Good afternoon,

In the current grant round of the California Watershed Protection Fund, the Rose Foundation for Communities and the Environment is encouraging projects in the following watersheds and their ecosystems:

- Sacramento – San Joaquin River Delta and their watersheds including American River, Feather River, and Lake Oroville
- Southern California Bight and Los Angeles area watersheds, including Santa Ana River and San Gabriel River
- Humboldt Bay and Mad River
- There are also limited funds for San Francisco Bay, Monterey Bay, and Russian River

If your RCD is engaged in water quality improvement work (or would like to) in any of the above watersheds, this funding source could be a great fit.

Letters of inquiry are due February 16! [Information on how to apply can be found here.](#)

Please let us know if you have any questions. Thank you!

Good morning,

NRCS has released a 2018 schedule for planned Science and Technology conservation webinars on a variety of pertinent topics, many of which may be of interest to you.

The next webinar will be *The Latest on the CarbOn Management and Evaluation Tool (COMET) Suite of Ecosystem Services Quantification Tools* on January 25 at 11am PST.

If you ever miss a webinar that you had hoped to participate in, they are recorded and can be viewed at a later time.

We hope you'll find this to be a valuable resource!

Thank you,

Sara

- 2018 Black Farmers Conference 2018 - WFFRC -1.pdf (~1.2 MB)

Hi everyone,

There are a couple of events coming up that we thought your RCD and/or constituents might be interested in:

There will be a **webcast on February 8 on the new Surface Water Toolbox** developed by the U.S. Geological Survey and the U.S. Environmental Protection Agency.

The Toolbox is a user friendly, downloadable tool for water managers to estimate a wide variety of streamflow statistics and can be [downloaded here](#).

The webcast will be from 10am-12pm PST. [Registration is required](#).

The **2018 Black Farmers Conference is coming up on February 28 in Fresno**. All farmers and ranchers are welcome.

Topics will include Agricultural Census, Defining an Urban Farm, Program and Resource Accessibility, and the CA Urban Farmer Task Force. There will also be an Urban Leadership Panel and open discussion with USDA leadership.

The organizers have set aside 20 rooms the night prior to the conference to accommodate urban farmers traveling over 3 hours to get to Fresno.

Register at <http://www.wfresnofrc.org/back-to-school-drive> or call (559) 621-2967 or (530) 792-5695 with any questions or to reserve a room.

Thank you!

Good afternoon,

Today, American Farmland Trust and NACD released a handbook to highlight the role that conservation districts play in water quality trading and other environmental markets programs.

[The Handbook for Conservation Districts on Environmental Markets is available for download here.](#)

The handbook is meant to help conservation districts determine potential roles in water quality trading and other environmental markets programs. It includes key findings and recommendations, nine case studies from districts across the country, and a checklist for conservation districts interested in water quality trading and other environmental markets.

We hope that you will find this to be a useful resource. Thank you!

STATE OF CALIFORNIA
REGIONAL WATER QUALITY CONTROL BOARD
SAN DIEGO REGION

MEETING NOTICE AND AGENDA¹

**Wednesday, February 14, 2018
9:00 a.m.**

**San Diego Regional Water Quality
Control Board
Board Meeting Room
2375 Northside Drive, Suite 108
San Diego, California 92108**

Video broadcast of meetings will be available at:
<https://video.calepa.ca.gov/>

The purpose of this meeting is for the San Diego Water Board to obtain testimony and information from concerned and affected persons and to make decisions based on the information received. Persons who want to submit written comments or evidence on any agenda item must comply with the procedures described in the agenda and agenda notes. Persons wishing to speak at the meeting should complete a speaker card (see Note F, attached to this Notice). The San Diego Water Board requests that all lengthy comments be submitted in writing in advance of the meeting date. To ensure that the San Diego Water Board members and staff have the opportunity to review and consider written material, comments should be received in the San Diego Water Board's office no later than noon on Tuesday, January 29, 2018* and should indicate the agenda item to which it is applicable. If the submitted written material is more than 5 pages or contains foldouts, color graphics, and/or maps, two copies must be submitted. Written material submitted after 5:00 P.M. on Tuesday, February 6, 2018 will not be provided to the Board members and may not be considered by the San Diego Water Board (See Note D, attached to this Notice).

****PLEASE NOTE THAT SOME ITEMS ON THE AGENDA MAY HAVE BEEN PREVIOUSLY NOTICED WITH EARLIER DEADLINES FOR SUBMITTING WRITTEN COMMENTS OR MAY HAVE A SEPARATE HEARING PROCEDURES DOCUMENT THAT ESTABLISHES DIFFERENT DEADLINES OR PROCEDURES FOR SUBMITTING WRITTEN MATERIALS. IN THOSE CASES THE DIFFERENT DEADLINES OR PROCEDURES APPLY.***

Comments on agenda items will be accepted by email subject to the same conditions set forth for other written submissions, as long as the total submittal (including attachments) does not exceed five printed pages in length. Email must be submitted to: rb9agenda@waterboards.ca.gov. Type the word "Agenda" in the subject line.

¹ Versión en español disponible también en: https://www.waterboards.ca.gov/sandiego/board_info/agendas/

Pursuant to Title 23, Cal. Code of Regs., §648.4, the San Diego Water Board may refuse to admit written testimony or evidence into the record if it is not submitted to the San Diego Water Board in a timely manner and shall refuse to do so if admitting it would prejudice any party or the board, unless the proponent demonstrates that compliance with the deadline would create an unreasonable hardship.

NOTE D, attached to this Notice, refers to the procedures that will be followed by the San Diego Water Board in contested adjudicatory matters if a separate Hearing Procedures Document has not been issued for a particular agenda item. Parties requesting an alternate hearing process must do so in accord with the directions in NOTE D. Any such request, together with supporting material, must be received in the San Diego Water Board's office no later than noon on Tuesday, February 6, 2018 (unless an earlier deadline is established in a separate hearing procedures document).

Copies of the agenda items to be considered by the San Diego Water Board as they are available are posted on the San Diego Water Board's website at https://www.waterboards.ca.gov/sandiego/board_info/agendas/.

Except for items designated as time certain, there are no set times for agenda items. Items may be taken out of order at the discretion of the Chairman.

1. Roll Call and Introductions.
2. PUBLIC FORUM: Any person may address the Board regarding a matter within the Board's jurisdiction that is not related to an item on this meeting agenda and is not a pending matter that may be scheduled for a future meeting. **Comments will generally be limited to three minutes, unless otherwise directed by the Board Chairperson.** Any person wishing to make a longer presentation should contact the Executive Officer at least ten days prior to the meeting.
3. Minutes of Board Meetings: September 13, 2017
October 11, 2017
December 13, 2017
4. Chair's, Board Members', State Board Liaison's and Executive Officer's Reports: These items are for Board discussion only. No public testimony will be allowed, and the Board will take no formal action.
5. Future Agenda Items: Board members may discuss items for possible inclusion on future agendas. *(David Gibson)*
6. Approval of 2018 Meeting Schedule. *(David Gibson)*
7. Tentative Resolution: 2017 Accomplishments and Tentative Resolution Endorsing the Operational Plan for 2018 (Tentative Resolution No. R9-2018-0013). *(David Gibson)*
8. Workshop: Administrative Draft of New Biological Water Quality Objectives. *(Chad Loffen)*

9. Election: Election of Regional Board Chair and Vice Chair for 2018. (*David Gibson*)
10. *Closed Session* – Discussion of Ongoing Litigation [Authorized under Government Code §11126, subd. (e)]. The San Diego Water Board may meet in Closed Session to discuss ongoing litigation for the following cases:

NOTES:

- A. GENERAL STATEMENT. The primary duty of the San Diego Water Board is to protect the quality of the waters within the region for all beneficial uses. This duty is implemented by formulation and adoption of water quality plans for specific ground or surface water basins and by prescribing and enforcing requirements on all domestic and industrial waste discharges. Responsibilities and procedures of the Regional Water Quality Control Board come from the State's Porter-Cologne Water Quality Act and the Nation's Clean Water Act.

The purpose of the meeting is for the Board to obtain testimony and information from concerned and affected parties and make decisions after considering the recommendations made by the Executive Officer.

All interested persons may speak at the San Diego Water Board meeting and are expected to orally summarize their written submittals. Testimony should be presented in writing prior to the meeting and only a summary of pertinent points presented orally. Oral testimony (i.e., direct testimony or comment) will be limited in time by the Board Chair (typically 3 minutes for interested persons and no more than 10 minutes for designated parties). A timer may be used and speakers are expected to honor the time limits.

- B. PROCEDURE FOR CONSENT (UNCONTESTED) CALENDAR (see also Title 23, Cal. Code of Regs., § 647.2) Consent or uncontested agenda items are items for which there appears to be no controversy and which can be acted upon by the San Diego Water Board with no discussion. Such items have been properly noticed and all interested parties consent to the staff recommendation. The San Diego Water Board Chair will recognize late revisions submitted by staff and will then call for a motion and vote on all of the consent calendar items by the San Diego Water Board.

If any San Diego Water Board member or member of the public raises a question or issue regarding an item that requires San Diego Water Board discussion, the item may be removed from the consent calendar and considered separately in an order determined by the Chair. Anyone wishing to contest a consent item on the agenda is expected to appear in person at the San Diego Water Board meeting and explain to the San Diego Water Board the reason that it is contested.

- C. PROCEDURE FOR INFORMATION ITEMS (see also Title 23, Cal. Code of Regs., §649, et. seq.). Information items are items presented to the San Diego Water Board for discussion only and for which no San Diego Water Board action or vote is normally taken. The San Diego Water Board usually will hear a presentation by staff, but may hear presentations by others. Comments by interested persons shall also be allowed. Members of the public wishing to address the San Diego Water Board on the topic under discussion should submit a speaker card beforehand indicating their request to speak to the San Diego Water Board. Comment from the public should be for clarification or to add to the San Diego Water Board's understanding of the item; such comment must not be

testimonial in nature or argumentative, as speakers are not under oath and the proceeding is not adversarial. Time limits may be imposed on interested persons.

- D. PROCEDURES FOR NON-CONSENT (CONTESTED) AGENDA ITEMS. Non-consent or contested agenda items are items to which the parties involved have not consented and the staff recommendation is in dispute. The procedure that applies to such items depends on the nature of the matter. Matters before the San Diego Water Board may be quasi-legislative or quasi-judicial (adjudicative proceedings). Such items may require a public hearing and all interested persons will be provided an opportunity to make comments.

Contested Adjudicative Matters

Contested agenda items that are adjudicative, not quasi-legislative, are governed by the rules for adjudicative proceedings. State Water Resources Control Board (State Water Board) regulations setting forth the procedures for adjudicative proceedings before the State and Regional Water Boards are codified in Title 23, California Code of Regs., Division 3. Adjudicative proceedings before the State and Regional Water Boards are governed by State Water Board regulations as authorized by Chapter 4.5 of the Administrative Procedures Act (commencing with §11400 of the Government Code). State Water Board regulations further provide that, with certain exceptions, adjudicative proceedings will be conducted in accordance with §800-805 of the Evidence Code and §11513 of Chapter 5 of the Government Code. (Other provisions of Chapter 5 of the Government Code do not apply to adjudicative proceedings before the State and Regional Water Boards). A copy of those regulations and Chapter 4.5 of the Administrative Procedures Act, §11513 of the Government Code and §801-805 of the Evidence Code can be found at https://www.waterboards.ca.gov/laws_regulations/.

An adjudicative proceeding is a hearing to receive evidence for determination of facts pursuant to which the State or Regional Water Board formulates and issues a decision. A decision determines a legal right, duty, privilege, immunity or other legal interest of a particular person or persons. Examples of adjudicative proceedings include hearings to receive evidence concerning the issuance of waste discharge requirements or National Pollutant Discharge Elimination System (NPDES) permits, concerning cease and desist orders, and concerning orders imposing administrative civil liability. Adjudicative proceedings are not conducted according to the technical rules of evidence, and the San Diego Water Board will accept testimony and comments that are reasonably relevant to the issues before the Board. Testimony or comments that are not reasonably relevant, or that are repetitious, will be excluded.

In some adjudicative matters, most frequently administrative civil liability matters, a separate Hearing Procedures Document has been issued. In those cases, the procedures set forth in that Document will apply, subject to discretionary modification by the Chairman. For other adjudicatory matters, the Chair may establish specific procedures for each item, and consistent with Title 23, Cal. Code of Regs., §648, subd. (d) may waive nonstatutory provisions of the regulations. Generally, all witnesses testifying before the San Diego Water Board

must affirm the truth of their testimony and are subject to questioning by the Board Members.

Absent a separate Hearing Procedures Document, the Board normally conducts adjudicative proceedings in an informal manner. That is, the Board does not, generally, require the designation of parties, the prior identification of witnesses, prior submission of written testimony, or the cross examination of witnesses. Any requests for an alternate hearing process should be directed to the Executive Officer and must be received by the San Diego Water Board by the deadline set forth on pages 1-2 of the Agenda.

When the San Diego Water Board determines that a hearing will be formal (as opposed to informal, as described above), participants in a contested agenda item are either "designated parties" or "interested persons." Only designated parties will have the right to cross-examination, and may be subject to cross-examination. Interested persons (i.e., nondesignated parties) do not have a right to cross-examination, but may ask the San Diego Water Board to clarify testimony. Interested persons may also be asked to clarify their statements at the discretion of the San Diego Water Board.

Designated parties include:

- Discharger or Responsible Party
- Persons directly affected by the discharge
- Staff of the San Diego Water Board (if specified in the applicable hearing procedures)

All other persons wishing to testify or provide comments for a formal hearing are "interested persons" and not "designated parties." Such interested persons may request status as a designated party for purposes of the formal hearing by submitting such request in writing to the San Diego Water Board no later than the date specified at the beginning of the Agenda Notice or in the applicable Notice of Public Hearing or Hearing Procedures Document. The request must explain the basis for status as a designated party and, in particular, how the person is directly affected by the discharge.

All persons testifying must state their name, address, affiliation, and whether they have taken the oath before testifying. The order of testimony for formal hearings generally will be as follows, unless modified by the San Diego Water Board Chair:

- Testimony and cross-examination of San Diego Water Board staff
- Testimony and cross-examination of discharger
- Testimony and cross-examination of other designated parties
- Testimony by interested persons
- Closing statement by designated parties other than discharger
- Closing statement by discharger
- Closing statement by staff
- Recommendation by Executive Officer (as appropriate)
- Close hearing

- Deliberation and voting by San Diego Water Board

Closing statements shall be for the purpose of summarization and rebuttal and are not to be used to introduce new evidence or testimony. After considering evidence, testimony, and comments, the San Diego Water Board may choose to adopt an order regarding a proposed agenda item.

Quasi-legislative Matters

Quasi-legislative matters include rulemaking and some informational proceedings. These matters may include hearings for the adoption or amendment of regulations, water quality control plans, and hearings to gather information to assist the State and Regional Water Boards in formulating policy for future action. They are not adjudicative proceedings and are subject to different procedures. (See PROCEDURE FOR INFORMATION ITEMS, above, and Title 23, Cal. Code of Regs., §649, et seq.)

- E. **CONTRIBUTIONS TO SAN DIEGO WATER BOARD MEMBERS.** Persons applying for or actively supporting or opposing waste discharge requirements or other San Diego Water Board orders must comply with legal requirements if they or their agents have contributed or proposed to contribute \$250 or more to the campaign of a San Diego Water Board member for elected office. Contact the San Diego Water Board for details if you fall into this category.
- F. **PROCEDURAL INFORMATION.** The San Diego Water Board may meet in closed session to discuss matters in litigation, including discussion of initiated litigation, significant exposure to litigation, or decisions to initiate litigation [Authority: Government Code § 11126(e)]; deliberate on a decision to be reached based upon evidence introduced in an adjudicatory hearing [Authority: Government Code § 11126(d)]; or to consider the appointment, employment or dismissal of a public employee to hear complaints or charges brought against a public employee [Authority: Government Code §11126(a)].

The San Diego Water Board may break for lunch at approximately noon at the discretion of the Chairman. During the lunch break San Diego Water Board members may have lunch together. Other than properly noticed closed session items, San Diego Water Board business will not be discussed.

Agenda items are subject to postponement. A listing of postponed items will be posted in the meeting room. You may contact the designated staff contact person in advance of the meeting day for information on the status of any agenda item.

Speaker Cards. All persons desiring to address the San Diego Water Board are required to fill out a speaker card. Cards are normally provided near the entrance to the meeting room. San Diego Water Board staff can assist you in locating the cards.

Please fill out a separate card for each item you plan to speak on. All relevant sections, including the oath, must be completed. Please use the appropriate color card, as indicated below:

- Blue: Public Comments (for items requiring no San Diego Water Board action—Public Forum, status reports, etc.).
- Green: Public Testimony, in support of the tentative action.
- Pink: Public Testimony, opposed to the tentative action.

G. AVAILABILITY OF EXECUTIVE OFFICER'S REPORT AND AGENDA MATERIAL. Visit our website at <https://www.waterboards.ca.gov/sandiego/> to view the Executive Officer's Report over the internet two days prior to the San Diego Water Board meeting. A copy can also be obtained by contacting the staff office. A limited number of copies are available at the meeting.

Copies of most agenda items to be considered by the San Diego Water Board are posted as available on the San Diego Water Board's website at https://www.waterboards.ca.gov/sandiego/board_info/agendas/.

Details concerning other agenda items are available for public reference during normal working hours at the San Diego Water Board's office. The appropriate staff contact person, indicated with the specific agenda item, can answer questions and provide additional information. For additional information about the Board, please see the attached sheet.

H. PETITION OF SAN DIEGO WATER BOARD ACTION. In accordance with California Water Code §13320 and Title 23, Cal. Code of Regs., §2050 et seq., any person affected adversely by most decisions of the California Regional Water Quality Control Board, San Diego Region (San Diego Water Board) may petition the State Water Resources Control Board (State Board) to review the decision. The petition must be received by the State Board within 30 days of the San Diego Water Board's meeting at which the adverse action was taken. Copies of the law and regulations applicable to filing petitions will be provided upon request.

I. HEARING RECORD. Material presented to the Board as part of testimony (e.g. photographs, slides, charts, diagrams etc.) that is to be made part of the record must be left with the Board. Photographs or slides of large exhibits are acceptable.

All Board files, exhibits, and agenda material pertaining to items on this agenda are hereby made a part of the record.

J. ACCESSIBILITY. The facility is accessible to people with disabilities. Individuals who have special accommodation or language needs, please contact Ms. Chris Blank at (619) 521-3382 or Christina.Blank@waterboards.ca.gov at least 5 working days prior to the meeting. TTY/TDD/Speech-to-Speech users may dial 7-1-1 for the California Relay Service.

- K. PRESENTATION EQUIPMENT. Providing and operating projectors and other presentation aids are the responsibilities of the speakers. Some equipment may be available at the Board Meeting; however, the type of equipment available will vary dependent on the meeting location. Because of compatibility issues, provision and operation of laptop computers and projectors for Power Point presentations will generally be the responsibility of the individual speakers. To ascertain the availability of presentation equipment please contact Ms. Chris Blank at (619) 521-3382 or Christina.Blank@waterboards.ca.gov at least 5 working days prior to the meeting.

ANTI HARASSMENT AND DISCRIMINATION POLICY

Section 1. Introduction. The Hidden Valley Lake Community Services District is dedicated to providing a work environment for its employees that is free of harassment and discrimination. The District prohibits harassment and discrimination because of race, religion, color, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, genetic information or any other basis protected by federal, state or local law, ordinance or regulation. Such harassment and discrimination is unlawful and will not be tolerated. This policy prohibits unlawful harassment or discrimination of or by any employee of the District, including supervisors and co-workers. It also extends to vendors, independent contractors and others doing business with the District.

Section 2. Definition and Examples of Harassment. Harassment because of race, religion, color, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sex, sexual orientation, genetic information or any other protected basis is prohibited, including, but not limited to the following behavior and circumstances:

- a) Verbal conduct such as epithets, derogatory jokes or comments, slurs or unwanted sexual advances, invitations or comments;
- b) Visual conduct such as derogatory and/or sexual oriented posters, photography, cartoons, drawings or gestures;
- c) Physical conduct such as assault, unwanted touching, blocking normal movement or interfering with work because of sex, race or any other protected basis; and,
- d) Retaliation for having reported or threatened to report harassment.
- e) Harassment can occur between any individuals associated with the District. Such individuals may include: Board members, supervisors, coworkers, agents, customers, vendors, contractors, or members of the general public.
- f) The victim of harassment may not be the person that is the recipient of inappropriate comments, actions, images, etc. Anyone who is affected by offensive conduct may be considered the victim of harassment.

Sexual harassment is a form of harassment. Sexual harassment is defined by the Fair Employment and Housing Commission as “unwanted sexual advances, or visual, verbal or physical conduct of a sexual nature.”

Section 3. Complaint Process. If an employee thinks he or she is being harassed or discriminated against on the job because of gender, race, or other protected basis, or if an employee observes behavior he or she believes to be in violation of this policy, the employee should immediately contact his or her immediate supervisor, the Administrative Assistant to the General Manager, the General Manager, the President of the Board of Directors, or any other supervisor with whom the employee feels comfortable. The complaint should include all details of the incident (s), the names of all individuals involved, and the names of any witnesses. Every complaint that is reported will be taken seriously and investigated thoroughly. If harassment or discrimination is not reported, it cannot be investigated. The District will not retaliate against anyone for reporting any incidents of harassment, for making any complaints of harassment, or for participating in any investigation. Every employee’s cooperation is crucial.

Section 4. Complaint Response Process.

- a) Staff receiving harassment complaints will refer them immediately to the General Manager, or to the President of the Board of Directors if the General Manager is unavailable or personally involved in the complaint. Supervisors must refer all harassment complaints to the General Manager, or to the President of the Board of Directors if the General Manager is unavailable or personally involved in the complaint.
- b) The General Manager will call a special meeting, within one (1) week from the date of the complaint or as soon thereafter as is practicable, in order to notify the Board of Directors that a claim of harassment has been made against an employee, a staff member, or other person doing business with the District.
- c) The General Manager, or his/her designee, upon receiving direction from the Board of Directors, will ensure that an immediate, effective, thorough, and objective investigation of the allegation(s) is undertaken. Any information obtained through the investigation will be kept confidential to the extent possible to conduct an effective investigation into the allegations.

Section 5. Findings and Retaliation. If it is determined that harassment has occurred, effective remedial action will be taken in accordance with the circumstances involved. Any employee determined to be responsible for harassment will be subject to appropriate disciplinary action, up to and including termination. After the investigation and findings have been concluded, the District may communicate its findings to the complainant, the alleged harasser, and any other concerned party. Employees complaining of harassment, or otherwise participating in the District's investigation of such conduct, shall be protected from any form of reprisal and/or retaliation.

Section 6. Immediate Reporting. All employees should report any incidents immediately so that complaints can be quickly and fairly resolved. The California Department of Fair Employment and Housing ("DFEH") investigates and may prosecute complaints of harassment. An employee may have a claim of harassment even if he or she has not lost a job related or economic benefit. Whenever an employee thinks he or she has been harassed or that he or she has been retaliated against for resisting or complaining, that employee may file a complaint with the DFEH. The nearest DFEH office is listed in the telephone book.

Section 7. Romantic Relationships. In addition, the District desires to avoid misunderstandings, complaints of favoritism, claims of sexual harassment and employee dissension that may result from personal or social relationships amongst employees. Therefore, the District asks that if employees become romantically involved with one another they disclose their relationship to an appropriate supervisor with whom they feel comfortable. The supervisor should notify the Administrative Assistant to the General Manager, the General Manager, or the President of the Board of Directors, as appropriate.

Section 8. Employee Acknowledgement. By signing below, Employee represents that he or she has read, understands, and agrees to the District's Anti-Harassment and Discrimination Policy.

Help Endangered Birds...

Take a seasonal, part-time position with the Santa Ana Watershed Association.

The Santa Ana Watershed Association (SAWA) is now hiring seasonal, part-time field assistants to help manage Brown-headed Cowbird traps in the local area. Brown-headed Cowbirds are trapped during the spring and summer because they are brood parasites, meaning that they do not build their own nests but lay their eggs in the nests of other species. In doing so, the cowbirds interfere with the reproductive success of our native birds. SAWA is especially interested in improving the nesting success of the Least Bell's Vireo, an endangered bird in southern California. Trapping cowbirds out of the habitat during the breeding season is helping the vireo population numbers increase, as well as that of other native songbirds.

Assistants are assigned a route of 5-10 traps and visit each trap on the route on their assigned work days. Routes usually take 3-4 hours per afternoon. Assistants will work closely with the area biologist and learn about the vireo and cowbirds and the area's natural resources. This work is ideal for anyone interested in getting field experience with our native birds.

- SAWA will train assistants in native bird identification.
- Flexible hours.
- Work up to 5 afternoons a week (including weekends), mid March through the end of July 2018.
- Must be able to collect accurate data and have working knowledge of Microsoft Excel
- Must own and operate a reliable car and provide proof of insurance.
- Pay is \$12.50/hr. and mileage is reimbursed at the federal rate of \$54.5/mile.

If you are interested in a rewarding position that offers field experience and flexible hours, while pursuing your degree, send your resume to Jennette El Morsy at jennette@sawatershed.org by February 2, 2018. If you would like additional information regarding this position please contact Allyson Beckman at abeckman@sawatershed.org

In early 2017, Government Technology and AT&T joined forces to launch a new and unique initiative focused on the over 38,000 special districts in the U.S. The initiative connected special districts throughout the country; shared stories through videos, podcasts and other mediums; and helped participants learn directly from the trailblazers recognized through the Special Districts Awards Program. We are now unpacking everything we learned and sharing the highlights in an interactive, hour-long webinar taking place on February 27 at 11 a.m. Pacific / 2 p.m. Eastern.

waste; and, the cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti.

4. The annual special tax amount for the CFDs varies for each tract based on the required maintenance of the tract-specific improvements noted above. Currently, the maximum special taxes range from approximately \$500 to \$900 per year. However, the majority of the actual annual special taxes levied fall within the \$300 to \$600 range. In addition, the tract will be annexed into LMD 88-1, the Park District's jurisdiction-wide special assessment district which has a maximum special assessment amount of approximately \$22 per year.
5. **Tract No. 36785 is required to annex into the Menifee South Community Facilities District and Landscape Maintenance District No. 88-1.**
6. The developer will be required to either pay park fees on each dwelling unit or provide a fully operational park facility.
7. The developer is required to pay all fees associated with the LAFCO annexation process.
8. Financial – Due to Proposition 13 and the County of Riverside's allocation of taxes, no percentage of property tax is assigned to the Park District. The subdivider shall annex into the appropriate Community Financing Districts.
9. Attached is the Valley-Wide Recreation and Park District's Parks-At-A-Glance for reference.

As a courtesy to the development community and agencies involved, the District has posted its Standards and Specifications, for free download, on the world-wide-web at www.GoRecreation.org. Additionally, to avoid project delays, the District urges the developer to review this document promptly and engage the District early in the development phase.

If additional information is desired, please contact me at (951) 654-1505.

RE: TRACT NO. 36785 - LA VENTANA (II) - PLAN OF SERVICE

Dear Ms. Craig:

Valley-Wide Recreation and Park District (the "Park District") has the following comments with respect to the annexation of the above referenced tract:

1. **Service** – The Park District currently operates and maintains eleven (11) community centers, eighty-two (82) parks, aquatics facility, golf course, street landscape maintenance and provides recreation programs/ activities.
2. Once this territory has been annexed into the Park District's jurisdiction, the developer must then begin the annexation process of the property into the appropriate Community Financing Districts. The Park District has eight (8) Landscape Maintenance Districts ("LMDs") and three (3) Community Facilities Districts ("CFDs") formed throughout the District boundaries. These special districts comprise the Park District's Community Financing Districts.
3. The purpose of the LMD/CFDs is to provide maintenance of the improvements within each specific tract, and improvements within the respective LMD/CFDs. For example, improvements may consist of parks, landscaping, planting, shrubbery, trees, turf, irrigation, trails, hardscapes, walls, site lighting and appurtenant facilities.

Appurtenant facilities may include playground equipment, play courts, ball fields, public restrooms park sites and community centers within the boundaries of said financing district.

The maintenance of the improvements shall include the furnishing of services and materials for the ordinary and usual maintenance and servicing of the improvements, including repair, removal or replacement of all or any part of any improvement; providing for the life, growth, health and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilization or treating for disease or injury; the removal of trimmings, rubbish, debris and other solid

Hi All, This is an informal announcement that the Fallbrook Land Conservancy (FLC) will be hiring a preserve manager in the next six months to lead the stewardship of their 12 preserves, as well as, few more set to come on line within the next 1-2 years. Currently, the preserves total about 2,000 acres, most are less than 50 acres and three larger than 150 acres. All are in the Fallbrook area. They vary greatly in their management requirements, from large and remote with almost no active management required to small right in the middle of town with walking trails and lots of use. FLC also holds a small handful of conservation easements over lands set aside and managed for conservation purposes that they have monitoring and reporting responsibilities.

The preserve manager will oversee management of the preserves. They will manage two assistant preserve managers, be responsible for most of the reporting required by agencies, and help add to the organizations

Fallbrook Land Conservancy has great visibility in the community and they are looking to grow to help meet the open space and recreational needs of people in North San Diego County and adjacent areas. The organization is experiencing a significant period of growth and would benefit from an knowledgeable conservation practitioner with local experience.

Thanks and please share this opportunity with people that you think may be interested in joining our community,

Zach

Spring 2018	Meeting(s), if needed, with CoPermittees/Stakeholders to discuss potential Regional MS4 Permit modifications
May 2018	Release Administrative Draft of Tentative Order (This step may not be necessary and therefore skipped)
June 27, 2018	Meeting/Workshop on Administrative Draft of Tentative Order (This step may not be necessary and therefore skipped)
Summer 2018	Order R9-2013-0001, as amended expires Release Tentative Order
Summer/Fall 2018	Meeting/Workshop on Tentative Order Public Comment Period on Tentative Order
Fall 2018	San Diego Water Board Staff Respond to Comments Public Adoption Hearing for Tentative Order

The tentative schedule and future documents related to the reissuance of the Regional MS4 Permit may be viewed by visiting the San Diego Water Boards' Storm Water Program website: https://www.waterboards.ca.gov/sandiego/water_issues/programs/stormwater/.

Notices and updates relating to the reissuance of the Regional MS4 Permit, including the tentative schedule, will be sent to those subscribed to the San Diego Water Board's electronic mailing lists for the Orange County MS4 Permit, Riverside County MS4 Permit, and San Diego MS4 Permit. Those who were forwarded this notice and want to receive the future notifications via email can subscribed to the list directly at: https://www.waterboards.ca.gov/resources/email_subscriptions/reg9_subscribe.html.

Any questions, comments, or concerns regarding the above subject should directed to Mr. Roger Mitchell at 619-521-5898 or by email at Roger.Mitchell@waterboards.ca.gov.
