The project applicant, Bel Air Murrieta LLC, proposes the construction of a 196-unit multifamily residential community. The 196 units will be located within nine three-story buildings, situated around community open space and amenities including a two-story community center and pool, children's play area, and barbecue areas. The community will include 76 one-bedroom units, 114 two-bedroom units, and 6 three-bedroom units. Each unit will include a balcony or fenced private yard ranging in size from 100 to 127 square feet for ground floor units and 70 to 80 square feet for upper floor units.

The City of Murrieta General Plan designation for the project site is Multiple Family Residential (MFR) and the zoning is Multi-Family 2 (MF-2). According to the City Development Code (Section 16.08.020) and City General Plan, MF-2 and MFR allow for residential development up to 18 dwelling units per acre. Therefore, the allowed project density is 15 to 18 dwelling units per acre (DU/Net Acre) or a total of 177 units. In accordance with the City of Murrieta Municipal Code (Section 16.20.030 A.1. and B.2), the project will include 20 affordable housing units (10% of the total units). The provision of these affordable housing units allows for a 20% density bonus and special incentives. The total number of units allowed under the City Municipal Code with the density bonus is 18 to 21 DU/Net Acre or a total of 212 units. The 20 proposed units will include 8 one-bedroom units, 11 two-bedroom units, and 1 three-bedroom unit. Although a total of 18 to 21 DU/Net Acre 212 units is permitted under the density bonus, the project includes only 20 DU/Net Acre or 196 units in order to provide a superior community for residents with more recreational amenities, larger units, enclosed garages, and covered carports.

Notice of Preparation

PROJECT SETTING

The proposed project is located in the City of Murrieta, Riverside County, California. Specifically, the project site is located south of Murrieta Hot Springs Road, east of Via Princesa, and north of Calle Del Lago. Additionally, the project site is located on the U.S. Geological Survey (USGS) 7.5-minute Murrieta quadrangle, in an unsectioned area of Township 7 South, Range 3 West. The project site consists of a 9.85 net acre (10.91 gross acres) vacant parcel that previously included a man-made recreational lake surrounded by walking paths and picnic areas constructed in the late 1960s. In the 1980s, maintenance of the lake and facilities ceased, including filling of the lake from an on-site well and the lake dried up. A concrete spillway is located in the northwest corner of the site. The project site is surrounded by existing multifamily residential development to the east, west, and south. Murrieta Hot Springs Road extends along the northern boundary of the property. An existing golf course and conference center is located north of Murrieta Hot Springs Road.

PROJECT DESCRIPTION

The project site consists of one assessor's parcel number (APN 913-160-040). The project applicant, Bel Air Murrieta LLC, proposes the construction of a 196-unit multifamily residential community. The 196 units will be located within nine three-story buildings, situated around community open space and amenities including a two-story community center and pool, children's play area, and barbecue areas. The community will include 76 one-bedroom units, 114 two-bedroom units, and 6 three-bedroom units. Each unit will include a balcony or fenced private yard ranging in size from 100 to 127 square feet for ground floor units and 70 to 80 square feet for upper floor units.

The City of Murrieta General Plan designation for the project site is Multiple Family Residential (MFR) and the zoning is Multi-Family 2 (MF-2). According to the City Development Code (Section 16.08.020) and City General Plan, MF-2 and MFR allow for residential development up to 18 dwelling units per acre. Therefore, the allowed project density is 15 to 18 dwelling units per acre (DU/Net Acre) or a total of 177 units. Although a total of 18 to 21 DU/Net Acre 212 units is permitted under the density bonus, the project includes only 20 DU/Net Acre or 196 units in order to provide a superior community for residents with more recreational amenities, larger units, enclosed garages, and covered carports.

Vote right ... Vote Nancy Wright!

Nancy S. Wright

60875 Fairview Road, Whitewater, CA 92282

**Candidate for
Eastern Riverside County Special Districts
LAFCO representative**

In 2008 you elected me to serve on the LAFCO board as the Special District alternate and in 2011, you elected me to serve as the Eastern Riverside County Special Districts representative on the LAFCO Board.

I have the experience:

- Chair of LAFCO for 2015 and 2016 and have served on all LAFCO Committees
- Thorough understanding of LAFCO's annual budget and funding
- Elected Board member of Mission Springs Water District for 28 years; currently President with full support of the Board
- Vice Chair (previously Chair) of the California Regional Water Quality Control Board, Colorado River Basin Region for 10 years (appointed by three governors)
- Active in my community with various organizations since 1980.

I understand the importance of Special Districts and the vital and necessary services they supply to the public. I have the **Experience**, the **Knowledge**, and the **Expertise** necessary to serve as our Special District representative on the LAFCO Board.

Thank you for your continued support.

Nancy Wright

Commissioner Wright has participated with LAFCO for more than a decade and has great knowledge and respect for the critical role of special districts in today's governmental arena.

Nancy Wright's ability, enthusiasm, energy, dedication and leadership will serve LAFCO and the special districts well.

- Arden Wallum
General Manager,
MSWD

Nancy Wright: Right for LAFCO

66575 Second Street, Desert Hot Springs, CA 92240 • www.mswd.org • p 760.329.6448 • f 760.329.2482

**Re-elect Nancy Wright for
LAFCO Special District Representative**

Dear Special Districts:

Let me share with you a short summary of Nancy Wright's story on LAFCO. In 2008, Nancy expressed her interest in representing Special Districts and proceeded to ask past members how to go about pursuing such an endeavor. Almost everyone advised that she start as an alternate taking her turn to learn and understand the issues before moving into a permanent position. That was wonderful advice and she did exactly what other members suggested, running for that position and serving as an alternate until 2011. Since that time she has continued to serve on the commission. Nancy served as Vice Chair in 2013 and 2014 and served as Chair in 2015 and is the current Chair for 2016.

Nancy has never failed to represent the interests of special districts. That history is what provides the confidence that in the future, we can trust Nancy to do what is in the best interest of special districts. What better assurance can we have than a proven history and knowledge that she has gained by patiently progressing from an alternate to chair of the board?

Nancy has not let us down. Nancy is the right choice for Riverside County LAFCO, so I ask you to make the Wright choice ... vote Nancy Wright.

Sincerely,

A handwritten signature in black ink, appearing to read "Arden Wallum".

Arden Wallum
General Manager

**NOTICE OF INTENT TO ADOPT / NOTICE OF AVAILABILITY
MITIGATED NEGATIVE DECLARATION
for Development Plan DPO 2015-585 and Conditional Use Permit CUP 2015-584
Premiere Rehabilitation and Wellness Center**

This serves as the City of Murrieta Notice of Intent to adopt an Initial Study/Mitigated Negative Declaration for Development Plan DPO 2015-585 and Conditional Use Permit CUP 2015-584, prepared in accordance with the California Environmental Quality Act (CEQA), State CEQA Guidelines and local implementation procedures.

Name of Project: Development Plan DPO 2015-585 and Conditional Use Permit CUP 2015-584
Premiere Rehabilitation and Wellness Center

Project Location: Easterly of Jackson Avenue, and northeasterly of the intersection of Jackson Avenue and Fig Street. This 5.29-acre site is comprised of one existing parcel, and is located within Section 12, Township 7 South and Range 3 West of the USGS – Wildomar Quadrangle, 7.5 Minute Series Topographic Map known as portions of Assessor's Parcel Number 910-020-072 and a portion of APN 910-020-073.

Lead Agency: City of Murrieta, One Town Square, 24601 Jefferson Avenue, Murrieta, CA, 92562

Project Description: Eretz Murrieta Properties, LLC (Project proponent) is proposing to implement a skilled nursing facility on an approximate 5.29-acre site, located within the City of Murrieta, western Riverside County, California. As presently proposed, the Project proponent has prepared two (2) applications that allow development of the Project site as an assisted living and skilled nursing facility: Development Plan DPO 2015-585 and Conditional Use Permit CUP 2015-584. Development Permit DPO 2015-585 is submitted pursuant to Chapter 16.56, *Development Plan Permits*, of the City's Development Code, for the site development. Conditional Use Permit CUP 2015-584 is submitted pursuant to Chapter 16.52, *Conditional Use Permits* for the proposed use.

NOTICE IS HEREBY GIVEN THAT the City of Murrieta proposes to adopt a Mitigated Negative Declaration for the above-cited project. The Mitigated Negative Declaration addresses a full range of CEQA issues, and has identified potentially significant Impacts in the areas of air quality, biological resources, cultural resources, geology/soils, hazards/ hazardous materials, noise, and transportation/traffic, for which mitigation measures are proposed to reduce these impacts to a less than significant level. The reasons to support such a finding are documented by an Initial Study prepared by the City of Murrieta. Copies of the Initial Study, the proposed Mitigated Negative Declaration and supporting materials are available for review at the City's administrative office, located at 1 Town Square, Murrieta, CA 92562. For questions regarding the Mitigated Negative Declaration contact:

NAME: Mr. Greg Smith
TITLE: Associate Planner
ADDRESS: City of Murrieta
1 Town Square
Murrieta, CA 92562

Public Review Period Begins: November 6, 2015 Ends: December 7, 2015

Adoption of the Mitigated Negative Declaration is scheduled to take place in December 2015.

determining whether or not the conditions as outlined in the CE are being followed. The temperature during the site survey was 93° F, light wind and clear skies.

Project Status: The purpose of the site surveys was to ensure that the riparian area (easement area) has not been altered, degraded due to trespass or the existence of excessive trash. No field measurements were taken of any of the vegetation or cover estimates made, as this is not a condition that is required to be monitored per the provisions of the CE.

Photo Documentation: The following are a series of photos take along the entire easement from various access points.

MAINTENANCE MEASURES TAKEN

A. None

NECESSARY FOLLOW-UP ACTIONS

Once again, Ms. Long (member of the EMARCD Board) contacted the office on July 22 (as in last year), to inform them of off-road activity at the end of Orchid Tree Ave. Ms. Long had a discussion about EMARCD's annual monitoring program and was provided reasonable feedback that the HOA was in fact concerned about unauthorized access into the easement lands. Follow-up with appropriate HOA staff should be made later in the year to ensure that suitable action has been undertaken to prohibit future unauthorized off-road vehicle use.

In the work area off of Crabapple, there was trash from recent work being conducted in fixing water lines. Staff at the front office was provided a summary of the need to keep work areas free of trash. This needs to be monitored in the future to ensure trash does not accumulate.

RE: Consideration of Western Director Bob Stockton for Riverside County
Districts Election - Alternate Representative

LAFCO Special

I am very pleased to recommend Director Robert Stockton for LAFCO's Special District Election - Alternate Representative.

With more than 31 years of professional experience designing infrastructure projects and serving his community, Mr. Stockton's expertise would be a positive addition to LAFCO's goal of efficient planning that ultimately contributes to a thriving community for all to live, work and play.

In addition to being a seasoned civil engineer, his experience includes:

- Serving as Division 1 Representative for the Western Municipal Water District Board of Directors since 2014
- Participating in the Western Municipal Water District - City of Riverside Joint Committee and serving as Alternate for Western's Engineering, Operations and Water Resources Committee
- Serving for six years on the Riverside Public Utilities Board, including Chair of the Board
- Serving as Planning Commissioner for the City of Riverside
- Past 2015 Chairman of the Board for the Greater Riverside Chamber of Commerce and past Chair of Leadership Riverside
- Serving on the Boards of Path of Life Ministries, Riverside YWCA and California Baptist University School of Engineering Advisory Committee
- Appointment by Governor Brown to the California Board of Professional Engineers, Land Surveyors and Geologists

When you consider his background, experience, knowledge, expertise and commitment to our region, I have no doubt Mr. Stockton would be a vital asset to LAFCO. Thank you for your support.

Regards,

New CEQA Website Resource

May 31, 2016

The California Association of Environmental Professionals (AEP) recently released a new, free online reference website that will provide special districts and others with basic information and case law related to the California Environmental Quality Act (CEQA). The [CEQA Portal](#) is intended to provide detailed,

authoritative, and easy to understand information on CEQA and how to comply. [Read more...](#)

High-Risk Local Government Audit Program Expanding to Districts

Since the California State Auditor's High-Risk Local Government Audit Program (HRLGAP) took effect on July 1, 2015, the Auditor's office has identified six cities that were potentially at high risk. After an initial assessment of the cities, the Auditor's office sought approval from the State Legislature to audit only two of those initial six cities. While the audits of the cities are still in progress, the Auditor's office is expanding their focus and are now beginning to evaluate special districts to determine if any warrant for an audit under the HRLGAP exists. MEMBER SERVICES

CalTRUST Removes Minimum Investment Threshold

At the April meeting of the CalTRUST Board of Trustees, adjustments were made to make CalTRUST an even more attractive investment option for special districts. With CSDA's input, the CalTRUST Board voted to remove the \$250,000 minimum investment threshold, allowing easier access to the program for smaller agencies. In addition, the board adjusted the liquidity in the Medium-Term Fund from monthly to weekly.

CalTRUST provides special districts with a convenient method for pooling their assets for investment. For more information on the CalTRUST investment options, visit www.CalTRUST.org or contact Lyle Deferbaugh, with Wells Capital Management, at 916.440.4890.

Two Opportunities for Local Government Personnel

Check out the [2016 California Local Governance Summer Institute](#) at Stanford University July 24 - 29. The program offers local government professionals the opportunity to exchange and acquire tools for improving local government performance and enhancing prospective analytical capacity to innovate and anticipate societal change.

Also, take advantage of the Davenport Institute's [How are WE Doing? program](#). Originating from conversations with local public officials, "How are WE Doing?" offers public leaders a chance to take a 30,000 foot view of their agency's practices in the area of public engagement. Governments can apply for recognition at one of three levels – silver, gold, or platinum – and receive a badge they can place on their website that recognizes them as a "publicly engaged" organization.

Districts Receive Transparency Certificate of Excellence

The Arvin Community Services District, the Coastside Fire Protection District, the Monterey Peninsula Regional Park District and the Rowland Water District have been approved for the [Transparency Certificate of Excellence](#) program through the Special District Leadership Foundation (SDLF). This program promotes transparency in the operations and governance of special districts and provides special districts with an opportunity to showcase their efforts in transparency. This is an SDLF sponsored program so it is free for districts to participate and receive recognition by completing the [checklist of requirements](#).

Elsinore - Murrieta - Anza
Resource Conservation District

May 16, 2016

Dear Fellow RCD Colleagues and Honored Guests,

Before too much time goes by, on behalf of TEAM RCD and all of our sponsor partners, I'd like to thank everyone for attending our Inland Area Meeting this last Saturday at Fazeli Winery. We sincerely hope you enjoyed the day at a most beautiful winery and the opportunity to get together our fellow Resource Conservation District partners in a more relaxed atmosphere. We had a great time putting on the event and hope you all enjoyed it.

In particular, we hope when you have the opportunity, you will all reach out to Mandy Parkes of Inland Empire RCD and her staff to thank them for their extraordinary help in putting this event together. We are sure that you all noticed that between handing out nametags, collecting money, calculating the raffle, and doing the minutes all at the same time, Mandy still was still the ultimate professional in helping us to make sure this event went well.

We would also like to thank all of you who reached out and offered your help when we first said we would host this event. It has been unbelievable the amount of support we have received from all of you and it is much appreciated. I believe it is partnerships like these that we forge together that will make us all more effective, not just for a bi-yearly meeting, but in other endeavors going forward to make us all successful.

I would also like to again thank our honored guests Carlos Suarez, Jae Lee, Bob Hewitt and Cori Calvert from the NRCS, Jenny DiStefano from the Department of Conservation RCD, Tasha Newman from the Conservation Strategy Group and CARCD Executive Director Karen Buhr for taking the time out of their busy schedules to attend our meeting. It was a joy to have you all come and join us!

As I mentioned in my opening remarks I will be reaching out to all of our partner RCD's to establish Memorandum of Understanding agreements so we can offer each other support and assistance in a more practical and efficient way. The more we pool our resources together, the more successful we can all be.

Again, thank you and we look forward to the next Area meeting.

Sincerely,

Rose Corona
President
TEAM RCD

**Elsinore - Murrieta - Anza
Resource Conservation District**

May 23, 2016

Wilson Creek Winery
35960 Rancho California Road
Temecula, CA 92591

Attention: Bill Wilson

Dear Mr. Wilson,

On behalf of the Temecula/Elsinore/Anza/Murrieta Resource Conservation District (TEAM RCD), I would like to thank you for your donation of wine for our Inland Area Meeting of the California Association of Resource Conservation Districts.

The event was a huge success, and the theme of conservation in Temecula's Wine Country was beautifully represented throughout the entire event. We had unprecedented attendance; and thanks to the generous donations of wineries, associations and local businesses, our auction fundraising total was increased more than sixfold over any previous events in any region!

The proceeds of the auction will benefit high school students participating in the local, regional and statewide "Speak Off" competitions. Additional more information on this educational program can be found at <http://www.carcd.org/education1.aspx>.

As a reminder, the Temecula Elsinore Anza Murrieta Resource Conservation District is a "tax exempt" entity under 26 USC Section 170(c)(1) and California Public Resource Code Section 9003. Section 170(c)(1) provides that donations to States and/or political subdivisions are tax-exempt. EIN: 333-0017618

Again, many thanks for your generosity and participation.

Sincerely,

Rose Corona
President
