

AGENDA

AGENDA

Temecula-Elsinore-Anza-Murrieta

Resource Conservation District

Regular Board Meeting

Thursday, October 11, 2018 – 4:00 p.m.

Truax Building

41923 Second Street, Fourth Floor

Temecula, CA 92590

ADDING URGENCY ITEMS TO THE AGENDA:

Items may be added to the Agenda in accordance with section 54954.2(b)(2) of the Government Code (Brown Act), upon a determination by a two-thirds vote of the members of the legislative body present at the meeting, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the Temecula-Elsinore-Anza-Murrieta Resource Conservation District after the agenda was posted.

I. PRELIMINARY FUNCTIONS

Call to Order – Pledge of Allegiance

Roll Call/Establish a Quorum

Approval of Agenda

Public Comment

Any person may address the Board at this time upon any subject not identified on this Agenda but within the jurisdiction of the Temecula-Elsinore-Anza-Murrieta Resource Conservation District. Please note that for items not listed on the agenda, the Brown Act imposes limitations on what the Board may do at this time. The Board may not take action on the item at this meeting. As to matters on the Agenda, persons will be given an opportunity to address the Board when the matter is considered. If you wish to speak during public comment, please fill out a "Speaker Request Form" and give it to the Board Secretary. When the Board President calls your name, please immediately begin by giving your name and address for the record. Each speaker will be given three (3) minutes to address the Board.

II. CONSENT CALENDAR

Consent Calendar items are expected to be routine and non-controversial, to be acted upon by the Board at one time without discussion. All items appearing on the Consent Calendar may be disposed of by a single motion. Items shall be removed from the Consent Calendar if any member of the Board of Directors, staff member, or interested person requests removal prior to a vote on a motion to approve the items. Such items shall be considered separately for action by the Board.

1. Consider approval of Minutes of the Board of Directors Scheduled Meeting of August 2018

I. PRELIMINARY FUNCTIONS

Call to Order, 4:00 p.m., meeting recorded by Rose Corona

Flag Salute

Roll Call/Establish a Quorum

Directors Present: Rose Corona (President); Dave Kuhlman, Stacy Kuhns (Treasurer)

Directors Absent: Judy Gugliemana -Absent; Michael Newcomb –Absent

Associate Directors: Rick Neugebauer-Present,– Randy Feeney – Absent

Office Manager: Absent

District Counsel Absent: Tawny Lieu, Greg Priamos

Natural Resources Conservation District (NRCS) Absent: Bob Hewitt

Guest Speakers: None

Public Guests: Barbara Dalton - Present

Approval of Agenda

President Corona called for a motion to approve the agenda with the following changes: Add action item number four; discussion and review of management report and financials. Add action item number five; discussion to remove Bea Dale as office manager and give authority to the President to interview independent contractors to fill vacancy. Under old business; discussion of potential approval for authorization for the President to sign and implement the MOU with Riverside County Flood Control up to \$500,000.

Director Kuhlman moved and Director Kuhns seconded. Call for vote. **Motion passed unanimously 3-0.**

PUBLIC COMMENT

None

II. CONSENT CALENDAR, III. CORRESPONDENCE & IV. GENERAL INFORMATION

President Corona asked for a motion to approve the Consent Calendar, all Correspondence and General Information.

Director Kuhlman moved. Director Kuhns seconded. Call for vote. **Motion passed unanimously 3-0**

III. ACTION ITEMS/ DISCUSSION CALENDAR

Item :1 Discussion, potential approval of reappointment of Rick Neugebauer as SAWA representative on behalf of the board.

Associate Director Neugebauer spoke about this being a great learning experience, exchanging information from the board meetings and the SAWA, and his enjoyment in serving in this capacity.

President Corona asked for a motion to reappoint Rick Neugebauer as representative to SAWA.

Director Kuhns made the motion to reappoint Rick Neugebauer. Seconded by President Corona. No further discussion. **Motion passed unanimously 3-0**

Item 2 Discussion, and review regarding the extension of audits from three to five years for TEAM RCD; Discussion and potential approval of an accounting firm to perform said audit.

President Corona stated the county auditor controller was not very amenable to the board going five years without and audit even though audits are now costing \$8,000 to \$10,000. President Corona sought out two bids for auditing services from SAWA's accountant and Nigro & Nigro. Nigro & Nigro came back with the lowest bid for \$3,800.

President Corona asked for a motion to approve Nigro & Nigro for auditing services. President Corona made the motion and it was seconded by Director Kuhlman.

There was no further discussion. **Motion passed unanimously 3-0**

Item 3- Discussion and potential approval for SAWA to conduct the annual bio monitoring reports for Benton Channel and Greer Ranch.

President Corona stated that she spoke with Hugh Wood of SAWA and they would be going to take photographs on Benton Channel and Adeline Farms at the end of the month. Rick Neugebauer commented the contract with SAWA is renewable from year to year.

President Corona asked for a motion to approve SAWA to conduct the annual bio monitoring reports for Benton Channel and Greer Ranch. Director Kuhlman moved. Director Kuhns seconded. No further discussion. **Motion passed unanimously 3-0**

Item 4- Discussion of year-end financials management report.

President Corona reported the net income last year was almost \$37,000. Costs have been cut in terms of transcription due to a more reasonable priced company. There are still some outstanding items coming in from water audits and crop swap. Director Kuhns asked who did the MOU regarding the western pond turtle survey and what is the status. President Corona responded Nature's Conservancy did the survey and that is where the money came in through the last quarter. Most of the work was front loaded and audited to the previous year.

Item 5- Discussion and approval to remove Bea Dale as office manager and to give authority to the President to interview independent contractors for the vacancy.

President Corona stated this is straightforward and asked for a motion. Director Kuhlman moved. Director Kuhns seconded. No further discussion. **Motion passed unanimously 3-0**

IV. OLD BUSINESS

Item 1- Discussion and reminder of ethics and harassment training.

President Corona stated there are still board members that need to complete this training so the grant can be finished. No motion necessary.

Item 2- Discussion and potential approval for the President to send a follow up reminder for the funding agreement with FVS Partners.

President Corona stated this reminder letter would highlight signature deadlines for the implementation of an agreement between FVS Partners and TEAM RCD for the conservation easement of Benton Channel. Previous letters sent by President Corona have lacked response. President Corona plans to send a letter with a 30-day notice requesting a response by September 30, 2018. If no response is received by this date then renegotiations will be needed if the property is sold.

Item 3- Update, discussion and potential approval of MOU with Riverside County Flood Control.

President Corona stated there are 11 different sites that flood control wants addressed. SAWA was given a list of those 11 sites rating them from highest to lowest priority. Jeff Brandt selected four including the Helash mitigation site and marked them immediate on the spreadsheet. The light green section of the spreadsheet is what TEAM RCD is dealing with adding on 15% for an administrative fee, permit, and official wildlife fees. TEAM RCD will work as an intermediary between Flood Control and Fish and Wildlife to ensure that the biological staff in the conservation areas is taken care of correctly with the SAWA crew.

President Corona discussed Tualota Creek one and two. A small portion was cut out on Santa Gertudis Creek due to the homeless being there. Flood Control asked if the Santa Gertudis Creek Project could be added to the four sites. President Corona has left a message with Jeff Brandt to discuss this issue and move forward with building confidence with Fish and Wildlife and Flood Control. Flood Control needs an official motion and authorization, with review of District Counsel to do work orders with SAWA up to but not to exceed \$500,000. On another point, the goal is to make a template for monitoring and reporting the homeless to the proper agencies. Every two weeks SAWA will send someone out to monitor and report, back on homeless population.

President Corona asked for a motion to allow the President to sign and implement the MOU with Riverside County Flood Control up to \$500,000. Director Kuhlman moved. Director Kuhns seconded. No further discussion. **Motion passed unanimously 3-0**

Item 4- Discussion and update on Bootstrap Grants.

President Corona stated Catherine is working closely with the Bootstrap grant people. President Corona recommended that Catherine be the Bootstrap Grant Administrator.

President Corona asked for a motion to make Catherine Bootstrap Grant Administrator. Director Kuhns moved. President Corona seconded. No further discussion. **Motion passed unanimously 3-0**

V-NEW BUSINESS

Item 1- Discussion and potential approval to send dues to the National Association of Conservation Districts.

President Corona stated that a donation in any amount would give the board membership, interesting information, and has the potential to give TEAM RCD a voice in more federal legislative issues and national exposure.

President Corona made a motion to donate \$100 to the NACD. Director Kuhns seconded. No further discussion. **Motion passed unanimously 3-0**

VI ORAL/WRITTEN REPORTS

1.NRCS- Bob Hewitt- was absent. No report.

2. SAWA - Rick Neugebauer reports a new Executive Director Brian Brady at SAWA.

2.TEAM RCD – DIRECTOR REPORTS

None

Dave Kuhlman-no report

Mike Newcomb-absent

Stacy Kuhns- no report

Judy Gugliemana- absent

Randy Feeney- absent

VII.ADJOURNMENT

With no further business, President Corona asked for a motion to adjourn the meeting. Director Kuhlman made the motion. Director Kuhns seconded. Motion passed unanimously 3-0. Meeting adjourned at 4:37 pm

National Association of Conservation Districts

Dear District Officials,

Attached is your final invoice for NACD's 2018 Fiscal Year. Now is the time to make a membership dues payment to show support for your national association. Your support ensures NACD can continue to represent districts' priorities in federal policy making, work to secure funding for conservation programs and districts, and provide tools and guides to help districts accomplish their missions.

Advocacy Success

SAM/DUNS Removal – For several years, removing the System for Award Management (SAM)/Data Universal Numbers System (DUNS) requirements has been a top priority for NACD and districts. The lifting of these burdensome reporting requirements for landowners and operators is a huge success for the future of conservation delivery.

NRCS Hiring Freeze Lifted – For months NACD has advocated on the importance of funding Natural Resources Conservation Service (NRCS) positions in field offices across the country. By ensuring adequate staff are in place to get conservation on the ground, conservation districts are better equipped to support the nation's ability to produce food, fuel and fiber as well as protect our valuable soil and water resources for future generations.

Resources for Districts

District Funding – NACD, in partnership with NRCS, awarded \$9 million in Technical Assistance funding. These awards will provide for more than 200 positions to deliver technical assistance to landowners in 45 states and territories, including islands that were affected by last summer's devastating hurricanes.

Promotional Videos – Looking for a new way to promote your district and tell your community what you do? NACD premiered three promotional videos earlier this year ranging from 30 seconds to two minutes. These videos are FREE for district use and showcase all the resources conservation districts provide people across the country, just visit <http://www.nacdnet.org/newsroom/nacd-promotional-videos/>.

NACD App – Last year, NACD began working on a mobile application to increase members communication user experience. The app was released in January and became fully functional over the past few weeks. The app enables our team to send push notifications regarding NACD updates such as press releases, blogs and important legislative actions. The app will also provide members with real time information during NACD gathering, meetings, etc. The app mirrors our website in a mobile friendly format to give members access to resources needed while on-the-go.

Dear Temecula-Elsinore-Anza-Murrieta RCD,

Thank you for showing your support of NACD! Your payment of \$100.00 has been processed.

Don't forget to take advantage of your member benefits!

- Members Section of the website – here you'll find a variety of resources for districts such as district guides, reports, webinars, etc. Be sure to check back often as we're constantly adding new materials!

Please use the following link to create a login and access your member benefits:

https://nacdn.net.z2systems.com/np/clients/nacdn.net/setLogin.jsp?secureId=2s7-uhJiKhmYj3HA64DyQLYf98AjprtJtqRTntP68nF19nkgi1Wi2bKZ_qBtTCHM&

Interested in more benefits? You can upgrade your membership at any time. The following benefits are available.

Gold Level: \$775 - \$1,775

- 10% off a single purchase of \$100 or more from the NACD Marketplace (excluding sale/clearance items)

Diamond Level: \$1,776 – \$3,000

- 2nd registration half price to NACD Annual Meeting
- 1 invitation to NACD President's Reception at NACD Annual Meeting
- 15% off a single purchase of \$100 or more from the NACD Marketplace (excluding sale/clearance items)

Platinum Level: \$3,001

- 2nd registration free to NACD Annual Meeting
- 2 invitations to the NACD President's Reception at NACD Annual Meeting
- 20% off a single purchase of \$100 or more from the NACD Marketplace (excluding sale/clearance items)

Thanks again for your support. Feel free to [contact](#) us with any questions or comments!

Sincerely,

NACD

August 31, 2018

To the Board of Director

Temecula-Elsinore-Anza-Murrieta Resource Conservation District
P.O Box 2078
Temecula, CA 92593

We are engaged to audit the financial statements of the governmental activities of Temecula-Elsinore-Anza-Murrieta Resource Conservation District for the years ended June 30, 2018. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and Government Auditing Standards

As stated in our engagement letter dated July 26, 2018, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we will consider the internal control of Temecula-Elsinore-Anza-Murrieta Resource Conservation District. Such considerations are solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will also perform tests of Temecula-Elsinore-Anza-Murrieta Resource Conservation District's compliance with certain provisions of laws, regulations, contracts, and grants. However, providing an opinion on compliance with those provisions is not an objective of our audit.

Planned Scope and Timing of the Audit

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

We expect to begin our audit in September 6, 2018 and issue our report no later than December 15, 2018. Jeff Nigro is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

Jeff Nigro, CPA, CFE | Elizabeth Nigro, CPA | Kevin Brejnak, CPA, CFE | CJ Gaunder Singh, CPA
Peter Glenn, CPA | Michael Klein, CPA, CMA, EA

THESE ARTICLES ARE NOT INDICATIVE OF NACD POLICY AND ARE THE OPINIONS OF THEIR AUTHORS, UNLESS OTHERWISE NOTED. IF YOU HAVE A RELEVANT SUBMISSION OR NEED ASSISTANCE WITH ACCESSING ARTICLES, PLEASE CONTACT NACD COMMUNICATIONS MANAGER SARA KANGAS [\[3\]](#).

AGRI-PULSE: Senate names nine farm bill negotiators, including GOP leader [\[4\]](#)
By Philip Brasher
08/01/18

The Senate's nine farm bill negotiators include Majority Leader Mitch McConnell, who wants the legislation finalized next month.

WASHINGTON EXAMINER: Senate passes \$150B 'minibus' spending bill with increases for EPA [\[5\]](#)
By John Siciliano
08/01/18

The Senate passed a "minibus" spending bill on Wednesday that would increase spending for the Environmental Protection Agency and Interior Department above the president's requested levels.

IDAHO POLITICS WEEKLY: Guest opinion: Ranching provides public lands stewardship needed in Idaho & the West [\[6\]](#)
By Lt. Gov. Brad Little
07/29/18

(Opinion) Unlike government administrators, who are only there for a few years, ranchers have been on the land for generations. Ranchers are responsible in the successful management of our public lands, but if they are regulated off, our country loses the most effective and efficient public lands managers, and the private inholdings will likely be sold for development.

DAILY NEWS: Wildfires scorching homes, land and California's budget [\[7\]](#)
08/02/18

Just a month into the budget year, California has already spent more than one-quarter of its annual fire budget, at least \$125 million.

FEDGAZETTE: Conservation Reserve Program seeing steep decline [\[8\]](#)
By Ronald A. Wirtz
08/02/18

With persistently low crop prices in recent years, farmers across the country are looking for help in the new farm bill currently being debated in Congress. Among the many federal programs in play, some are hoping the farm bill reverses a decade-long decline in the Conservation Reserve Program (CRP).

THE COLUMBUS DISPATCH: Getting conservation on the ground [\[9\]](#)
By Jane Houin
07/28/18

The concept of soil and water conservation is a broad one, and it's handled differently by soil and water conservation district across the country and even across Ohio. There is no one-size-fits-all conservation program.

SCIENTIFIC AMERICAN: Navigating a Sea of Superlatives in Pursuit of the Asian Carp [\[10\]](#)
By Tyler J. Kelley
08/02/18

The only thing all sides seem to agree on is that they should not get into Lake Michigan-- but how much prevention is enough, at what cost, and whether the fish would even be able to live in the lake--all of these questions remain up for debate.

MSN: Record 'Red Tide' Of Toxic Algae Is Killing Wildlife In Florida [\[11\]](#)
By Nina Golgowski
08/02/18

Toxic algae bloom sweeping Florida's southwest coast is being described as the worst in more than a decade, with the so-called red tide blanketing beaches in dead fish and killing sharks, manatees and endangered sea turtles.

BAKER CITY HERALD: Forest plans worry ranchers [\[12\]](#)

By Casey Crowley
07/28/18

Carrie Matthews of Baker City is concerned about guidelines in the plans for the Wallowa-Whitman, Umatilla and Malheur national forests that call for restricting cattle grazing in areas near wolf dens or where wolves are known to "rendezvous." Matthews said local ranchers have had their federal grazing allotments closed due to technicalities, and she fears the wolf language in the new plans will have the same effect.

 TRIBUNE: Federal agency pauses tree-removal plan to help sage

grouse [13]
By Keith Ridler
08/01/18

The federal government on Wednesday put on hold one of the largest-ever projects to remove juniper trees to help an imperiled species after an appeal by an environmental group seeking to halt the plan.

TIMES HERALD-RECORD: Mount Academy wins NCF-Envirothon competition [14]
08/02/18

On July 27, the Mount Academy team from Esopus won the 2018 National Conservation Foundation (NCF)-Envirothon, an international environmental education competition for high schoolers conducted by the NCF and supported by the National Association of Conservation Districts (NACD).

Subject **[CARCD Updates] Weekly Digest, July 30 – Aug. 3**
From Kristen Murphy <carcd@memberclicks-mail.net>
Sender <carcd@memberclicks-mail.net>
To <manager@teamrkd.org>
Reply-To <kristen-murphy@carcd.org>
Date 2018-08-06 10:12

Good afternoon,

In service to all RCDs throughout the state, the CARCD team is always on the look-out for events, funding opportunities, and any other resources that could be relevant to the important work that you do in your communities. Please see below for this week's digest of announcements.

If you have questions about any of the content listed below, please don't hesitate to contact us.

Thank you and Happy Friday!

CARCD Updates

- **CARCD is seeking a conservation professional to implement and manage our Forest Health Program and Regional Conservation Partnership Program agreement.** The position will implement and coordinate funding for forest health, work with partners to coordinate resources, document success, and seek additional resources. The ideal candidate will have a working knowledge of forest health, experience with RCDs and/or local conservation, and program management experience. In addition, the ideal candidate will be able to communicate and coordinate well with a diverse set of partners, work independently and as a team, be detail oriented, and be able to communicate both to groups and in one on one settings. Please see the complete job announcement on our website for more details. Applications are due by August 10th.
- **Registration is open for the RCD Board Leadership Boot Camp taking place in Oakhurst, CA from September 7-8!** Directors from all over the state are encouraged to attend. This is a rare opportunity to participate in a program designed to meet the specific needs of RCD leaders. In this training directors will build the confidence that it takes to be successful in the unique work environment of an RCD and meet other RCD directors doing the same kinds of work. Please let your colleagues know about this opportunity and help us spread the word!
- **Has your RCD published any resources in recent years that you would like us to share publicly on our website?** CARCD's new website is scheduled to launch later this summer and there will be a section dedicated to hosting resources that RCDs have created, whether on their own or in collaboration with partners. The content can be about any topics that would be relevant to a public audience, and can be in the form of reports, guidebooks, manuals, field guides, or fact sheets. If you have resources in mind, please send the file(s) or a link to the file(s) to me at sara-schremmer@carcd.org.

RCD News

- **The Amador Resource Conservation District (RCD) and the Sierra Nevada Conservancy (SNC) are hosting a grant writing workshop, presented by Elissa Brown of the SNC.** The 2 day workshop is August 16-17, 2018 in Jackson. The cost for the workshop is \$25 person/ and limited to 15 participants. They still have several openings, so reserve a space ASAP if you or anyone in your organization is interested. Please respond to Gordon Long if you would like to reserve a space. Then, please send a check to Amador RCD, 12200- Airport Road, Jackson, CA 95642.
- If your RCD has job openings, community events, or announcements that you would like to share with the RCD network, please e-mail me at sara-schremmer@carcd.org with the details so that we can include them in an upcoming Weekly Digest.

Conservation News

- **NRCS has extended the nomination period for their 2018 Excellence in Conservation Planning Awards to August 15, and they are especially in need of nominations for Categories 2 and 3 (see below)! Do you work with someone who provides outstanding conservation planning assistance? Here's your chance to give them a pat on the back. The three award categories are: 1. Individual Award in Conservation Planning, 2. Innovation Award in Conservation Planning, and 3. Team-Partnership Award in Conservation Planning. The winners will be announced at the 73rd annual California Association of Resource Conservation Districts (CARCD) conference to be held on Nov. 14-17, 2018, in San Diego.**
- **CDFA has released draft Requests for Grant Applications for their Healthy Soils Incentives and Demonstration Programs, and State Water Efficiency and Enhancement Program (SWEEP) and are seeking public comment through September 12th. CARCD will provide written comments and continue to offer public commentary at in-person meetings. CARCD is looking for direct feedback from RCDs' personal experiences with these programs as well as remarks on the draft requests linked here. RCDs are also able to write their own letter with comments to CDFA and attend the listening sessions hosted in Fresno, Oroville, and El Centro (dates and addresses on the SWEEP link). Please submit comments to Kristen Murphy by September 1st.**

Hi RCDs,

Check out this new amazing opportunity from NRCS! Click on the link below to find the full announcement as well as sample documents. Please note that the contract will require outreach to be conducted in 2 or more NRCS areas and although it is due August 31st, it is first come first serve.

CARCD is very interested in being involved with outreach of this nature. We are interested in filling gaps and/or working collaboratively with the RCDs to make the biggest impact. We want to know what you all think – **Please fill out this brief 5 question survey** so we can learn what your intentions are and how we can best support you and historically underserved farmers.

Thanks,

Kristen Murphy

Project Coordinator
California Association of Resource Conservation Districts (CARCD)

Dear NRCS California

I want to draw your attention to a brand new opportunity for our partners at RCDs and non-profits.

We are advertising competitive contribution agreement opportunities. We are making available \$260,000 for the next three years to do Outreach to four types of potential customers: 1) Asian Pacific Islander farmers; 2) Black farmers; 3) Women farmers; and 4) Veteran farmers.

Applicants can apply to do outreach for one, two, three or all four groups. It is required that applicants plan work in at least two of the four NRCS California administrative areas. A map showing these Areas are included with the application.

Applications are due Aug. 31. The NRCS Point of Contact is Christine Chavez.

There will be an informational teleconference for interested parties on Aug. 15.

We hope you will share this information with those you think would be interested and capable of helping us with this exciting, new outreach approach.

NACD, NWTF SIGN COOPERATIVE AGREEMENT

On Monday, Aug. 6, NACD President **Brent Van Dyke** and National Wild Turkey Federation (NWTF) Vice President of Conservation **Ross Melinchuk** signed a [memorandum of understanding](#) (MOU) during the 2018 Summer Conservation Forum and Tour and Southeast Region Meeting in Williamsburg, Va.

The MOU between NACD and NWTF establishes an agreement to enhance the productivity of wild turkey and other wildlife habitats on private lands. Additionally, the agreement signifies the commitment both organizations share to collaborate on future engagements and events. Activities include wild turkey and habitat conservation projects, delivering education materials, habitat restoration, and

developing habitat enhancement techniques.

"You can't have a healthy turkey population without healthy forests," **Van Dyke said.** "Today's signed agreement demonstrates the commitment both NACD and NWTF share in enhancing our natural resources, particularly through increasing forest health. This agreement provides both entities with the unique ability to promote and implement conservation practices at the local level."

NACD and NWTF have worked together through a number of national efforts, including the Forests in the Farm Bill coalition. Additionally, both organizations have collaborated in several states across the country to staff wildlife biologists and other positions that otherwise would go unfilled. Through common partners like the Natural Resources Conservation Service (NRCS) and state forestry agencies, NACD and NWTF are addressing resource concerns and delivering conservation programs to enhance and conserve natural resources.

NRCS ANNOUNCES CHESAPEAKE BAY TECHNICAL ASSISTANCE FUNDING OPPORTUNITY

During his keynote speech at the Aug. 6 conservation forum, **USDA Under Secretary for Farm Production and Conservation Bill Northey** announced a three-year action plan by the Natural Resources Conservation Service (NRCS) to help agricultural producers improve the health of the Chesapeake Bay watershed.

assistance.

Southeast Region honors leaders

On Monday, Aug. 6, the Southeast Region inducted 10 new leaders to the Southeast Hall of Fame during the 2018 Conservation Hall of Fame Luncheon.

The Hall of Fame recognizes individuals from the nine-state, two-territory region who have made significant contributions to soil and water conservation to help ensure the proper management of our nation's natural resources. Each state and territory may nominate one individual for the award each year. This year's inductees are:

Alabama – **Jack Newell Wadsworth**

Georgia – **Larry Jeff Eley, Sr.**

The [Chesapeake Bay Watershed Action Plan](#) aims to improve water quality on 920,000 acres, soil health on 700,000 acres and fish and wildlife habitat on 120,000 acres.

In a [press release published](#) on Tuesday, Aug. 7, NACD applauded NRCS' recommitment to help producers implement improvements on their land through locally-led conservation practices and programs.

"Conservation districts located throughout the Chesapeake Bay watershed have been working toward a full cleanup of the bay by 2025," **NACD President Brent Van Dyke said.** "Through conservation practices, including nutrient and sediment runoff reduction, farmers are taking voluntary steps to advance the recovery of the largest estuary in the country. The environmental gains the bay area has achieved are a testament to their efforts, and we applaud this administration's commitment to support conservation districts in their efforts to improve water quality and natural resources for the watershed."

As part of this plan, NRCS is issuing [competitive cooperative agreements](#), which will fund projects in Maryland, New York and Pennsylvania. Applications are due September 1.

NACD, VASWCD CONCLUDE SUMMER MEETING WITH CONSERVATION TOURS

After a week of networking, education and inspiration, NACD and the Virginia Association of

(accepted by John Redding on the family's behalf)

Kentucky – **John Denton**

Mississippi – **Nell Hughes**

North Carolina – **Dick Fowler**

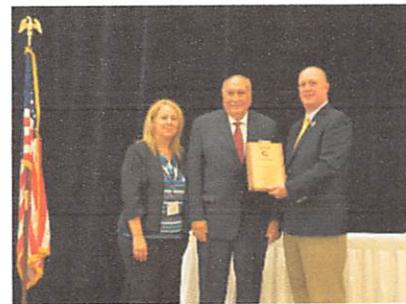

South Carolina – **William Simpson, III**

Soil and Water Conservation Districts (VASWCD) concluded the 2018 Summer Conservation Forum and Tour and Southeast Region Meeting Tuesday afternoon with four tours.

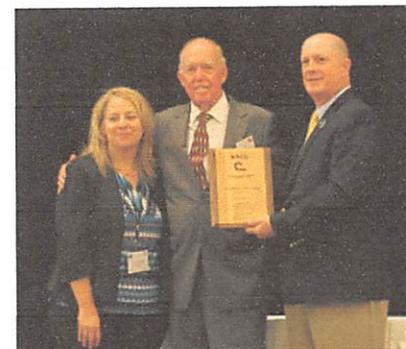

Meeting-goers had the opportunity to pick between four tour tracks: agriculture; coastal and urban; forestry and education; and historical. Attendees visited important sites across the region, including historic Jamestown, the first successful English colony in North America. Throughout the meeting, organizers and meeting participants alike have celebrated the historical leadership exhibited in Williamsburg both by our nation's settlers and founding fathers.

Puerto Rico – Jose B "J.B." Ramirez Tio

Tennessee – Barry Lake

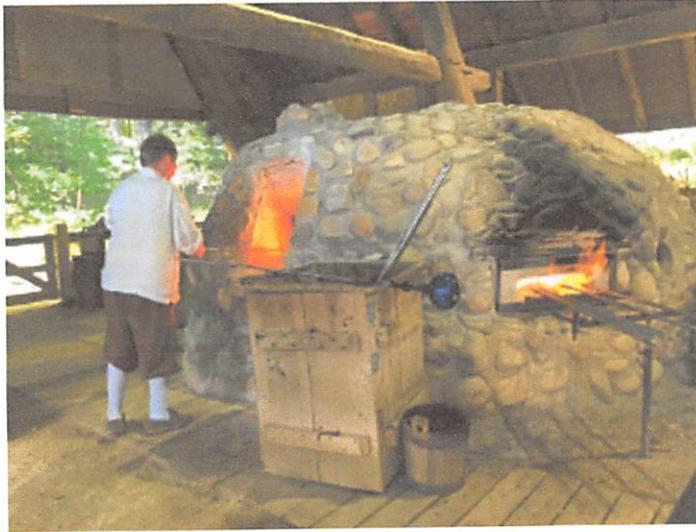

Virgin Islands – Hans Lawaetz

Virginia – Joseph H. Maroon

Tour attendees visited Upper Shirley Vineyards and Renwood Fields in Charles City, Va., home to the world record holder for corn yield. Participants also visited The Watermen's Museum and The Virginia Institute of Marine Science to learn more about marshlands and the Chesapeake Bay watershed's importance to the region and the New Kent Forestry Center to learn about one of Virginia's most significant industries.

Meeting-goers on the historical tour visited historic Jamestown, established in 1607, where they had the opportunity to learn about archaeological investigations conducted by the National Park Service and see a period-authentic glassblowing demonstration.

NACD and VASWCD extend their thanks to the conservation forum speakers, concurrent session moderators and presenters and meeting attendees for their contributions and leadership this week. NACD additionally would like to thank VASWCD for their role in hosting this successful 2018 Conservation Forum and Tour and Southeast Region Meeting. The 2019 NACD Southeast Region Meeting will be held in Gatlinburg, Tenn.

Subject **CAPCA Nitrogen Management Update Meeting**
From <Frep@cdfa.ca.gov>
Date 2018-08-08 10:31

CALIFORNIA DEPARTMENT OF
FOOD & AGRICULTURE

The California Department of Food and Agriculture's (CDFA) Fertilizer Research and Education Program (FREP) has teamed up with the California Association of Pest Control Advisers (CAPCA) and the Western Region Certified Crop Adviser Board (WRCCA) to host a nitrogen management update meeting on October 13, 2018, open to all agricultural professionals. The meeting will be held in conjunction with the 44th Annual CAPCA Conference and Agri-Expo at the Disneyland Resort in Anaheim. Registration for the CAPCA Conference and Argi-Expo is not required to participate in the update meeting.

For more information on the agenda and registration please see the latest FREP blog post at: <http://blogs.cdfa.ca.gov/FREP/?p=839>

We hope to see you there,

Subject **August River Voices: Citizen Science + A Wild and Scenic Win for Montana**
From Radha Marcum, River Network <info@rivernetwork.org>
To <rose.corona@teamrcd.org>
Date 2018-08-08 02:02

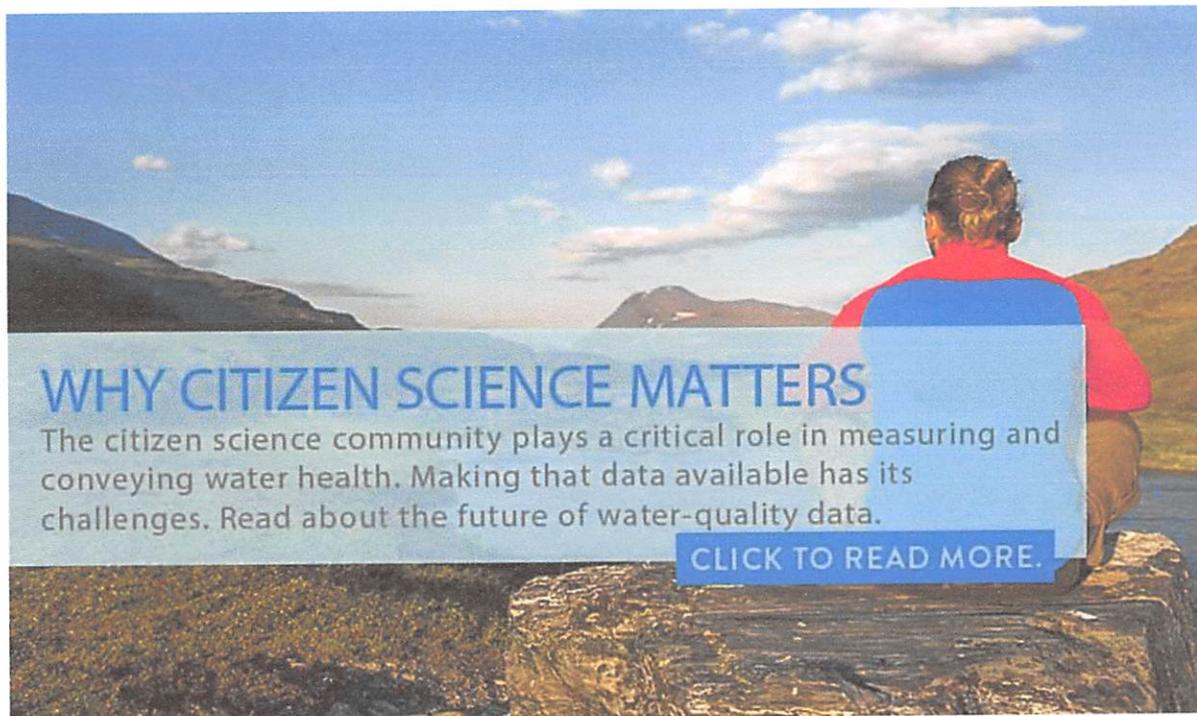

The future of water monitoring data, a Wild and Scenic win in Montana, new webinars, and more.

[View this email in your browser.](#)
[View the full July 2018 Issue on our website.](#)

RIVER VOICES

AUGUST 2018 ISSUE

World Water Monitoring Day (now known as [EarthEcho Water Challenge](#)) is coming up on September 18th and droves of citizen scientists across the globe

will head out to local waters to gain a snapshot of their water quality. You may be one of the thousands of staff, volunteers, students, or researchers across the country who participate in World Water Monitoring Day or regularly monitor local streams, rivers, lakes, docks, or beaches. The citizen science community plays a critical role in measuring and conveying water-health data to the public and agency administrators, but making data available has challenges. New technologies exist to help overcome those challenges. [Here's what we see in the future of water quality data.](#)

Meet Our Team

Meet [Adam Griggs](#), River Network's Science Manager. Adam helps River Network's members build their scientific and technical capacity to be effective advocates, stewards, and managers of flowing freshwater everywhere. [Read more about Adam's work.](#)

Rally 2019: Submit a Proposal

Do you have a proven approach or innovation that could help achieve healthy rivers and engage communities in solving water problems? The call for workshop proposals is now open for River Rally 2019 (June 21-24, Cleveland, OH). [Read the guidelines and submit a workshop proposal here.](#)

Wild & Scenic Success: East Rosebud Creek

On August 2nd, Montana won its first Wild and Scenic Rivers designation since 1976. The key to success? Addressing community concerns at the kitchen table. Learn what it took to gain public buy-in—and how to **build support to protect your river.**

Join Now: Working With Water Utilities Group

Interested in building relationships with wastewater treatment utilities? River Network is looking for a few volunteers for a working group with us and the National Association of Clean Water Agencies. The group will help identify specific opportunities for river groups and utilities to work together. Contact Katherine Baer at kbaer@rivernetwork.org by 9/1 if interested.

Make Connections: Share the Water Protectors Map

Did you know that you can share or embed our **Water Protectors Map** into your communications or website? Grow support for water work in your community with this map! Whether you're one of the 6,000+ water organizations or a concerned citizen, you can help your community get involved. **Learn how.**

Upcoming Webinars & Events

Join us for these and more! [See Events & Learning opportunities on our website.](#)

Parks with Purpose

September 6, 1:00–2:00 pm EST.

Join the Parks with Purpose program, The Conservation Fund, and partner organizations to learn about green infrastructure. If you are an urban waters practitioner working at the intersection of stormwater management and community engagement, this webinar is for you. Free. [Register here.](#)

Water Trails 101

September 11, 2:00-3:00 pm EST.

Join the National Water Trails Learning Network to explore phases of water trail development, discuss challenges and successes, and see a case study of a successful national water trail. The webinar will provide tools and water trail best management practices. Free. [Sign up.](#)

Cool Fixes for Hot Cities

September 12, 2:00-3:30 pm EST.

EPA's Cool Fixes for Hot Cities webcast series will cover Los Angeles' Cool Streets pilot project and other heat island reduction measures. The innovative pilot is in progress on 15 blocks throughout the city and is already generating benefits. Free. [Register.](#)

Communicating the State of Your River

September 18, 2:00–3:15 pm EST.

This webinar will present two different approaches to clearly communicate the state of your river and basin with various stakeholders including recreational users: basin report cards and the Swim Guide. Free. [Register here.](#)

Donations Doubled for 30th Anniversary!

In honor of River Network's 30th Anniversary, gifts up to \$10,000 will be matched by a generous supporter. All donations, of any amount, help us expand the network and grow the tools, training, and resources we provide to our members. If you or someone you know would like to contribute toward the 30th Anniversary match, [please donate here.](#)

Planning a Restoration Project? Get Funded

Are you planning, designing, or implementing on-the-ground restoration projects that will restore river flows and/or recharge ground water? Would you like the opportunity to share your projects with businesses who may be interested in providing support for your projects? If the answer is "Yes!" be sure to check out the [Business for Water Stewardship Project Bank](#), a new opportunity for [paid members](#) of River Network to use a national platform to attract funding.

Adams on Agriculture: NACD President Brent Van Dyke discusses conservation efforts for the Chesapeake Bay Watershed

By Mike Adams
08/08/18

Van Dyke discusses the announcement the Natural Resources Conservation Service (NRCS) made at the organization's summer meeting regarding a conservation action plan to clean up the Chesapeake Bay Watershed.

The Barn: Inside the NACD w/ Second VP Michael Crowder

By Brian Allmer
08/09/18

This month's interview with the National Association of Conservation Districts, Second Vice-President Michael Crowder discusses several issues pertinent to agriculture, conservation and to NACD, including the MOU between NACD and the National Wild Turkey Federation (NWTf), the 2018 Summer Conservation Forum and Tour Recap in Williamsburg, Va., the Chesapeake Bay Action Plan, and the 2018 Farm Bill.

NACD Blog: Nebraska's Shell Creek Watershed Makes History for Successful Water Clean-Up Efforts

By Erika Hill and Desirae TePoel

Thanks to a comprehensive watershed management plan, Shell Creek's water, fish, frogs and other aquatic life are now the healthiest they've been in decades. In June of 2018, the watershed made history as the first stream to be delisted from the EPA's 'Impaired Waters' list.

Feedstuffs: NRCS unveils conservation strategy for Chesapeake Bay

08/06/18

The U.S. Department of Agriculture released a comprehensive, three-year action plan that outlines its priorities and goals for using current and future farm bill conservation programs to help agricultural producers improve the water quality and overall health of the Chesapeake Bay watershed. Under Secretary Bill Northey made this announcement from the National Association of Conservation Districts' summer meeting in Williamsburg, Va.

The Washington Post: A record 'you don't want to see': Mendocino Complex fire has become California's best ever

By Kristine Phillips, Sarah Kaplan and Keith McMillan
08/07/18

The twin wildfires, collectively known as the Mendocino Complex Fire, have together more than doubled in size in the past four days and burned through 290,692 acres, or 454 square miles, of parched land — an area almost the size of Los Angeles.

Agri-Pulse: USDA says Economic Research Service, NIFA moving out of DC

By Daniel Enoch
08/09/18

Hundreds of USDA workers will have to move outside the Washington, D.C., area as part of a reorganization plan. The plan would move the Economic Research Service, now under the department's Research, Education and Economics mission area, to the Office of the Chief Economist, under the Office of the Secretary. The National Institute of Food and Agriculture also would be relocated, although new locations for both offices have not been determined.

The Baltimore Sun: Pennsylvania officials admit their state is behind in curbing Chesapeake pollution

By Scott Dance
08/07/18

Pennsylvania officials on Tuesday conceded to Maryland Gov. Larry Hogan and other state leaders in the Chesapeake Bay watershed that the commonwealth has not done its part to reduce pollution washing into waterways.

The Hill: Farm bill must tackle forest management and wildfires

By Tom Martin
08/07/18

(Opinion) Forest owners are renowned for putting sweat equity and resources into keeping their land healthy, but the farm bill offers a number of programs and policies that lend a helping hand, remove barriers, and provide tools for family forest owners. This bill has become even more critical as our forest challenges — wildfire, drought, insects, as well as the rising costs of forest management — continue to grow.

The Week: How to keep young people from fleeing small towns for big cities

By Gracy Olmstead
08/06/18

(Opinion) The Midwest needs politicians who see its needs and recognize the fact that it cannot and should not be left to stagnate. They must begin discussing strategies — economic, cultural and political — that might entice the children and grandchildren of those voters to stay put, and begin rebuilding their homeland.

Reuters: Trump administration faces lawsuit over pesticides in wildlife refuges

08/08/18

Conservationists on Wednesday notified the Trump administration that they would sue over its reversal of a 2014 decision prohibiting bee-killing pesticides and genetically modified crops on U.S. wildlife refuges.

Miami Herald: Dead fish, birds, manatees, even a whale shark. Toll from worst red tide in decade grows.

By Jenny Staletovich
07/31/18

Sanibel Mayor Kevin Ruane blamed the tide on a perfect storm of coastal pollution and a hot Gulf ignited by flushing nutrient-laden water from Lake Okeechobee.

AP News: \$4.3M fund to support Delaware River watershed conservation

08/07/18

The U.S. Fish and Wildlife Service and the National Fish and Wildlife Foundation are launching a \$4.3 million fund to support conservation efforts in the Delaware River watershed. The fund will support work across the

13,539-square-mile watershed: from the Delaware Bay's beaches and tidal salt marshes to farms, cities and towns in Delaware, Pennsylvania and New Jersey and rivers and streams of New York.

NPR: The Arid West Moves East, With Big Implications For Agriculture

By Joe Wertz

08/09/18

The American West appears to be moving east. New research shows the line on the map that divides the North American continent into arid Western regions and humid Eastern regions is shifting, with profound implications for American agriculture.

Subject **[CARCD Updates] Weekly Digest, Aug. 6 - 10**
From Sara Schremmer <carcd@memberclicks-mail.net>
Sender <carcd@memberclicks-mail.net>
To <manager@teamrcd.org>
Reply-To <sara-schremmer@carcd.org>
Date 2018-08-10 15:47

Good afternoon,

In service to all RCDs throughout the state, the CARCD team is always on the look-out for events, funding opportunities, and any other resources that could be relevant to the important work that you do in your communities. Please see below for this week's digest of announcements.

If you have questions about any of the content listed below, please don't hesitate to contact us.

Thank you and Happy Friday!

CARCD Updates

- **Registration for the RCD Board Leadership Boot Camp closes on Wednesday, August 22!** The retreat will take place at the ECCO Conference Center in Oakhurst, CA from September 7-8. Directors from all over the state are encouraged to attend. This is a rare opportunity to participate in a program designed to meet the specific needs of RCD leaders. In this training directors will build the confidence that it takes to be successful in the unique work environment of an RCD and meet other RCD directors doing the same kinds of work. Please let your colleagues know about this opportunity and help us spread the word! **This will be the final RCD Board Leadership Boot Camp hosted through our current capacity building funding.**
- **Has your RCD published any resources in recent years that you would like us to share publicly on our website?** CARCD's new website is scheduled to launch later this summer and there will be a section dedicated to hosting resources that RCDs have created, whether on their own or in collaboration with partners. The content can be about any topics that would be relevant to a public audience, and can be in the form of reports, guidebooks, manuals, field guides, or fact sheets. If you have resources in mind, please send the file(s) or a link to the file(s) to me at sara-schremmer@carcd.org.

Funding Opportunities

- **CARCD will host a call regarding the NRCS Outreach for Underserved Producers competitive contribution agreements on Thursday August 16th at 12pm. Our conference line is (641) 715-3273, Access Code: 87922.** Due to the agreement mandate that 2 or more NRCS Areas must be served by each awardee, CARCD would like to apply for the full amount and distribute funds directly to the RCDs on a per-project basis to ensure the deliverables are met and that our network can provide outreach around the state. Also, thank you to those of you who already filled out the survey indicating your interest in this funding!
- **The River Parkways grant program has been refunded with Proposition 68 dollars!** Concept proposals for this first round of funding will be due September 27, 2018. Technical Assistance Workshops are scheduled for August 14 (Sacramento or webcast) and August 16 (Azusa). The purpose of this program is to support the acquisition, restoration, protection, and development of river parkways. Projects must involve natural creeks, streams, and/or rivers, even if they flow only during the rainy season, or channelized or culverted creeks, streams, and/or rivers. Projects must provide public access or be a component of a larger parkway plan that provides public access. There is no minimum or maximum grant amount and no match required, though projects that leverage funding are more competitive. If your RCD is interested in applying, please consider participating in one of the upcoming workshops (see the program website for details).

- **Proposals are now being accepted by the California Department of Fish and Wildlife, Office of Spill Prevention and Response (CDFW-OSPR) for a competitive grant from the Environmental Enhancement Fund.** Note that this grant is no longer restricted to projects near marine waters, but applies to projects near waters of the state, which is a much broader geographic area. The objective of this grant program is to award grants to entities including RCDs for enhancement projects located within or immediately adjacent to waters of the state. An enhancement project is a project that acquires habitat for preservation, or improves habitat quality and ecosystem function above baseline conditions, and that meets all of the following requirements: 1) Is located within or immediately adjacent to waters of the state; 2) Has measurable outcomes within a predetermined timeframe, and 3) Is designed to acquire, restore, or improve habitat or restore ecosystem function, or both, to benefit fish and wildlife. Proposals must be received by 5pm on November 16, 2018 and must be submitted on the EEF Grant Application Form.

RCD News

- **Save the Date! The San Joaquin Valley regional fall meeting will be held on Friday, October 19.** The meeting will be hosted by the Excelsior-Kings River RCD at 680 Campus Drive in Hanford, CA. We look forward to seeing you there!
- **Alameda County RCD is seeking a Biological Intern local to the San Francisco Bay Area to support projects at both ACRC and the San Francisco Public Utilities Commission.** Interested candidates can apply through the Student Conservation Association (SCA: PO-00725568). Applications should be submitted by August 25th, 2018 to be included in the first review during the last week of August.
- **The Amador Resource Conservation District (RCD) and the Sierra Nevada Conservancy (SNC) are hosting a grant writing workshop, presented by Elissa Brown of the SNC.** The 2 day workshop is August 16-17, 2018 in Jackson. The cost for the workshop is \$25 person/ and limited to 15 participants. They still have several openings, so reserve a space ASAP if you or anyone in your organization is interested. Please respond to Gordon Long if you would like to reserve a space. Then, please send a check to Amador RCD, 12200- Airport Road, Jackson, CA 95642.
- **For the first time in a number of years the SoCal Baja Region is going to participate in this year's CARCD Speak-Off competition!** In an effort to democratize the process and make it easier for ALL SoCal Baja members to participate, they are piloting a new video submission format. Check out this fun YouTube video they created to generate excitement and get the word out! If your RCD is located in the SoCal Baja region and you'd like additional information about how to get involved, please contact Chris Foran from the RCD of Greater San Diego County.
- If your RCD has job openings, community events, or announcements that you would like to share with the RCD network, please e-mail me at sara-schremmer@carcd.org with the details so that we can include them in an upcoming Weekly Digest.

Conservation News

- **NRCS has extended the nomination period for their 2018 Excellence in Conservation Planning Awards to August 15, and they are especially in need of nominations for Categories 2 and 3 (see below)!** Do you work with someone who provides outstanding conservation planning assistance? Here's your chance to give them a pat on the back. The three award categories are: 1. Individual Award in Conservation Planning, 2. Innovation Award in Conservation Planning, and 3. Team-Partnership Award in Conservation Planning. The winners will be announced at the 73rd annual California Association of Resource Conservation Districts (CARCD) conference to be held on Nov. 14-17, 2018, in San Diego.
- **The Department of Conservation would like to invite you to attend their Global Climate Action Summit Affiliated Event: Managing Lands in a Changing Climate to Improve Agricultural Resilience, Food Security, and Health.** The symposium will be held on September 10, 2018 from 9AM-7PM at the UC Davis Mondavi Center. If you do not live near Davis, take a look at the Global Climate Action Summit's Affiliate Events page to search for an event closer to you!

- **The Department of Water Resources is hosting a public workshop on Thursday, August 30 from 1:30-4:30pm on Flood-MAR, an emerging water management strategy that could significantly improve water resources sustainability throughout the state.** Flood-MAR is an integrated and voluntary resource management strategy that uses flood water resulting from, or in anticipation of, rainfall or snow melt for managed aquifer recharge (MAR) on agricultural lands and working landscapes, including but not limited to refuges, floodplains, and flood bypasses. The workshop includes online or in-room participation options. The in-room option will take place in the Hearing Room at the Bonderson Building (901 P Street) in Sacramento. You can [register online](#) and [view the agenda here](#).
- **The Alameda County, California Office of Sustainability has released a new tool that could be useful to RCDs entitled *Climate Change Adaptation Workshops: A Planning Guide for Local Government Staff*.** The purpose of the guide is to support public agencies to begin identifying and implementing climate change adaptation strategies, and offers a methodology to help you facilitate a meaningful and productive half-day workshop centered on this topic.
- **As part of the *Western Governors' Biodiversity and Invasive Species Initiative*, there will be a workshop on *Prevention, Control, and Management of Established Species in Lake Tahoe, NV on September 17-18, 2018*.** The central policy of this initiative focuses on the impacts that nuisance species, pests, and pathogens have on ecosystems, forests, rangelands, watersheds, and infrastructure in the West. The Initiative will examine the role that biosecurity plays in addressing the risks posed by invasive species. [Please click here to see the draft agenda](#).
- **NRCS is hiring Soil Conservationists in locations including Bakersfield, Colusa, Elk Grove, Lakeport, Modesto, Petaluma, Quincy, Redding, Redlands, Susanville, Tule Lake, and Victorville!** Please share [the job announcement](#) with those who may have an interest.

Subject **[CARCD Updates] CDFA Program Updates and Comment Request**

From Kristen Murphy <carcd@memberclicks-mail.net>

Sender <carcd@memberclicks-mail.net>

To <rose.corona@teamrcd.org>

Reply-To <kristen-murphy@carcd.org>

Date 2018-08-10 14:18

Hi RCD Family,

CDFA has released draft Requests for Grant Applications for their [Healthy Soils Incentives](#) and [Demonstration Programs](#), and [State Water Efficiency and Enhancement Program \(SWEEP\)](#) and are seeking public comment through September 12th.

CARCD will provide written comments and continue to offer public commentary at in-person meetings. CARCD is looking for direct feedback from RCDs' personal experiences with these programs as well as remarks on the draft requests linked here. RCDs are also able to write their own letter with comments to CDFA and attend the listening sessions hosted in Fresno, Oroville, and El Centro (dates and addresses on the SWEEP link).

We really want to make sure that these programs are most efficient and effective as possible, both for your RCDs and for landowners. This is such an important opportunity to help our State reach our climate goals and demonstrate the potential impact working lands have and we definitely want to help shape these programs to be able to do just that. *Your comments are super important!*

Also, **CDFA will solicit TA grants up to \$10,000 to assist landowners in the application process.** Although the TA program needs some work (comments and letters here are also welcome) - we need to be ready to jump on it when it comes out. It will be first-come, first-serve and most likely roll out around October.

Please submit comments to me by September 1st.

Thanks!

Kristen Murphy

Subject **UPDATE on Prop 3**
 From Matteo Crow <matteocrow.waterbond@gmail.com>
 To matteo crow <matteocrow.waterbond@gmail.com>
 Date 2018-08-13 09:22

- PPIC Poll.jpg (~97 KB)

Good morning,

Campaign season is kicking into gear and the Prop 3 campaign will be starting our engagement directly with voters in the coming weeks. Those of you whose organizations have not yet endorsed, please agendize for endorsement this month, as at the beginning of September we will be organizing our social media, mail, and email blasts around our existing endorsements.

As many of you have seen in PPIC latest poll, despite a very simple question Prop 3 still garnered 58% support, with 17% unsure, providing a strong platform going into November. For more detailed results please see the attached photo.

For those that haven't already, please follow us on twitter @CAWaterBond.

Please contact us with any requests for campaign materials, articles, or anything else to use in your outreach. Thanks to those who have supported this measure along every step of the way and for those that haven't, please confirm your support!

Paid for by Californians for Safe Drinking Water and a Clean and Reliable Water Supply. Committee major funding from Ducks Unlimited, California Wildlife Foundation/California Wildlife Foundation Vesta Fund, California Waterfowl Association, FPPC #: 1397965

Hi RCDs,

In case you missed this announcement in the weekly digest last Friday, CARCD will host a call regarding the NRCS Outreach for Underserved Producers competitive contribution agreements on Thursday August 16th at 12pm.

Due to the agreement mandate that 2 or more NRCS Areas must be served by each awardee, CARCD would like to apply for the full amount and distribute funds directly to the RCDs on a per-project basis to ensure the deliverables are met and that our network can provide outreach around the state. We want your input to make sure that the program is successful for all of us.

Also, thank you to those of you who already filled out the survey indicating your interest in this funding!

Our conference line is (641) 715-3273, Access Code: 87922.

TWO WEEKS LEFT FOR EARLY BIRD DISCOUNT

Get ready to discover, learn, and explore at the CSDA ANNUAL CONFERENCE AND EXHIBITOR SHOWCASE [[3](#)], September 24 – 27 in beautiful Indian Wells. Take advantage of the early bird discount by registering on or before Friday, August 24, and as a CSDA member you will receive \$50 off the regular registration fee.

[[4](#)]

CSDA's Annual Conference [[3](#)] has a proven record of providing some of the best educational opportunities for elected/appointed officials and district staff. There is currently limited space available for pre-conference workshops and the pre-conference Salton Sea Authority Tour. So, don't delay – register today!

Here are some of the many reasons you should register now:

- * Interact with industry experts.
- * Timely and relevant session content.
- * Tools, technologies, and processes you can use in your district.
- * Be the first to hear about special district trends.
- * Gain knowledge and inspiration from nationally recognized speakers.
- * Attend specialized workshops and sessions designed to address your needs.
- * Network with other attendees and industry suppliers.
- * Make new contacts and maintain key relationships.
- * Earn Credit Incentive Points from the Special District Risk Management Authority (SDRMA).

Don't forget – you need to register for conference first in order to receive a link to make your hotel room reservations. We can't wait to see you in Indian Wells this fall.
