GOVERNOR BROWN SIGNS AND VETOES BILLS IMPACTING SPECIAL DISTRICTS

Governor Jerry Brown had until September 30 to sign or veto any bills that made it to his desk. Throughout the year, CSDA carefully tracked multiple bills that impact special districts. Among the most significant bills tracked and their outcomes are:

- SB 929 (McGuire): Special district websites – Signed September 14
- SB 1413 (Nielsen): Pension prefunding – Signed September 21
- AB 1999 (Chau): Public broadband services – Signed September 30
- AB 2447 (Reyes): CEQA – Vetoed September 30

CALIFORNIA ASSOCIATION OF  
**RESOURCE**  
CONSERVATION DISTRICTS

Dear RCDs,

We are partners on a CDFA Healthy Soils Initiative Demonstration Project with Audubon CA. As part of this project we are hosting our first Field Day and Farm Tour on Friday December 7, 2018.

At this event, we'll be highlighting healthy soils practices being implemented at our partner farm, which include a cover crop and riparian buffer vegetation. We will also showcase other conservation opportunities employed at the farm. NRCS field office staff and UCCE farm advisors will be in attendance to provide technical assistance and answer questions.

Attached is the flyer for the workshop with the schedule and additional details. [Event registration is here!](#) Would it be possible to advertise the event on your website and/or in your newsletter to reach farmers?

Regards,

Kristen Murphy

## JOIN US

For our first **Lunch and Learn on the Farm** at River Garden Farms. Learn about opportunities to enhance your land, connect face-to-face with conservation practitioners and technical advisors, network with other farmers. Enjoy lunch from the Buckhorn Steakhouse and stay for a chance to win one of our raffle prizes.

**VP:** <https://lunchandlearnonthefarm.eventbrite.com>

## WHO WE ARE & WHAT WE DO

We are a partnership of farmers, agencies and conservation organizations that examines the best avenues for providing resources to farmers to enhance their land for healthy crop production and natural resources conservation.

## HOW WE DO IT

We connect farmers to public and private funding sources and guide the implementation of on-farm conservation practices using both innovative and time-tested management techniques for improving overall farm health.

## HIGHLIGHTED PRACTICES

Practices highlighted at this event include **cover crops** and **planting native woody vegetation** along field edges and waterways.

## FEATURED PROGRAMS

The Field Day will feature market-based incentive programs such as the [Central Valley Habitat Exchange](#) and innovative projects like the [Fish Food on Floodplain](#) project among others.

**UCCE farm advisors** and **NRCS field staff** will be in attendance to answer questions.

The 2017 Healthy Soils Demonstration Project is funded by Greenhouse Gas Reduction Funds and is part of California Climate Investments, a statewide program that puts billions of Cap-and-Trade dollars to work reducing GHG emissions, strengthening the economy, and improving public health and the environment.

## LUNCH – LEARN – CONNECT

**Friday, December 7, 12:00-4:00pm**

River Garden Farms

41758 Co Rd 112,

Knights Landing, CA 95645

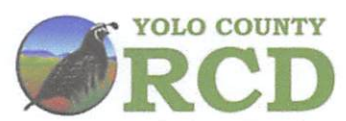

## Schedule:

- 12:00 **DOORS OPEN:** explore conservation opportunities & network
- 12:30 **LUNCH:** featuring *Buckhorn Steakhouse*
- 1:00 **SPEAKERS:** Hear from the farm conservation practitioners and technical advisors. **Live Q&A**
- 2:00 **TOUR:** cover crop and riparian buffer projects
- 3:00 **NETWORK:** farmers, conservation practitioners & technical advisors
- 3:45 **RAFFLE PRIZE DRAWING**

## LET US KNOW YOU ARE COMING!

CALIFORNIA ASSOCIATION OF  
**RESOURCE**  
CONSERVATION DISTRICTS

Dear Colleagues,

We are thrilled to announce that [CARCD's new website is now live!](#)

It is so exciting to launch a web page that better reflects the amazing and impactful work that Resource Conservation Districts (RCDs) are doing around the state. I am constantly in awe of how hard the RCDs fight to improve their communities and natural resources and how difficult it is to be non-partisan, open and accepting while making real and lasting change. I am equally as amazed at the power that bringing people together around common challenges achieves. I am also amazed at the amount of work they get done for next to no money.

RCD work is critical. With the growing environmental challenges our state and world face and the growing political divide, the role of the RCDs is more important than ever. We need an army of folks on the ground fighting to solve environmental challenges while bridging the divides we feel in our communities.

The challenges in front of us are large and our solutions have to match the enormity of what we face. Because of that, we can't do it alone. None of us can do it alone. We are so thankful for all of our partners that believe in this work, the role of the RCDs, and our communities. Thanks for jumping in shoulder to shoulder and creating change with us. Just visit the partners page to see just how many folks are part of the solution.

As I look forward to tackling the challenges that are ahead of us, I am glad that we have a California that is united around solving these challenges and I look forward to finding solutions with all the RCDs and each of our partners. Thanks for being part of this community and part of the RCD family.

With Gratitude,

Karen Buhr  
Executive Director

P.S. Please see below for announcements related to our Annual Conference, which is shaping up to be an unforgettable event. We hope to see you there in San Diego next month!

---

## The 73rd Annual CARCD Conference

The 73rd annual CARCD Conference is less than a month away! You're invited to join Resource Conservation Districts and their partners from November 14-17, 2018 in San Diego, CA as they share their work, strengthen their network, and come together in "Celebrating Resilient Landscapes and Adaptive Communities".

[Click here for additional information and to register for the Conference.](#)

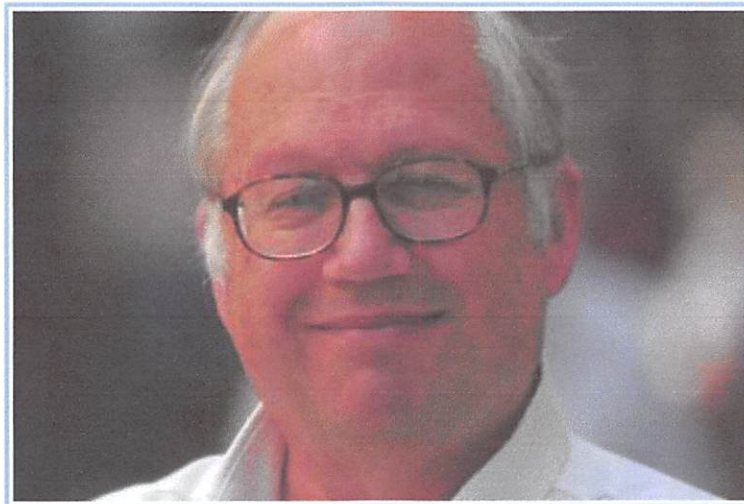

The cost is \$365 for RCDs and \$385 for Partners/Other Organizations.

**Full registration includes:** Plenary and break out sessions, beachside chats, exhibition booths, and meals including the Banquet Dinner

---

### Conference Highlights

View [the landing page for our 73rd conference here](#) and our [interactive agenda here](#).

**Closing Keynote: [John de Graaf](#)**

John de Graaf is an author, filmmaker, and part of the [And Beauty for All](#) project which believes that "all Americans appreciate beauty, regardless of their political views, origin, economic status or creed, and that working to restore

beautiful landscapes and create beautiful places is a non-partisan cause that can bring us together and build community in polarizing times."

## Conference Welcome: Lorena Gonzalez Fletcher

Member of the California State Assembly from the 80th district

## Friday Morning Keynote: Karen Ross

Secretary of California Department of Agriculture

## Panel Discussions to Engage and Inspire

### *Exploring Solutions for Adaption*

Moderated by Sam Schuchat, Coastal Conservancy

### *A Whole Communities Perspective*

Moderated by Kellyx Nelson, San Mateo RCD

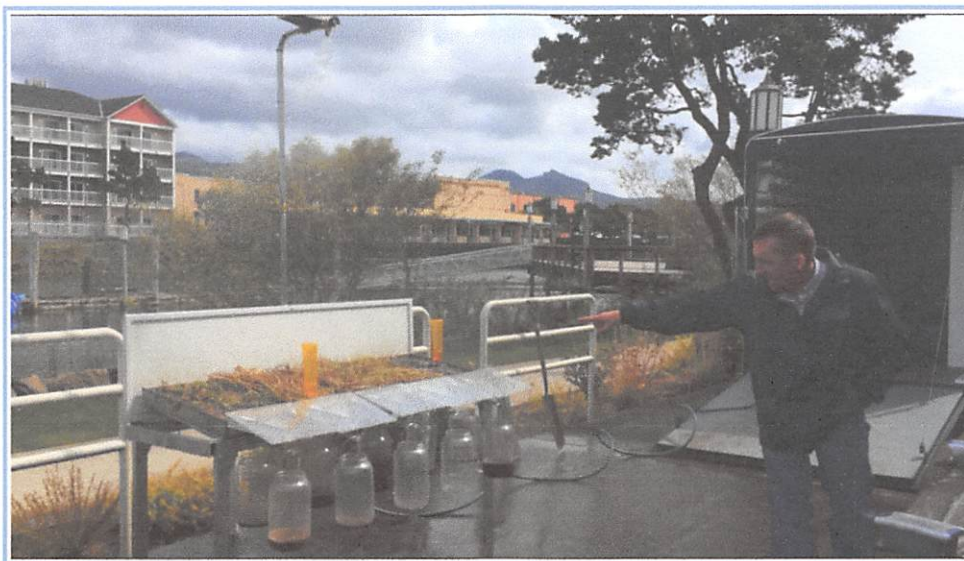

## Register for Conference Extras

Registration for conference extras is now live!

Friday night dinner will be at Bali Hai Restaurant, a one mile walk from the conference venue along the water, and featuring a three-course meal with wine and views of the San Diego bay and skyline. Registration will be \$40.

**Soil Health Summit** (no cost) is presented in collaboration with NRCS and East Stanislaus RCD. It will feature a free day of technical trainings, education and outreach techniques, small group project discussions, and networking with soil health professionals including Kevin Watt, Peter Donovan, Rex Dufour, Libby Porzig. The event is on Wednesday; the [agenda is out now](#).

**RCD Capacity Day** (no cost) will focus on board leadership, revenue development, and communications, with trainings and content developed exclusively for RCD staff and directors. [The detailed agenda can be viewed here](#).

*Water infiltration demonstration at the 2017 Soil Health Summit*

## Call for Silent Auction Items

The CARCD Conference is only one month away and now is a great time to start collecting items for the annual silent auction. The silent auction is an important part of keeping the conference affordable and we want to say a big thank you to all of our generous supporters whose contributions make this event a success every year. To make a donation please bring your auction item to our registration table at the conference. Bidding closes 11am on Friday, November 16.

## Photographer/Videographer Needed

We have amazing speakers and lots of memories being made every year at our conference. To capture some of these to share, we are looking for volunteers who have their own equipment who can photograph or film keynote speakers, panels, the awards luncheon, and conference attendees. If you are interested, please contact Kristen at [kristen-murphy@carcd.org](mailto:kristen-murphy@carcd.org).

## Sponsor the Conference

We believe that voluntary, locally-led conservation is the key to ensuring thriving landscapes and adaptable

communities for all Californians. If you feel the same, [please join us today by becoming a sponsor of the 73rd Annual CARCD Conference in San Diego](#). This is an exciting opportunity to gain recognition for the work that you do, network with like-minded professionals, and promote the visibility of your organization or business. We look forward to sharing your story with our network!

Subject **What was CARCD up to in September?**  
From Karen Buhr <carcd@memberclicks-mail.net>  
Sender <carcd@memberclicks-mail.net>  
To <manager@teamrkd.org>  
Reply-To <info@carcd.org>  
Date 2018-10-16 10:34

CALIFORNIA ASSOCIATION OF  
**RESOURCE**  
CONSERVATION DISTRICTS

Dear RCD Colleagues,

CARCD works hard every day to be a partner that you can rely on. We strive to operate transparently and to find opportunities where our efforts can result in increased funding, heightened visibility, and new partnerships for your districts and for the network as a whole. CARCD wouldn't have reason to exist if it weren't for the RCDs. We are committed and beholden to your success!

Our intention with this monthly e-mail is to keep you in the loop so that you know what we're up to and what's happening at the statewide level. This list isn't exhaustive, but we hope that it helps paint a picture of some of the exciting work that we're doing every day on behalf of your districts.

With Gratitude,  
The CARCD Team

---

## Hosted the Second RCD Board Leadership Boot Camp

CARCD hosted the second RCD Board Leadership Boot Camp in Oakhurst, CA at the beginning of September. The Boot Camps were a leadership opportunity made available through CARCD's Capacity Building Program. Co-facilitated by Solid Ground Consulting, this Boot Camp included a day and a half of curriculum and networking opportunities designed to build new connections and deepen participant knowledge of board best practices, and help the directors gain confidence in how to bring their own individual skills and capacities to the table to ensure their RCD's success. Thank you to everyone who participated!

## Launched the new RCD Directors Listserv

We had been hearing a lot of interest from RCD directors who wanted to have a streamlined way to connect with each other and ask RCD-related questions, share successes and challenges, and so on. In response, we created a new listserv — [director\\_listserv@carcd.memberclicks.net](mailto:director_listserv@carcd.memberclicks.net) — to be used exclusively by RCD directors. If you are an RCD director and want to use the listserv but you aren't sure if you've been added, please contact [sara-schremmer@carcd.org](mailto:sara-schremmer@carcd.org).

## Conducted an Annual RCD Needs Assessment

CARCD's programs and projects are developed to meet the diverse needs of all RCDs, and we can't improve or expand our support unless we hear from you. In September we sent out an Annual RCD Needs Assessment survey to help us understand what your RCD's current and future challenges might be and how CARCD could offer support to meet your needs going forward. We also asked for feedback, positive or negative, about your experience working with CARCD over the past year. Just like the RCDs, CARCD is on its own capacity building journey and we are experiencing an exciting time of growth; your input helps us understand what's working well and where we can improve. Thank you to those of you who participated! If you weren't able to fill out the survey but would still like an opportunity to share your feedback with us, please e-mail [sara-schremmer@carcd.org](mailto:sara-schremmer@carcd.org).

## Global Climate Summit & Affiliate Events

Karen Buhr attended the Global Climate Action Summit in San Francisco, which brought leaders and people together from around the world to "Take Ambition to the Next Level." It was also an opportunity to celebrate the extraordinary achievements of states, regions, cities, companies, investors and citizens with respect to climate action, and we wanted to make sure that RCDs were represented at this historic event. CARCD staff also attended the affiliated Scaling Up Climate Smart Agriculture Event hosted by CDFA, which connected climate stakeholders including farmers and ranchers, multinational corporations, foreign governments and non-governmental organizations to advance the role of agriculture in climate solution discussions. At another affiliate event hosted by the Department of Conservation, we presented a poster on how RCDs have been and will be key to providing technical assistance to producers incorporating carbon sequestration practices in their operations.

## Welcomed Two New Members to Our Team

The CARCD team is growing! Monika Whitfield ([monika-whitfield@carcd.org](mailto:monika-whitfield@carcd.org)) is our new Advancement Consultant and Jenn Shepard ([jenn-shepard@carcd.org](mailto:jenn-shepard@carcd.org)) is our Forestry Program Manager. Monika will be helping CARCD to develop new and sustainable revenue streams for CARCD and the RCD network. Jenn will be managing the Forestry Program in the Central Sierra with funding from the NRCS RCPP contract that CARCD was awarded earlier this year. Please join us in welcoming Monika and Jenn to the RCD family!

## Central Sierra Regional Meeting

We headed up to the Central Sierra Regional Meeting in Tahoe to share relevant news and announcements from a statewide perspective, and hear updates from our partners and from the RCDs in the region. The regional meetings are a treat for the CARCD team. We always sincerely enjoy attending them and reconnecting with our district colleagues. Thank you to Tahoe RCD for hosting!

## User Group Meeting to Discuss the RCD Project Tracker

Also in Tahoe, we joined representatives from Gold Ridge RCD and Marin RCD in a User Group meeting hosted by Sitka Technologies to discuss the [RCD Project Tracker](#) and other instances where similar databases are being developed across the country. The RCDs shared some of their successes, challenges, and where they see future opportunities for the Project Tracker. CARCD was thrilled to be part of the meeting in support of this ongoing and important work.

## California Roundtable on Agriculture and the Environment

For the past ten years, the California Roundtable on Agriculture and the Environment (CRAE) has been bringing agricultural and environmental leaders together in a forum to find common ground and work together to find solutions that support industry and conservation goals. CARCD is active member and participant in these important

discussions that have statewide implications for the future of conservation and agriculture. We met with partners to discuss critical environmental and agricultural challenges with a focus on the importance of technical assistance and the active management of working lands.

## **Tabling at State Water Control Board's Cannabis Workshop**

We participated and tabled at the State Water Control Board's Cannabis Workshop in Ukiah as well as at the the local water board chapter of Santa Barbara County to gather information from local cannabis producers about their needs. We promoted and enhanced visibility of RCDs with producers by talking to them and distributing resource materials about general RCD services.

## **Strengthening Ties with the Farmer's Guild**

The Farmer's Guild is a growing organization which has ten guilds across northern California and works to connect their members to resources available in their area. We visited with the farmer's guild in Sebastopol and Gold Ridge to develop partnerships and potentials for collaborative outreach projects particularly to historically underserved producers.

## **Strategic Meeting on Solutions to Permitting Challenges**

We participated in a high-level meeting to discuss challenges in programmatic permitting for restoration. Attendees included representatives from funders, lobbyists, and RCD partners to discuss potential solutions with multi-lateral support.

## **Meetings with NRCS Leadership**

We met with NRCS leadership to explore where our statewide partnership can be strengthened, to look for new opportunities, and to discuss a couple of contract opportunities that would enable CARCD to pass through funds to RCDs. We value our partnership with NRCS and are excited for the leadership of Gayle and Carlos plus all the other great leadership staff we work with.

## **Meeting with Conservation Strategy Group**

Our partnership with Conservation Strategy Group (CSG) has been instrumental in successfully advocating for legislation that funds and supports critical RCD work, including passing a Forest Health and Fire Resilience package with 6 bills that will be relevant to RCDs. In September we learned that Tasha Newman and Mark Fenstermaker, CSG's lead legislative team, have decided to start their own lobbying firm. Based on our history and strong working relationship, CARCD's board of directors has preliminarily approved that we continue our advocacy work in partnership with Tasha and Mark.

## **Multiple Meetings with Department of Conservation**

We maintain a strong relationship with the Department of Conservation Division of Land Resource Protection and their leadership through regular meetings, open dialogue, and continual collaboration.

## **Kick-off Two Air Force Base / RCD Contracts**

CARCD is a California Cooperative Ecosystem Studies Unit (CESU) member, which enables us to apply for

contracts with U.S. military branches on behalf of RCDs (which are not eligible to do so on their own). In September we kicked off a contract with Travis Air Force Base in partnership with Solano RCD to control barbed goatgrass and treasure flower weeds on the base. The Vandenberg Air Force Base contract also started in September in partnership with Cachuma RCD to remove eucalyptus and Monterey pine in areas that are within potential habitat for a list of key native species.

## The NACD eResource

Weekly news briefs from the National Association of Conservation Districts

### NACD ANNOUNCES BREAKOUT SESSIONS, SCHOLARSHIP OPPORTUNITIES

[NACD's 73rd Annual Meeting](#) will be held Feb. 2–6, 2019, in San Antonio, Texas. During Monday and Tuesday, NACD will feature 16 breakout sessions focusing on the work of conservation districts and their partners. The sessions, which sometimes feature several speakers, are aligned into four themed tracks: Communications; District Operations, Member Services and Partnerships; Natural Resources Policy and Protection; and Stewardship and Education.

By attending NACD's Annual Meeting breakout sessions, meeting-goers will learn how to improve district social marketing strategies and community outreach; maximize partnerships and planning to increase district operations efficiency; and

#### NACD Offices Closed for Staff Retreat

NACD's offices remain closed Oct. 16–17 as the national association's staff meets in Maryland for an annual staff retreat. The offices will reopen Thursday, Oct. 18 at 9:00 a.m.

#### NACD Welcomes New Projects and Partnerships Coordinator

On Monday, Oct. 8, NACD welcomed **Carlton Bridgeforth** as the national association's Projects and Partnerships Coordinator. Bridgeforth has been working for NACD since

tailor conservation opportunities to advance districts' impact. Visit the [2019 Annual Meeting Breakout Sessions page](#) to read session descriptions and plan for the sessions you would like to attend.

Thanks to the generous support of **Agri Drain** and **Warner Ranch**, NACD will be offering first-time meeting attendees complimentary meeting registration and a ticket to Tuesday night's Appreciation Banquet. Only one person per state or territory may receive a scholarship, and chosen individuals must stay in the NACD room block at the [Marriott Rivercenter](#).

Once a state or territory association selects a scholarship recipient in cooperation with their NACD board member, they will send the recipient's name and email address by **Friday, Dec. 14** to [NACD Director of Membership Kimberly Uldricks](#) to complete their registration. To submit a name for consideration, [please contact your state or territory association](#).

---

## NACD STAFF GATHERS IN MARYLAND

NACD's staff is in Chestertown, Md., this week for the association's annual staff retreat. During Monday's programming, Kent Soil and Water Conservation District (SWCD) provided a welcome to the region and discussed the district's role within the Chesapeake Bay watershed.

July on a temporary basis, providing technical support and financial management for the 2018 Technical Assistance Grants.

Bridgeforth comes to NACD from his family's fifth-generation farm operation, Bridgeforth Farms, in Tanner, Ala., where he is a partner. He also currently serves as treasurer of the United Sorghum Checkoff Program and as a committee member of the Agricultural Technical Advisory Committee for Trade (ATAC). Bridgeforth has previous experience in the finance and banking industry working for companies such as Bank of America, Deutsche Bank and Wachovia Securities. Carlton has a bachelor's degree in business administration from Morehouse College and is originally from Alabama. Welcome Bridgeforth to the team at [carlton-bridgeforth@nacdnet.org](mailto:carlton-bridgeforth@nacdnet.org).

---

Pictured are **NACD CEO Jeremy Peters**, Kent SWCD Conservation Planner **Jenny Lee** and Board Chairman **Tommy Unruh**. Lee and Unruh described the district's technical assistance work and the challenges posed by the region's soils.

NACD staff also took a tour of Corteva's Chesapeake Farms, and learned about their wildlife management, water quality strategies and usage of cover crops. During the retreat, NACD staff are working to evaluate existing and upcoming programs to improve services to districts nationwide.

---

## **NACD PARTICIPATES IN MEETING ON EFFECT OF WILD HORSES AND BURROS ON LANDSCAPES**

On Oct. 1, **NACD President Brent Van Dyke** [sent a letter](#) to the National Wild Horse and Burro Advisory (NWHBA) Board reaffirming the national association's policies with solutions to address the overpopulation of wild horse and burros on the nation's rangelands.

## **Important ANNOUNCEMENTS**

### **California Association of RCDS Debuts New Website**

On Oct. 15, the California Association of Resource Conservation Districts (CARCD) launched a new website as a more extensive communication tool, showcasing the extensive work and accomplishments of the state's Resource Conservation Districts (RCDs). Through the revamped website, CARCD looks to be a unifying resource to explore environmental challenges and mobilize conservation partners and individuals to do the work. Be sure to visit [CARCD website](#) for the latest in news, events and resources for resource conservation districts.

---

### **USDA Invests in Underserved Veteran Farmers and Ranchers**

On Friday, Oct. 12, **U.S. Secretary of Agriculture Sonny Perdue** announced the U.S. Department of Agriculture (USDA) will issue \$9.4 million in grants to provide enhanced training, outreach and technical assistance to underserved and veteran

Last week, the NWHBA Board met in Salt Lake City, Utah, to provide recommendations to the Bureau of Land Management (BLM) on how to restore the health of our public rangelands. During the meeting, board members emphasized the importance of science and rangeland health for management decisions. Board members also discussed the disparity of management tools across different landscapes and regions. **NACD's Natural Resource Policy Specialist Adam Pugh** attended the meeting and [\*addressed the board during public comment\*](#).

At the meeting in Salt Lake City, the NWHBA board members voted to endorse Option One in the BLM's Report to Congress to address the overpopulation and return to the AML within eight years while being fiscally responsible. The BLM announced its plan to offer \$1,000 incentives to adopt a wild horse or burro and is still finalizing its internal policies to implement this program.

farmers and ranchers. Funding is available through the USDA's Outreach and Assistance for Socially Disadvantaged Farmers and Ranchers and Veteran Farmers and Ranchers Program managed by the USDA Office of Partnerships and Public Engagement (OPPE). The program was created in the 1990 Farm Bill to help socially disadvantaged farmers, ranchers and foresters, who have historically experienced limited access to USDA loans, grants, training and technical assistance.

### **Civil Eats: Farm Conservation Practices Are Profitable. But Will Lenders and Insurers Step Up?**

By Virginia Gewin  
10/15/18

While conservation-oriented farmers spent some money that conventional farmers didn't—most notably on cover crop seed and herbicides—they saw savings in the form of fertilizer costs, labor, equipment and fuel costs. According to the report, the farmers using conservation practices also saw an increase in yields in good years and less yield loss in bad weather years.

### **Agri-Pulse: New WOTUS rule projected for September 2019**

By Steve Davies  
10/17/18

The Environmental Protection Agency says it is on track to issue a final rule replacing the Obama administration's 2015 "waters of the United States" rule by September 2019.

**Feedstuffs: USDA issues \$4.8b in farm safety net, CRP payments**

By Jacqui Fatka

10/12/18

The U.S. Department of Agriculture plans to pay out farm safety net support of \$4.8 billion in the weeks ahead. Approximately \$3 billion in payments will be made under the Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) programs for the 2017 crop year, and approximately \$1.8 billion will go to annual rental payments under the Conservation Reserve Program (CRP) for 2018.

**Indiana Prairie Farmer: Covers aren't just for corn, soybeans**

By Tom J Bechman

10/18/18

Cover crop use is skyrocketing in Indiana corn and soybean rotations, but there's also increasing use of cover crops in Indiana's specialty crops. Because cover crops provide weed control, erosion control, organic matter, nutrient scavenging and other benefits, they have a place in specialty crop production.

**CNBC: Agricultural damage from Hurricane Michael forecast to top \$1.3 billion, led by cotton and pecans**

By Jeff Daniels

10/15/18

Agricultural damage from Hurricane Michael's rampage last week across Georgia, Alabama and Florida is forecast to top \$1.3 billion, with pecan and cotton farms the hardest hit as well as the region's poultry operations.

**Agri-Pulse: USDA, EPA and FDA vow to reduce food waste**

By Bill Tomson

10/18/18

The heads of the USDA, FDA and EPA announced they will be working in tandem to cut down on crops left unharvested and reduce the food that goes uneaten and into landfills every year.

**Dakota Farmer: Flowers bloom, cattle thrive in rotational grazing system**

By Janelle Atyeo

10/16/18

Vilhauer is surprised by the number of different grasses and wildflowers that have shown up since he converted from a season-long grazing system to a twice-over rotational grazing system. He rotates his cow-calf pairs between four pastures and lets the land rest and regenerate between grazing. The presence of wildflowers is a sign of much improved soil and

rangeland health.

**KTIV: USDA announces \$9.4 Million to support socially disadvantaged and veteran farmers**

10/15/18

The U.S. Department of Agriculture (USDA) will issue \$9.4 million in grants to provide enhanced training, outreach, and technical assistance to underserved and veteran farmers and ranchers.

**Fortune: Why General Mills Is Turning to 'Throwback' Farming to Fight Climate Change**

By Emma Hinchliffe

10/17/18

The 152-year-old food company is turning to “a throwback of classic, old farming practices” combined with new methods to contribute to a more sustainable future for the food industry. That means expanding its organic acreage and implementing regenerative farming practices with perennial grains, cover crops and pollinator habitats.

CALIFORNIA ASSOCIATION OF  
**RESOURCE**  
CONSERVATION DISTRICTS

Dear Colleagues,

In service to all RCDs throughout the state, the CARCD team is always on the lookout for events, news, funding opportunities, and any other resources that could be relevant to the important work that you do in your communities. Please see below for this week's digest of announcements.

If you have questions about any of the content listed below, please don't hesitate to contact us.

Thank you and Happy Friday!

  2. [Funding Opportunities](#)
  3. [Advocacy & Legislation](#)
  4. [RCD News](#)
  5. [Conservation Announcements](#)
- 

## CARCD Updates

## Our new website is live!

We are thrilled to announce the launch of our new website! If you haven't had a chance to see it yet please visit [www.carcd.org](http://www.carcd.org). We also have a couple of asks of you. Please take a look at the [RCD Map](#) and make sure that the contact information for your RCD is correct. Also, we now have a [Conservation Resources](#) section of our website dedicated to hosting a library of RCD publications for the public that are organized by region. Please take a look at that page and e-mail [sara-schremmer@carcd.org](mailto:sara-schremmer@carcd.org) if your RCD has any publications that you would like us to add.

## Register for the Soil Health Summit and Other Conference Extras

Registration for conference extras is now live. [Use this link to sign up](#) for our Friday night dinner, Wednesday Soil Health Summit (no cost), and Wednesday Solid Ground Capacity Building (no cost).

## Communication Academy Registration is Open!

We've heard you! To help you reach the people who can support your RCD with meeting its goals, we have designed the [RCD Communications Academy](#) with your interests and needs in mind. This free course designed exclusively for RCD staff and directors includes simple tools and straight-forward activities in combination with six engaging webinar sessions that you can engage in from the comfort of your office or home. Please [register by October 26, 2018 using this form](#) in order to participate in this free training!

## Looking for Volunteer Conference Videographer

We are looking for a volunteer who can film the Communications training on Wednesday and/or the plenary sessions and keynote speaker on Thursday at the CARCD conference. We do not currently have any equipment, and are looking for someone who can utilize their own. Please email Kiko with interest at [kiko-barr@carcd.org](mailto:kiko-barr@carcd.org).

## Call for Silent Auction Contributions

The CARCD Conference is coming up in less than a month, and now is a great time to start collecting items for the annual silent auction. The silent auction is an important part of being able to keep the conference affordable and we want to say a big thank you for all the generous contributors who make it possible every year. Simply bring your item to one of the registration table at the conference and bidding will close 11 am on Friday.

## Let Us Know Your Speak-off Competition Winners

If you haven't already, please let us know the names of the speak-off winners by emailing Emily at [emily-sutherland@carcd.org](mailto:emily-sutherland@carcd.org). We will need to know them for our final competition taking place at the conference.

## Breakout Sessions and Agenda for CARCD Conference Out Now

We are excited to announce the release of our preliminary [breakout sessions](#) and [conference agenda](#)! This year's conference will feature opening session speakers including Claire Jahns from the Natural Resource Agency, Louise Bedsworth from the CA Strategic Growth Council, Sam Schuchat with the Coastal Conservancy, and John de Graaf, author and filmmaker. There will be over 45 presentations in three breakout session tracks including topics on: Transformative Working Lands, Forests and Fires, Urban Community Adaptation, Water Conservation, and Conservation Tools. You can find additional [information about our conference here](#).

## Announcing CARCD Board's Resolutions

CARCD appreciates all the hard work the RCD community has engaged in as it strives towards the goal of being visible, relevant and excellent. We have all rolled up our sleeves and the results of that effort are being realized and becoming more apparent every day. As a network we are getting stronger and more able to reach our goals. In order to be able to meet the growing needs you have, CARCD has also been working hard to strengthen its ability to support you. As a small part of this effort, the CARCD Board is proposing that the CARCD membership approve five resolutions at the 2018 Annual Business Meeting. All dues-paying RCD members can vote on these resolutions--however, they need to first submit a delegate credential. RCDs can submit delegate credentials and look over the five resolutions on [the Conference announcements page](#).

---

## Funding Opportunities

### CAL FIRE's Fire Prevention Grants Program

CAL FIRE has announced the solicitation of the 2018-2019 Fire Prevention Grants Program. California's 2018-2019 budget allocates up to \$155 million to CAL FIRE's Fire Prevention Program.

Through the California Climate Investments (CCI) Fire Prevention Grant Program, CAL FIRE aims to reduce the risk of wildland fires to habitable structures and communities, while maximizing carbon sequestration in healthy wildland habitat and minimizing the uncontrolled release of emissions emitted by wildfires. Applications need to be submitted no later than December 19. Please see the [Fire Prevention Grants Webpage](#) for a complete overview.

### Draft Guidelines for CEC Renewable Energy for Agriculture Program (REAP)

The California Energy Commission plans to offer grants later this year that will fund the installation of renewable energy projects on agricultural operations. This new program is called the Renewable Energy for Agriculture Program (REAP) and they anticipate the grants will fund projects such as the installation of solar and wind systems and certain equipment served by these systems. Comments on the Draft Guidelines for the REAP will help shape the structure of the program and other eligibility criteria prior to the adoption of final guidelines. Review the [REAP Draft Guidelines, Second Version staff report](#). Comments should be submitted by October 22.

### Draft Guidelines and Schedule for Coastal Conservancy's Prop 68 Funding

Draft [guidelines for Coastal Conservancy's Prop 68 funding](#) are out. Below is the proposed schedule for the Prop 68 programs.

- Fall 2018: Draft project solicitation and evaluation guidelines that include monitoring and reporting requirements.
- Fall 2018: Provide guidelines to California Natural Resources agency for review
- Winter 2018: Post draft solicitation and evaluation guidelines on the Conservancy's website for at least 30 days before the public meetings.
- Spring 2019: Conduct three public meetings to consider public comments

- May - August 2019: Adopt final solicitation and evaluation guidelines

---

## Advocacy & Legislation

### MATCH CHALLENGE from Inland Empire RCD

CARCD contracts with Conservation Strategy Group (CSG) to advocate for funding both directly to RCDs (through DOC) and through grant programs to our partners like the conservancies, CAL FIRE, CDFW, DWR and others; make agency partners aware of RCDs to bring in contracts and make it easier for you to do your work; and solve problems that keep you from being able to do your job. CARCD pays for a large portion of the contract directly out of our budget, but we also need RCDs to contribute in order for our partnership with CSG to be sustainable. If we do not receive enough RCD contributions this year to cover our contract, we will have to put our work with CSG on hold – which would be a very difficult decision to make after building so much forward momentum this past year. **The Inland Empire RCD has offered to match \$20,000 toward CARCD operations this year to free up space in our budget so that we can fund CSG work on behalf of the RCDs. So please consider a donation of any amount and that amount will be matched by Inland Empire RCD.** Additional information about the [amazing work that CSG does on behalf of RCDs can be found here](#).

### CARCD Supports Proposition 3

Proposition 3, the Water Supply and Water Quality Act of 2018, is a statewide water bond measure that will appear on the November 6th statewide ballot. The bond measure is supported by a wide variety of organizations, including CARCD, California Farm Bureau Federation, Planning and Conservation League, the Association of California Water Agencies, California Chamber of Commerce, Community Water Center, and hundreds of other organizations. We strongly urge you to vote YES on 3! Find links to more information on Prop 3 on our site's [Advocacy page](#). To learn more about the measure or get involved in the campaign, please visit [www.waterbond.org](http://www.waterbond.org) and follow Prop 3 on twitter [@CAWaterBond](#).

---

## RCD News

### Yolo County RCD "Lunch and Learn on the Farm"

Lunch and Learn on the Farm is a free event which includes lunch and talks on the CDFA Healthy Soils Incentive Program, Central Valley Habitat Exchange, Fish Food on the Floodplain project, and a tour of River Garden Farms' conservation practices. Join them on Friday, December 7, 12 - 4pm at River Garden Farms in Knights Landing. [You can RSVP here](#).

*If your RCD has job openings, community events, or announcements that you would like to share with the RCD network, please e-mail me at [sara-schremmer@carcd.org](mailto:sara-schremmer@carcd.org) with the details so that we can include them in an upcoming Weekly Digest.*

---

## Conservation Announcements

### Opening for Point Blue CEO

Point Blue has started their search for their next CEO. The [job announcement is posted on the Isaacson Miller](#) website where interested individuals can submit an application. Their current CEO, Ellie Cohen is stepping down after twenty years. You can see her [farewell blog post here](#).

### Audubon California's HSI Demonstration

Audubon California will be hosting their first [Field Day and Farm Tour](#) on Friday, December 7. They will be highlighting healthy soils practices being implemented at our partner farm, which include a cover crop and riparian buffer vegetation. We will also showcase other conservation opportunities employed at the farm. NRCS field office staff and UCCE farm advisors will be in attendance to provide technical assistance and answer questions.

## National Conservation Foundation Leadership Campaign

#NCFNextGen

Dear Conservation Leaders,

I've been involved in agriculture my whole life, but my career in conservation began when I realized at an early age that production agriculture couldn't be sustainable without preserving the nation's natural resources.

However, as I look out during NACD meetings, I am stricken with reality that it's time to pass the torch. If we go away, who is going to tell our story? We're an older generation, and the average age of American producers continues to get older. It is so crucial we get the next generation to understand the significance of what we do as a national association and get them involved. It's our responsibility to invest in future leaders and get them excited about carrying on this legacy.

That's why earlier this month, the National Conservation Foundation (NCF), in partnership with the National Association of Conservation Districts (NACD), launched the Next Generation Leadership Campaign to support the next generation of conservation leaders. Identifying and aiding these individuals will allow the conservation mission to live on through the next generation of conservation leaders.

Contributing to this campaign enables NACD and NCF to identify and develop leaders on the local, state and national level. If we are going to be sustainable as a country, we have to set up a model that will assist and deliver conservation for the next 50 years. This campaign will help us recruit the leaders in that next generation that are best equipped to continue circulating the conservation message in the future.

We have to gather the next generation of men and women to get a game plan on how agriculture and conservation move forward. Through this campaign, we have a vision to reach the next generation to help them develop the skillset they need to enable them to make a difference in the

conservation community.

Your contribution will be matched dollar for dollar by a generous benefactor to reach our year-end goal of \$100,000. I encourage you to [support this important effort](#) and help us achieve our goal by Dec. 31, 2018.

Sincerely,

Brent Van Dyke  
President, NACD

[1]

Dear Colleagues,

We are thrilled to announce that CARCD'S NEW WEBSITE IS NOW LIVE! [2]

It is so exciting to launch a web page that better reflects the amazing and impactful work that Resource Conservation Districts (RCDs) are doing around the state. I am constantly in awe of how hard the RCDs fight to improve their communities and natural resources and how difficult it is to be non-partisan, open and accepting while making real and lasting change. I am equally as amazed at the power that bringing people together around common challenges achieves. I am also amazed at the amount of work they get done for next to no money.

RCD work is critical. With the growing environmental challenges our state and world face and the growing political divide, the role of the RCDs is more important than ever. We need an army of folks on the ground fighting to solve environmental challenges while bridging the divides we feel in our communities.

The challenges in front of us are large and our solutions have to match the enormity of what we face. Because of that, we can't do it alone. None of us can do it alone. We are so thankful for all of our partners that believe in this work, the role of the RCDs, and our communities. Thanks for jumping in shoulder to shoulder and creating change with us. Just visit the partners page to see just how many folks are part of the solution.

I look forward to tackling the challenges that are ahead of us, I am glad that we have a California that is united around solving these challenges and I look forward to finding solutions with all the RCDs and each of our partners. Thanks for being part of this community and part of the RCD family.

With Gratitude,

Karen Buhr  
Executive Director

P.S. Please see below for announcements related to our Annual Conference, which is shaping up to be an unforgettable event. We hope to see you there in San Diego next month!

#### THE 73RD ANNUAL CARCD CONFERENCE

The 73rd annual CARCD Conference is less than a month away! You're invited to join Resource Conservation Districts and their partners from November 14-17, 2018 in San Diego, CA as they share their work, strengthen their network, and come together in "Celebrating Resilient Landscapes and Adaptive Communities".

Click here for additional information and to register for the Conference [3].

The cost is \$365 for RCDs and \$385 for Partners/Other Organizations.

FULL REGISTRATION INCLUDES: Plenary and break out sessions, beachside chats, exhibition booths, and meals including the Banquet Dinner

#### CONFERENCE HIGHLIGHTS

View the landing page for our 73rd conference here [4] and our interactive agenda here [5].

[6]

SING KEYNOTE: JOHN DE GRAAF [7]

John de Graaf is an author, filmmaker, and part of the And Beauty for All [8] project which believes that "all Americans appreciate beauty, regardless of their political views, origin, economic status or creed,

and that working to restore beautiful landscapes and create beautiful places is a non-partisan cause that can bring us together and build community in polarizing times."

CONFERENCE WELCOME: LORENA GONZALEZ FLETCHER [9]

Member of the California State Assembly from the 80th district

FRIDAY MORNING KEYNOTE: KAREN ROSS [10]

Secretary of California Department of Agriculture

PANEL DISCUSSIONS TO ENGAGE AND INSPIRE

EXPLORING SOLUTIONS FOR ADAPTION

Moderated by Sam Schuchat [11], Coastal Conservancy

A WHOLE COMMUNITIES PERSPECTIVE

Moderated by Kellyx Nelson [12], San Mateo RCD

REGISTER FOR CONFERENCE EXTRAS

Registration for conference extras is now live! [13]

FRIDAY NIGHT DINNER will be at Bali Hai Restaurant [14], a one mile walk from the conference venue along the water, and featuring a three-course meal with wine and views of the San Diego bay and skyline. Registration will be \$40.

SOIL HEALTH SUMMIT (no cost) is presented in in collaboration with NRCS and East Stanislaus RCD. It will feature a free day of technical trainings, education and outreach techniques, small group project discussions, and networking with soil health professionals including Kevin Watt, Peter Donovan, Rex Dufour, Libby Porzig. The event is on Wednesday; the agenda is out now [15].

RCD CAPACITY DAY (no cost) will focus on board leadership, revenue development, and communications, with trainings and content developed exclusively for RCD staff and directors. The detailed agenda can be viewed here [16].

Water infiltration demonstration at the 2017 Soil Health Summit

CALL FOR SILENT AUCTION ITEMS

CARCD Conference is only one month away and now is a great time to start collecting items for the annual silent auction. The silent auction is an important part of keeping the conference affordable and we want to say a big thank you to all of our generous supporters whose contributions make this event a success every year. To make a donation please bring your auction item to our registration table at the conference. Bidding closes 11am on Friday, November 16.

PHOTOGRAPHER/VIDEOGRAPHER NEEDED

We have amazing speakers and lots of memories being made every year at our conference. To capture some of these to share, we are looking for volunteers who have their own equipment who can photograph or film keynote speakers, panels, the awards luncheon, and conference attendees. If you are interested, please contact Kristen at [kristen-murphy@carcd.org](mailto:kristen-murphy@carcd.org) [17].

SPONSOR THE CONFERENCE

We believe that voluntary, locally-led conservation is the key to ensuring thriving landscapes and adaptable communities for all Californians. If you feel the same, PLEASE JOIN US TODAY BY BECOMING A SPONSOR OF THE 73RD ANNUAL CARCD CONFERENCE IN SAN DIEGO [18]. This is an exciting opportunity to gain recognition for the work that you do, network with like-minded professionals, and promote the visibility of your organization or business. We look forward to sharing your story with our network!

[1]

Dear RCDs,

We are partners on a CDFA Healthy Soils Initiative Demonstration Project with Audubon CA. As part of this project we are hosting our first Field Day and Farm Tour on Friday December 7, 2018.

At this event, we'll be highlighting healthy soils practices being implemented at our partner farm, which include a cover crop and riparian buffer vegetation. We will also showcase other conservation opportunities employed at the farm. NRCS field office staff and UCCE farm advisors will be in attendance to provide technical assistance and answer questions.

Attached is the flyer for the workshop with the schedule and additional details. Event registration is here! [2] Would it be possible to advertise the event on your website and/or in your newsletter to reach farmers?

Regards,

Kristen Murphy

California Association of  
Resource Conservation Districts  
partner in local conservation and sustainable agriculture

# Lunch and Learn on the Farm

Join us for an afternoon of conservation opportunities and technical assistance

Friday, December 7<sup>th</sup> 12-4pm at River Garden Farms in Yolo County

## JOIN US

For our first **Lunch and Learn on the Farm** at River Garden Farms. Learn about opportunities to enhance your land, connect face-to-face with conservation practitioners and technical advisors, network with other farmers. Enjoy lunch from the Buckhorn Steakhouse and stay for a chance to win one of our raffle prizes.

**VP:** <https://lunchandlearnonthefarm.eventbrite.com>

## WHO WE ARE & WHAT WE DO

We are a partnership of farmers, agencies and conservation organizations that examines the best avenues for providing resources to farmers to enhance their land for healthy crop production and natural resources conservation.

## HOW WE DO IT

We connect farmers to public and private funding sources and guide the implementation of on-farm conservation practices using both innovative and time-tested management techniques for improving overall farm health.

## HIGHLIGHTED PRACTICES

Practices highlighted at this event include **cover crops** and **planting native woody vegetation** along field edges and waterways.

## FEATURED PROGRAMS

The Field Day will feature market-based incentive programs such as the [Central Valley Habitat Exchange](#) and innovative projects like the [Fish Food on Floodplain](#) project among others.

UCCE farm advisors and NRCS field staff will be in attendance to answer questions.

The 2017 Healthy Soils Demonstration Project is funded by Greenhouse Gas Reduction Funds and is part of California Climate Investments, a statewide program that puts billions of Cap-and-Trade dollars to work reducing GHG emissions, strengthening the economy, and improving public health and the environment.

## LUNCH – LEARN – CONNECT

**Friday, December 7, 12:00-4:00pm**

River Garden Farms

41758 Co Rd 112,

Knights Landing, CA 95645

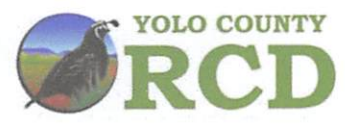

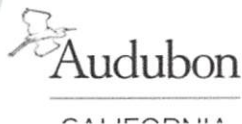

## Schedule:

- 12:00 **DOORS OPEN:** explore conservation opportunities & network
- 12:30 **LUNCH:** featuring *Buckhorn Steakhouse*
- 1:00 **SPEAKERS:** Hear from the farm conservation practitioners and technical advisors. **Live Q&A**
- 2:00 **TOUR:** cover crop and riparian buffer projects
- 3:00 **NETWORK:** farmers, conservation practitioners & technical advisors
- 3:45 **RAFFLE PRIZE DRAWING**

## LET US KNOW YOU ARE COMING!

From: Courtney Provo <[courtney@missionrcd.org](mailto:courtney@missionrcd.org)>  
To:

Good morning:

Today is the deadline to RSVP to the upcoming Area Meeting, which is Saturday October 27th. If you are receiving this email, we have not received a response to our Save the Date Invite. Please advise if you will be attending so that we can confirm our headcount and work toward finalizing food and drink arrangements.

Thank you in advance and we look forward to seeing you.

Have a great day.

Courtney Provo

District Manager

Mission Resource Conservation District

(760) 728-1332

[courtney@missionrcd.org](mailto:courtney@missionrcd.org)

# SAVE THE DATE!

Mission Resource Conservation District is  
hosting the fall 2018 SoCal Inland Region Area  
Meeting on **Saturday, October 27th** from **9:30  
AM – 2:30 PM**

**Location:** MRCD's New Downtown Office  
130 E. Alvarado Street, Fallbrook, CA 92028

Please **RSVP** to Courtney Provo at  
[courtney@missionrcd.org](mailto:courtney@missionrcd.org) or (760) 728-1332 by  
Monday, October 15<sup>th</sup>

Subject Fwd: What was CARCD up to in September?

[1]

Dear RCD Colleagues,

CARCD works hard every day to be a partner that you can rely on. We strive to operate transparently and to find opportunities where our efforts can result in increased funding, heightened visibility, and new partnerships for your districts and for the network as a whole. CARCD wouldn't have reason to exist if it weren't for the RCDs. We are committed and beholden to your success!

Our intention with this monthly e-mail is to keep you in the loop so that you know what we're up to and what's happening at the statewide level. This list isn't exhaustive, but we hope that it helps paint a picture of some of the exciting work that we're doing every day on behalf of your districts.

With Gratitude,  
The CARCD Team

#### HOSTED THE SECOND RCD BOARD LEADERSHIP BOOT CAMP

CARCD hosted the second RCD Board Leadership Boot Camp in Oakhurst, CA at the beginning of September. The Boot Camps were a leadership opportunity made available through CARCD's Capacity Building Program. Co-facilitated by Solid Ground Consulting, this Boot Camp included a day and a half of curriculum and networking opportunities designed to build new connections and deepen participant knowledge of board best practices, and help the directors gain confidence in how to bring their individual skills and capacities to the table to ensure their RCD's success. Thank you to everyone who participated!

#### LAUNCHED THE NEW RCD DIRECTORS LISTSERV

We had been hearing a lot of interest from RCD directors who wanted to have a streamlined way to connect with each other and ask RCD-related questions, share successes and challenges, and so on. In response, we created a new listserv - [director\\_listserv@carcd.memberclicks.net](mailto:director_listserv@carcd.memberclicks.net) [2] - to be used exclusively by RCD directors. If you are an RCD director and want to use the listserv but you aren't sure if you've been added, please contact [sara-schremmer@carcd.org](mailto:sara-schremmer@carcd.org) [3].

#### CONDUCTED AN ANNUAL RCD NEEDS ASSESSMENT

CARCD's programs and projects are developed to meet the diverse needs of all RCDs, and we can't improve or expand our support unless we hear from you. In September we sent out an Annual RCD Needs Assessment survey to help us understand what your RCD's current and future challenges might be and how CARCD could offer support to meet your needs going forward. We also asked for feedback, positive or negative, about your experience working with CARCD over the past year. Just like the RCDs, CARCD is on its own capacity building journey and we are experiencing an exciting time of growth; your input helps us understand what's working well and where we can improve. Thank you to those of you who participated! If you weren't able to fill out the survey but would still like an opportunity to share your feedback with us, please e-mail [sara-schremmer@carcd.org](mailto:sara-schremmer@carcd.org) [4].

#### GLOBAL CLIMATE SUMMIT & AFFILIATE EVENTS

Karen Buhr attended the Global Climate Action Summit in San Francisco, which brought leaders and people together from around the world to "Take Ambition to the Next Level." It was also an opportunity to celebrate the extraordinary achievements of states, regions, cities, companies, investors and citizens with respect to climate action, and we wanted to make sure that RCDs were represented at this historic event. CARCD staff also attended the affiliated Scaling Up Climate Smart Agriculture Event hosted by CDFA, which connected climate stakeholders including farmers and ranchers, multinational corporations, foreign governments and non-governmental organizations to advance the role of agriculture in climate solution discussions. At another affiliate event hosted by the Department of Conservation, we presented a poster on how we have been and will be key to providing technical assistance to producers incorporating carbon sequestration practices in their operations.

#### WELCOMED TWO NEW MEMBERS TO OUR TEAM

The CARCD team is growing! Monika Whitfield ([monika-whitfield@carcd.org](mailto:monika-whitfield@carcd.org)) is our new Advancement Consultant and Jenn Shepard ([jenn-shepard@carcd.org](mailto:jenn-shepard@carcd.org)) is our Forestry Program Manager. Monika will be helping CARCD to develop new and sustainable revenue streams for CARCD and the RCD network. Jenn will be managing the Forestry Program in the Central Sierra with funding from the NRCS RCPP contract that CARCD awarded earlier this year. Please join us in welcoming Monika and to the RCD family!

#### CENTRAL SIERRA REGIONAL MEETING

We headed up to the Central Sierra Regional Meeting in Tahoe to share relevant news and announcements from a statewide perspective, and hear updates from our partners and from the RCDs in the region. The regional meetings are a treat for the CARCD team. We always sincerely enjoy attending them and reconnecting with our district colleagues. Thank you to Tahoe RCD for hosting!

#### USER GROUP MEETING TO DISCUSS THE RCD PROJECT TRACKER

Also in Tahoe, we joined representatives from Gold Ridge RCD and Marin RCD in a User Group meeting hosted by Sitka Technologies to discuss the RCD Project Tracker [7] and other instances where similar databases are being developed across the country. The RCDs shared some of their successes, challenges, and where they see future opportunities for the Project Tracker. CARCD was thrilled to be part of the meeting in support of this ongoing and important work.

#### CALIFORNIA ROUNDTABLE ON AGRICULTURE AND THE ENVIRONMENT

For the past ten years, the California Roundtable on Agriculture and the Environment (CRAE) has been bringing agricultural and environmental leaders together in a forum to find common ground and work together to find solutions that support industry and conservation goals. CARCD is active member and participant in these important discussions that have statewide implications for the future of conservation and agriculture. We met with partners to discuss critical environmental and agricultural challenges with a focus on the importance of technical assistance and the active management of working lands.

#### TABLING AT STATE WATER CONTROL BOARD'S CANNABIS WORKSHOP

We participated and tabled at the State Water Control Board's Cannabis Workshop in Ukiah as well as at the the local water board chapter of Santa Barbara County to gather information from local cannabis producers about their needs. We promoted and enhanced visibility of RCDs with producers by talking to them and distributing resource materials about general RCD services.

#### STRENGTHENING TIES WITH THE FARMER'S GUILD

Farmer's Guild is a growing organization which has ten guilds across northern California and works to connect their members to resources available in their area. We visited with the farmer's guild in Sebastopol and Gold Ridge to develop partnerships and potentials for collaborative outreach projects particularly to historically underserved producers.

#### STRATEGIC MEETING ON SOLUTIONS TO PERMITTING CHALLENGES

We participated in a high-level meeting to discuss challenges in programmatic permitting for restoration. Attendees included representatives from funders, lobbyists, and RCD partners to discuss potential solutions with multi-lateral support.

#### MEETINGS WITH NRCS LEADERSHIP

We met with NRCS leadership to explore where our statewide partnership can be strengthened, to look for new opportunities, and to discuss a couple of contract opportunities that would enable CARCD to pass through funds to RCDs. We value our partnership with NRCS and are excited for the leadership of Gayle and Carlos plus all the other great leadership staff we work with.

#### MEETING WITH CONSERVATION STRATEGY GROUP

Our partnership with Conservation Strategy Group (CSG) has been instrumental in successfully advocating for legislation that funds and supports critical RCD work, including passing a Forest Health and Fire Resilience package with 6 bills that will be relevant to RCDs. In September we learned that Tasha Newman and Mark Fenstermaker, CSG's lead legislative team, have decided to start their own lobbying firm. Based on our history and strong working relationship, CARCD's board of directors has preliminarily approved that we continue our advocacy work in partnership with Tasha and Mark.

#### MULTIPLE MEETINGS WITH DEPARTMENT OF CONSERVATION

We maintain a strong relationship with the Department of Conservation Division of Land Resource Protection and their leadership through regular meetings, open dialogue, and continual collaboration.

#### KICK-OFF TWO AIR FORCE BASE / RCD CONTRACTS

is a California Cooperative Ecosystem Studies Unit (CESU) member, which enables us to apply for contracts with U.S. military branches on behalf of RCDs (which are not eligible to do so on their own). In September we kicked off a contract with Travis Air Force Base in partnership with Solano RCD to control barbed goatgrass and treasure flower weeds on the base. The Vandenberg Air Force Base contract also

started in September in partnership with Cachuma RCD to remove eucalyptus and Monterey pine in areas that are within potential habitat for a list of key native species.

UPDATE TO CSDA'S BROWN ACT COMPLIANCE MANUAL

The "Brown Act Compliance Manual for Special Districts" now includes an insert updating members on new special district website requirements. This covers what information must be available on a district's website and how that information must be presented. CSDA thanks contributor Donald Davis, Esq. and the firm of Burke, Williams and Sorensen. The manual is available to members for just \$15 in the CSDA Bookstore.

CSDA WEEKLY NEWSLETTER

October 16, 2018

COURT RULES THAT SPECIAL DISTRICTS MAY LIMIT SPEAKING TIME AT MEETINGS

A CALIFORNIA APPELLATE COURT RECENTLY HELD THAT A TRANSIT BOARD'S RESTRICTION OF PUBLIC COMMENT TO THREE MINUTES PER PERSON, PER AGENDA ITEM, DOES NOT VIOLATE THE RALPH M. BROWN ACT (BROWN ACT) OPEN MEETING REQUIREMENTS. THE DECISION IN RIBAKOFF V. CITY OF LONG BEACH, ET AL. SEEKS TO BALANCE THE PUBLIC'S RIGHT TO ATTEND AND PARTICIPATE IN MEETINGS OF PUBLIC AGENCIES, WHILE ALSO CONSIDERING THE ABILITY OF A PUBLIC ENTITY TO MANAGE MEETINGS IN AN EFFICIENT MANNER. TAKE ACTION

NEW LAWS WILL IMPACT SPECIAL DISTRICTS IN 2019?

During the 2017-2018 legislative session, over 5,000 bills were introduced by the Legislature and over 800 of those bills were signed into law in 2018. With so many legislative measures requiring upcoming changes, CSDA wants to ensure special districts have the most updated information to comply with State law and effectively serve your community.

Each year, after the close of the legislative session, CSDA partners with our business affiliates and other subject matter experts to provide a series of in-depth articles featuring new laws that affect special districts.

CAL FIRE ANNOUNCES \$155 MILLION IN FOREST HEALTH AND FIRE PREVENTION GRANTS

The California Department of Forestry and Fire Protection (CAL FIRE) announced the availability of up to \$155 million for fire prevention and forest health projects. CAL FIRE is soliciting applications for projects that will help prevent catastrophic wildfires and restore forest health while also sequestering carbon and reducing greenhouse gas emissions. The solicitation for forest health grants opened on October 1. The call for applications for fire prevention grants will open on October 17, 2018; applications are due December 19, 2018. The grants will be awarded in March 2019.

DON&#39;T MISS LEGISLATIVE ROUND-UP AND SPECIAL DISTRICTS 101 WEBINARS ON NOVEMBER 1ST

The bi-annual LEGISLATIVE ROUND-UP [9] webinar, free to CSDA members, is from 10:00 a.m. - 12:00 p.m. It will cover the most significant bills and cases from this year and any impact they may have on your district. Then join us from 1:00 - 2:00 p.m. for the free webinar, SPECIAL DISTRICTS 101: WHAT ARE SPECIAL DISTRICTS? [10] This webinar will cover basic messaging about special districts and fundamentals about what special districts are. This is a great webinar for recently elected/hired board and staff members, organizations hoping to work more with special districts, or even seasoned special district members who would like to gain knowledge.

#### NACD ANNOUNCES BREAKOUT SESSIONS, SCHOLARSHIP OPPORTUNITIES

NACD's 73rd Annual Meeting [3] will be held Feb. 2-6, 2019, in San Antonio, Texas. During Monday and Tuesday, NACD will feature 16 breakout sessions focusing on the work of conservation districts and their partners. The sessions, which sometimes feature several speakers, are aligned into four themed tracks: Communications; District Operations, Member Services and Partnerships; Natural Resources Policy and Protection; and Stewardship and Education.

By attending NACD's Annual Meeting breakout sessions, meeting-goers will learn how to improve district social marketing strategies and community outreach; maximize partnerships and planning to increase district operations efficiency; and tailor conservation opportunities to advance districts' impact. Visit the 2019 ANNUAL MEETING BREAKOUT SESSIONS PAGE [4] to read session descriptions and plan for the sessions you would like to attend.

Thanks to the generous support of AGRI DRAIN and WARNER RANCH, NACD will be offering first-time meeting attendees complimentary meeting registration and a ticket to Tuesday night's Appreciation Banquet. Only one person per state or territory may receive a scholarship, and chosen individuals must stay in the NACD room block at the Marriott Rivercenter [5].

Once a state or territory association selects a scholarship recipient in cooperation with their NACD board member, they will send the recipient's name and email address by FRIDAY, DEC. 14 to NACD Director of Membership Kimberly Ulbricks to complete their registration. To submit a name for consideration, please contact your state or territory association [6].

#### NACD STAFF GATHERS IN MARYLAND

NACD's staff is in Chestertown, Md., this week for the Association's annual staff retreat. During Monday's programming, the Soil and Water Conservation District (SWCD) provided a welcome to the region and discussed the district's role within the Chesapeake Bay watershed.

Pictured are NACD CEO JEREMY PETERS, Kent SWCD Conservation Planner JENNY LEE and Board Chairman TOMMY UNRUH. Lee and Unruh described the district's technical assistance work and the challenges posed by the region's soils.

NACD staff also took a tour of Corteva's Chesapeake Farms, and learned about their wildlife management, water quality strategies and usage of cover crops. During the retreat, NACD staff are working to evaluate existing and upcoming programs to improve services to districts nationwide.

#### NACD PARTICIPATES IN MEETING ON EFFECT OF WILD HORSES AND BURROS ON LANDSCAPES

On Oct. 1, NACD PRESIDENT BRENT VAN DYKE sent a letter [7] to the National Wild Horse and Burro Advisory (NWHBA) Board reaffirming the national association's policies with solutions to address the overpopulation of wild horse and burros on the nation's rangelands.

Last week, the NWHBA Board met in Salt Lake City, Utah, to provide recommendations to the Bureau of Land Management (BLM) on how to restore the health of our public rangelands. During the meeting, board members emphasized the importance of science and rangeland health for management decisions. Board members also discussed the disparity of management tools across different landscapes and regions. NACD'S NATURAL RESOURCE POLICY SPECIALIST ADAM PUGH attended the meeting and addressed the board during public comment [8].

At the meeting in Salt Lake City, the NWHBA board members voted to endorse Option One in the BLM's Report to Congress to address the overpopulation and return to the AML within eight years while being fiscally responsible. The BLM announced its plan to offer \$1,000 incentives to adopt a wild horse or burro and is still finalizing its internal policies to implement this program.

NACD WELCOMES NEW PROJECTS AND PARTNERSHIPS COORDINATOR

Monday, Oct. 8, NACD welcomed CARLTON BRIDGEFORTH as the national association's Projects and Partnerships Coordinator. Bridgeforth has been working for NACD since July on a temporary basis, providing technical support and financial management for the 2018 Technical Assistance Grants.

Bridgeforth comes to NACD from his family's fifth-generation farm operation, Bridgeforth Farms, in Tanner, Ala., where he is a partner. He also currently serves as treasurer of the United Sorghum Checkoff Program and as a committee member of the Agricultural Technical Advisory Committee for Trade (ATAC). Bridgeforth has previous experience in the finance and banking industry working for companies such as Bank of America, Deutsche Bank and Wachovia Securities. Carlton has a bachelor's degree in business administration from Morehouse College and is originally from Alabama. Welcome Bridgeforth to the team at [carlton-bridgeforth@nacdn.net](mailto:carlton-bridgeforth@nacdn.net).

CALIFORNIA ASSOCIATION OF RCDS DEBUTS NEW WEBSITE

On Oct. 15, the California Association of Resource Conservation Districts (CARCD) launched a new website as a more extensive communication tool, showcasing the extensive work and accomplishments of the state's Resource Conservation Districts (RCDS). Through the revamped website, CARCD looks to be a unifying resource to explore environmental challenges and mobilize conservation partners and individuals to do the work. Be sure to visit CARCD website [12] for the latest in news, events and resources for resource conservation districts.

USDA INVESTS IN UNDERSERVED VETERAN FARMERS AND RANCHERS

On Friday, Oct. 12, U.S. SECRETARY OF AGRICULTURE SONNY PERDUE announced the U.S. Department of Agriculture (USDA) will issue \$9.4 million in grants to provide enhanced training, outreach and technical assistance to underserved and veteran farmers and ranchers. Funding is available through the USDA's Outreach and Assistance for Socially Disadvantaged Farmers and Ranchers and Veteran Farmers and Ranchers Program managed by the USDA Office of Partnerships and Public Engagement (OPPE). The program was created in the 1990 Farm Bill to help socially disadvantaged farmers, ranchers and foresters, who have historically experienced limited access to USDA loans, grants, training and technical assistance.

Subject: CARCD Annual Business Meeting – Voting Delegate Credential Needed

Date: 2018-10-22 21:46

From: Emily Sutherland <[emily-sutherland@carcd.org](mailto:emily-sutherland@carcd.org)>

To: Rose Corona <[rose.corona@teamrcd.org](mailto:rose.corona@teamrcd.org)>

Hi Rose,

With the CARCD Annual Conference being just a few weeks away, I'm reaching out to RCDs who have paid their Membership Dues this year, but haven't filled out a Delegate Credential yet.

There are a lot of resolutions up for a vote this year that will have a large impact on the structure of the CARCD Board of Directors and we want to have as many RCDs who are eligible to vote to have their voice heard. Here is a link to a list of all the resolutions. [1]

Here is a link to the form [2] you can fill out to let us know which Director from the the TEAM RCD will be voting at the Annual Business Meeting this year.

Let me know if you have any questions or if I can do anything to help.

Reply-To: [chrisp@csla.net](mailto:chrisp@csla.net)

If you are on a mobile device or want to view this as a web page, please click here [[1](#)].

To ensure receipt of our email, please add [2] '[CSDA@informz.net](mailto:CSDA@informz.net)' to your address book.

#### HOW CAN SPECIAL DISTRICTS SURVIVE SACRAMENTO?

This legislative session, legislators introduced 5,617 bills. Of the 105 bills CSDA opposed, only 20 became law. Meanwhile, 80 of the 125 bills CSDA supported became law. Our success is built on the efforts of special district officials like you contacting legislators through our Grassroots Mobilization Program and responding to Calls to Action.

Please take just two minutes to complete our Grassroots Mobilization Survey [[3](#)].

It takes 21 out of 40 State Senators and 41 out of 80 State Assembly Members to get something done in Sacramento. None of our members have a relationship with that many Legislators, but together our membership has a relationship with all 120 State Legislators. By sharing your relationship through this brief survey [[3](#)], you will join with hundreds of other local officials to make Districts Stronger Together.

We would also like to thank the 72 districts who responded to one of CSDA's two major Calls to Action. These districts were instrumental in passing SB 929 [[4](#)] and blocking AB 2065 [[5](#)]. SB 929 establishes a reasonable and workable website requirement for special districts. AB 2065 would have forced special districts to sell leased property to affordable housing, parks, and schools.

If your district does not have an adopted policy for taking positions on State legislation, check out CSDA's sample policy [[6](#)], and consider ordering CSDA's Sample Policy Handbook [[7](#)] for additional policies.

[1]

Dear Colleagues,

In service to all RCDs throughout the state, the CARCD team is always on the lookout for events, news, funding opportunities, and any other resources that could be relevant to the important work that you do in your communities. Please see below for this week's digest of announcements.

If you have questions about any of the content listed below, please don't hesitate to contact us.

Thank you and Happy Friday!

-----  
IN THIS ISSUE:

- \* CARCD Updates
- \* Funding Opportunities
- \* Advocacy & Legislation
- \* RCD News
- \* Conservation Announcements

-----  
CARCD UPDATES

OUR NEW WEBSITE IS LIVE!

We are thrilled to announce the launch of our new website! If you haven't had a chance to see it yet please visit [www.carcd.org](http://www.carcd.org) [2]. We also have a couple of asks of you. Please take a look at the RCD Map [3] and make sure that the contact information for your RCD is correct. Also, we now have a Conservation Resources [4] section of our website dedicated to hosting a library of RCD publications for the public that are organized by region. Please take a look at that page and e-mail [sara-schremmer@carcd.org](mailto:sara-schremmer@carcd.org) [5] if your RCD has any publications that you would like us to add.

REGISTER FOR THE SOIL HEALTH SUMMIT AND OTHER CONFERENCE EXTRAS

Registration for conference extras is now live. Use this link to sign up [6] for our Friday night dinner, Wednesday Soil Health Summit (no cost), and Wednesday Solid Ground Capacity Building (no cost).

COMMUNICATION ACADEMY REGISTRATION IS OPEN!

We've heard you! To help you reach the people who can support your RCD with meeting its goals, we have designed the RCD Communications Academy [7] with your interests and needs in mind. This free course designed exclusively for RCD staff and directors includes simple tools and straight-forward activities in combination with six engaging webinar sessions that you can engage in from the comfort of your office or home. Please register by October 26, 2018 using this form [8] in order to participate in this free training!

## LOOKING FOR VOLUNTEER CONFERENCE VIDEOGRAPHER

We are looking for a volunteer who can film the Communications training on Wednesday and/or the plenary sessions and keynote speaker on Thursday at the CARCD conference. We do not currently have any equipment, and are looking for someone who can utilize their own. Please email Kiko with interest at [kiko-barr@carcd.org](mailto:kiko-barr@carcd.org) [9].

## CALL FOR SILENT AUCTION CONTRIBUTIONS

The CARCD Conference is coming up in less than a month, and now is a great time to start collecting items for the annual silent auction. The silent auction is an important part of being able to keep the conference affordable and we want to say a big thank you for all the generous contributors who make it possible every year. Simply bring your item to one of the registration table at the conference and bidding will close 11 am on Friday.

## LET US KNOW YOUR SPEAK-OFF COMPETITION WINNERS

If you haven't already, please let us know the names of the speak-off winners by emailing Emily at [emily-sutherland@carcd.org](mailto:emily-sutherland@carcd.org) [10]. We will need to know them for our final competition taking place at the conference.

## BREAKOUT SESSIONS AND AGENDA FOR CARCD CONFERENCE OUT NOW

We are excited to announce the release of our preliminary breakout sessions [11] and conference agenda [12]! This year's conference will feature opening session speakers including Claire Jahns from the Natural Resource Agency, Louise Bedsworth from the CA Strategic Growth Council, Sam Schuchat with the Coastal Conservancy, and John de Graaf, author and filmmaker. There will be over 45 presentations in three breakout session tracks including topics on: Transformative Working Lands, Forests and Fires, Urban Community Adaptation, Water Conservation, and Conservation Tools. You can find additional information about our conference here [13].

## ANNOUNCING CARCD BOARD'S RESOLUTIONS

CARCD appreciates all the hard work the RCD community has engaged in as it strives towards the goal of being visible, relevant and excellent. We have all rolled up our sleeves and the results of that effort are being realized and becoming more apparent every day. As a network we are getting stronger and more able to reach our goals. In order to be able to meet the growing needs you have, CARCD has also been working hard to strengthen its ability to support you. As a small part of this effort, the CARCD Board is proposing that the CARCD membership approve five resolutions at the 2018 Annual Business Meeting. All dues-paying RCD members can vote on these resolutions--however, they need to first submit a delegate credential. RCDs can submit delegate credentials and look over the five resolutions on the Conference announcements page [14].

## FUNDING OPPORTUNITIES

### CAL FIRE'S FIRE PREVENTION GRANTS PROGRAM

CAL FIRE has announced the solicitation of the 2018-2019 Fire Prevention Grants Program. California's 2018-2019 budget allocates up to \$155 million to CAL FIRE's Fire Prevention Program.

Through the California Climate Investments (CCI) Fire Prevention Grant Program, CAL FIRE aims to reduce the risk of wildland fires to habitable structures and communities, while maximizing carbon sequestration in healthy wildland habitat and minimizing the uncontrolled release of emissions emitted by wildfires. Applications need to be submitted no later than December 19. Please see the Fire Prevention Grants Webpage [15] for a complete overview.

### DRAFT GUIDELINES FOR CEC RENEWABLE ENERGY FOR AGRICULTURE PROGRAM (REAP)

The California Energy Commission plans to offer grants later this year that will fund the installation of renewable energy projects on agricultural operations. This new program is called the Renewable Energy for Agriculture Program (REAP) and they anticipate the grants will fund projects such as the installation of solar and wind systems and certain equipment served by these systems. Comments on the Draft Guidelines for the REAP will help shape the structure of the program and other eligibility criteria prior to the adoption of final guidelines. Review the REAP Draft Guidelines, Second Version staff report [16]. Comments should be submitted by October 22.

#### DRAFT GUIDELINES AND SCHEDULE FOR COASTAL CONSERVANCY'S PROP 68 FUNDING

Draft guidelines for Coastal Conservancy's Prop 68 funding [17] are out. Below is the proposed schedule for the Prop 68 programs.

- \* Fall 2018: Draft project solicitation and evaluation guidelines that include monitoring and reporting requirements.
- \* Fall 2018: Provide guidelines to California Natural Resources agency for review
- \* Winter 2018: Post draft solicitation and evaluation guidelines on the Conservancy's website for at least 30 days before the public meetings.
- \* Spring 2019: Conduct three public meetings to consider public comments
- \* May - August 2019: Adopt final solicitation and evaluation guidelines

#### ADVOCACY & LEGISLATION

##### MATCH CHALLENGE FROM INLAND EMPIRE RCD

CARCD contracts with Conservation Strategy Group (CSG) to advocate for funding both directly to RCDs (through DOC) and through grant programs to our partners like the conservancies, CAL FIRE, CDFW, DWR and others; make agency partners aware of RCDs to bring in contracts and make it easier for you to do your work; and solve problems that keep you from being able to do your job. CARCD pays for a large portion of the contract directly out of our budget, but we also need RCDs to contribute in order for our partnership with CSG to be sustainable. If we do not receive enough RCD contributions this year to cover our contract, we will have to put our work with CSG on hold - which would be a very difficult decision to make after building so much forward momentum this past year. THE INLAND EMPIRE RCD HAS OFFERED TO MATCH \$20,000 TOWARD CARCD OPERATIONS THIS YEAR TO FREE UP SPACE IN OUR BUDGET SO THAT WE CAN FUND CSG WORK ON BEHALF OF THE RCDs. SO PLEASE CONSIDER A DONATION OF ANY AMOUNT AND THAT AMOUNT WILL BE MATCHED BY INLAND EMPIRE RCD. Additional information about the amazing work that CSG does on behalf of RCDs can be found here [18].

##### CARCD SUPPORTS PROPOSITION 3

Proposition 3, the Water Supply and Water Quality Act of 2018, is a statewide water bond measure that will appear on the November 6th statewide ballot. The bond measure is supported by a wide variety of organizations, including CARCD, California Farm Bureau Federation, Planning and Conservation League, the Association of California Water Agencies, California Chamber of Commerce, Community Water Center, and hundreds of other organizations. We strongly urge you to vote YES on 3! Find links to more information on Prop 3 on our site's Advocacy page [19]. To learn more about the measure or get involved in the campaign, please visit [www.waterbond.org](http://www.waterbond.org) [20] and follow Prop 3 on twitter @CAWaterBond [21].

#### RCD NEWS

##### LO COUNTY RCD "LUNCH AND LEARN ON THE FARM"

Lunch and Learn on the Farm is a free event which includes lunch and talks on the CDFA Healthy Soils Incentive Program, Central Valley Habitat Exchange, Fish Food on the Floodplain project, and a tour of River Garden Farms' conservation practices. Join them on Friday,

December 7, 12 - 4pm at River Garden Farms in Knights Landing. You can RSVP here [22].

\_If your RCD has job openings, community events, or announcements that you would like to share with the RCD network, please e-mail me at [sara-schremmer@carcd.org](mailto:sara-schremmer@carcd.org) [23] with the details so that we can include them in an upcoming Weekly Digest.\_

#### CONSERVATION ANNOUNCEMENTS

##### OPENING FOR POINT BLUE CEO

Point Blue has started their search for their next CEO. The job announcement is posted on the Isaacson Miller [24] website where interested individuals can submit an application. Their current CEO, Ellie Cohen is stepping down after twenty years. You can see her farewell blog post here [25].

##### AUDUBON CALIFORNIA'S HSI DEMONSTRATION

Audubon California will be hosting their first Field Day and Farm Tour [26] on Friday, December 7. They will be highlighting healthy soils practices being implemented at our partner farm, which include a cover crop and riparian buffer vegetation. We will also showcase other conservation opportunities employed at the farm. NRCS field office staff and UCCE farm advisors will be in attendance to provide technical assistance and answer questions.

# The NACD eResource

Weekly news briefs from the National Association of Conservation Districts

## NACD WELCOMES ANNUAL MEETING SPEAKER

NACD added Soil Health Institute (SHI) **President and CEO Dr. Wayne Honeycutt** to the [speaker line-up](#) for the 2019 Annual Meeting in San Antonio, Texas. Dr. Honeycutt will be featured on a soil health panel during Tuesday's general session. As a leader in the soil health movement, Honeycutt will describe emerging issues and resources for soil health, as well as partnership opportunities for conservation districts.

At SHI, Honeycutt leads the Institute's programs to safeguard and enhance the vitality and productivity of soils. He previously served for five years as deputy chief for science and technology with the Natural Resources Conservation Service (NRCS) in Washington, D.C., as well as 10 years as a research leader and 14 years as a research soil scientist for the USDA

Oct. 23, 2018

### NCF Chairman Advocates for Conservation Leaders

On Oct. 1, the National Conservation Foundation (NCF) **Chairman Steve Robinson** penned a letter to conservation leaders across the nation, asking for their support of the **Next Generation Leadership Campaign**. Through the campaign, NCF and NACD seek to raise \$100,000 by Dec. 31, 2018 to create an endowed fund for leadership development to cultivate future leaders in the conservation district

Agricultural Research Service (ARS). Honeycutt holds a bachelor's degree in forestry, a master's degree in soil science and a Ph.D. in soil genesis.

To learn more about the natural resource-centered events at NACD's 73rd Annual Meeting, including breakout sessions, conservation symposia, tours and more, visit [NACD's Annual Meeting webpage](#).

## NACD, NAPPC HONOR FARMER-RANCHER POLLINATOR AWARD RECIPIENTS

On Oct. 16, NACD Northeast Region Representative and Policy Specialist **Eric Hansen** joined Val Dolcini, President and CEO of the Pollinator Partnership, to present the North American Pollinator Protection Campaign's (NAPPC) U.S. Farmer-Rancher of the Year award to **John and Nancy Hayden**.

The Haydens have been proprietors of *The Farm Between* in Jeffersonville, Vt., since 1992. *The Farm Between* is a 20-acre certified organic nursery and fruit farm specializing in production and sale of pollinator-dependent fruit and berry crops, shrubs and trees. More than half of the farm's area is devoted to pollinator habitat enhancement. John established a 14-acre pollinator sanctuary at a former dairy farm, where he conducts long-term bee species diversity monitoring and demonstrates

community.

"As a conservation community, we need to make sure the next generation of leaders are developed and the locally-led conservation mission continues to be advanced," **Robinson said**. "It is also crucial we raise awareness about conservation and why it matters." Read Robinson's testimonial and donate to the Next Generation Leadership Campaign [on the campaign's webpage](#).

### Reminder for Districts: NACD Annual Survey

Each year, NACD conducts an annual survey of district boards to gather information about the policy positions, natural resource challenges, and administrative issues that significantly impact districts across the country. On Oct. 3, NACD emailed every conservation district with a link to complete the survey, which takes about 30 minutes to complete. Only one completed survey will be accepted per district, so district board of directors should complete the survey together.

As a perk for participating, every conservation district that completes the survey will also be entered into a drawing for a free registration to attend NACD's 2019 Annual Meeting. Last year's

effective pollinator land management practices.

The award was presented during NAPPC's annual conference in Washington, D.C. NACD is a member of NAPPC, whose mission is to raise awareness about the importance of pollinators, encourage partnerships that work on behalf of pollinators, promote conservation of pollinator habitat, and support pollinator research.

---

## AWARD NOMINATIONS DEADLINE APPROACHES

Time is running out to recognize conservation leaders on a national stage through [two award opportunities](#):

The **Hugh Hammond Bennett Award for Conservation Excellence** is sponsored by the National Conservation Planning Partnership (NCP), offering the opportunity to recognize an **outstanding producer** and **conservation planners** from within the NCP and our partners who have exemplified outstanding service through development and implementation of sound conservation planning and other conservation techniques. A nomination packet with additional information and criteria is available on [NACD's awards webpage](#).

Each state must submit their state-level winner by **Nov. 2, 2018**, for a final, national winner to be chosen. The awards will be presented at the [2019 NACD Annual Meeting](#) in San Antonio, Texas, in February.

The **Olin Sims Conservation Leadership Award** is an award named for an outstanding advocate for voluntary conservation and an NACD past president who we lost in 2007. In honor of his memory and through this award, NACD and NRCS annually recognize an **up-and-coming leader** who demonstrates excellence in promoting and leading voluntary conservation on private lands. Work with your state conservationist's office to [submit a nomination for this award](#). The deadline

winner, **Laura Young** from Sumner County Conservation District in Kansas, was a first-time annual meeting attendee at the 72nd Annual Meeting in Nashville.

Didn't receive a survey email? Please email [membership@nacdnet.org](mailto:membership@nacdnet.org).

---

### NACD Staff Returns from Successful Staff Retreat

NACD's staff gathered in Chestertown, Md., Oct. 15–17 for an annual staff retreat hosted by Corteva Agriscience's research farm, Chesapeake Farms. During their time at Chesapeake Farms, the national association staff met with leaders from Kent Soil and Water Conservation District, discussed how to improve service to districts, and made plans for the 2019 Annual Meeting in San Antonio, Texas.

for each state's nomination is **Nov. 26.**

## **BLUE WATER CONSERVATION DISTRICT, MICHIGAN**

Blue Water Conservation District (BWCD) is improving wildlife habitat through a \$50,700 grant the district received from the Michigan Department of Natural Resources (DNR).

The Michigan DNR Wildlife Habitat Grant must be used by Sept. 30, 2020, on projects including enhancing large wetland complexes, winter deer complexes, mast producing food sources, forest openings, oak savannas and small-game habitat.

BWCD, which serves St. Clair and Sanilac counties, will use the funds to convert 86 acres of row crops into native grasses, wet grass mix and wildflower mix in Sanilac County.

Once the current project is implemented, **BWCD farm bill wildlife biologist Jacob Northuis** plans to seek funding for forest management planning.

## **NACD Job Board Listings**

On Oct. 1, NACD debuted a **District Job Board**, where member districts and associations can post job openings to attract qualified candidates from across the nation. The job board currently contains the following listings:

- [District Manager - Union County CD, Penn.](#)
- [Resource Conservationist - Champaign County SWCD, Ill.](#)
- [Conservation Outreach Intern - Greenville County SWCD, S.C.](#)

To post a job listing, **log in to the Members Only page.** Need assistance? Contact **NACD Communications Manager Sara Kangas.**

## **Farmer Veteran Coalition Conference in Missouri**

Farmer Veteran Coalition, the nation's largest nonprofit organization assisting military veterans with embarking upon careers in agriculture, will host its 2018 Farmer Veteran Stakeholders Conference Nov. 15-17 in Kansas City, Mo. Learn more about the conference and register to attend on the **coalition's website.**

For now, the district is focusing on pheasant population because it's a struggling species in this area, but the conversion will also draw other small game, such as wild turkeys and Eastern cottontail rabbits.

Read more about BWCD's work in the [most recent edition of Forestry Notes](#).

We'll be recognizing outstanding river champions at River Rally 2019. A reminder to submit nominations by November 10th.

View this email in your browser [[1](#)]

Nominate a River Hero!  
DEADLINE: NOVEMBER 10TH

River Network is accepting nominations for 2019 River Heroes from October 1st to November 10, 2018. Up to five awardees will be acknowledged on June 22, 2019 at River Rally. River Network created the River Heroes Award in 2001 to recognize and celebrate individuals whose efforts to protect and restore their local rivers and waters have been extraordinary in scope, scale, impact and heart. Learn more about River Heroes here. To submit a nomination, follow instructions in the River Hero 2019 Nomination Guidelines [[2](#)] and submit before November 10, 2018.

[[3](#)]

SUBMIT A WORKSHOP PROPOSAL: RIVER RALLY 2019

NEW PROPOSAL DEADLINE: OCTOBER 31ST

We hear you! We've been busy, too. That's why we're extending the deadline for River Rally 2019 Workshop proposals to Wednesday, October 31st.

#### WORKSHOP PROPOSAL GUIDELINES

Presenters are invited to submit up to two workshop proposals, but each proposal must be submitted individually. You may have up to three co-presenters join you in a presentation or moderated panel discussion. Workshops that are interactive as well as informative, specifically relate to one of the 2019 Workshop Themes [[4](#)], and are intentionally designed to transfer proven strategies or approaches integrating diversity, equity, and inclusion are more likely to be accepted for our 2019 program.

Read the guidelines here. [[5](#)]

Submit your proposal [[6](#)]

# FORESTRY NOTES

## MICHIGAN DISTRICT MAKES DIFFERENCE FOR WILDLIFE HABITAT

Blue Water Conservation District (BWCD) is improving wildlife habitat through a \$50,700 grant the district received from the Michigan Department of Natural Resources (DNR).

### Forestry Briefs

Vermont – [Riparian buffer program aims to reduce streambank erosion](#)

The Winooski Natural Resource Conservation District is seeking landowners who live along rivers or streams for its 2019 Trees for Streams program. The

The Michigan DNR Wildlife Habitat Grant must be used by Sept. 30, 2020, on projects including enhancing large wetland complexes, winter deer complexes, mast producing food sources, forest openings, oak savannas and small-game habitat.

BWCD, which serves St. Clair and Sanilac counties, will use the funds to convert 86 acres of row crops into native grasses, wet grass mix and wildflower mix in Sanilac County.

**BWCD Farm Bill wildlife biologist Jacob Northuis** said an additional 51 acres of fallow land – currently containing thistle, timothy and orchard grass – will be converted into annual food plots for wildlife, including turkey, pheasants and whitetail deer, with the future goal of transitioning those acres to grassland and woodland.

"The native grasses grow relatively quick as opposed to planting trees, which take 20 to 30 years before they are effective habitat," **Northuis said.** "Part of the grant is converting those fallow areas into wildlife food plots, such as beans and wheat to help weed control so in the future when we decide to do tree planting it gives us a clean slate."

Once the current project is implemented, Northuis plans to seek funding for forest management planning. [Read more>>>](#)

## NACD PROMOTES STATE FOREST ACTION PLANS

This fall, NACD is connecting state conservation district association leaders with state forestry agencies across the country in an effort to get districts more involved in planning State Forest Action Plans.

NACD and the National Association of State Foresters (NASF) have worked together in recent years to explore ways to connect state leaders. The effort is the result of 2015–16 survey data, which showed only 30 percent of conservation districts and 58

conservation district hopes to work with landowners to identify streambanks that suffer from or are vulnerable to erosion and then coordinate riparian buffer plantings.

---

### California – RCD forester addresses local wildfire risk management

At a recent wildfire panel, local CalFire officers, Mendocino Volunteer Fire Department Chief Ed O'Brien and Mendocino County Resource Conservation District forester Mary Mayeda answered questions and presented clear challenges to the forestland residents of the Mendocino Coast. Mayeda urged people to organize at the neighborhood level and connect with the various resources and information available through the local Fire Safe Council. The panel emphasized the need for public involvement in addressing wildfire concerns. "You really are the boots on the ground," Mayeda said to the audience. "You really are the first responders."

---

### Maine – SWCD hosts forest soil workshop

Androscoggin Valley

percent of state association executive directors were aware of their state's plan.

"Those numbers weren't good enough," **Steve Hedstrom, NACD Forestry Resource Policy Group (RPG) Chairman**, said. "We decided to make a commitment to change those figures because we want districts at the table, and we think we can help state foresters carry out these plans, too."

With the 2008 Farm Bill, Congress tasked states and territories with assessing all the forests within their boundaries and developing strategies to improve the health, resiliency and productivity of those forests. The first plans were released in 2010, and a five-year review was conducted in 2015. In June 2020, each state will release an updated 10-year plan.

Many states are beginning to gather partner input for the 2020 plans already. When plans are completed, conservation districts and other partners may be asked to help communicate plan objectives to local and state policymakers as well as the general public.

Hedstrom said the NACD Forestry RPG will continue to discuss ways to support State Forest Action Plans and strengthen conservation district and state forestry agency relations.

State Forest Action Plans can be viewed on the Joint Forestry Team website under the ["state partnerships" tab](#). Visitors can click on their home state for a directory of state forestry leaders and links to the State Forest Action Plan, State Wildlife Action Plan, and the state forestry memorandum of understanding, if one exists. NACD is a member of the national Joint Forestry Team, along with NASF, the U.S. Forest Service and the Natural Resources Conservation Service (NRCS).

---

## NACD WELCOMES NEW U.S. FOREST SERVICE CHIEF

In October, the U.S. Department of

Soil and Water Conservation District is holding a forest soil management workshop Oct. 24 that will cover topics such as soil ecology within forests, the importance of logging in Maine, the potential negative impacts from logging and reducing them by practicing sustainable logging practices.

Nov. 7 – 8

Partners in Community  
Forestry Conference

Irvine, Calif.

---

Agriculture (USDA) Secretary Sonny Perdue swore in [Vicki Christiansen](#) as Chief of the Forest Service. Prior to joining the Forest Service, where she has been serving as Interim Chief since March, Christiansen was the state forester in Arizona and Washington.

"Chief Christiansen has the necessary tools in her toolkit to hit the ground running in this new role," **NACD President Brent Van Dyke said.** "During her time at the Forest Service, Christiansen has worked closely with conservation districts to improve the health of our nation's forests. Due to her education and professional experience, she understands how failing to properly manage our nation's forests leads to longer and more severe fire seasons. NACD commends Secretary Perdue's appointment, and we look forward to expanding this productive relationship to continue making improvements to our nation's public and private forest lands."

Feb. 2 – 6

SPECIAL DISTRICT PROGRAM UPDATES

THIS JUST IN: SPECIAL DISTRICTS SURVEY RESULTS

Our 2018 Special Districts Survey polled more than 150 IT leaders from special districts nationwide on a series of issues. Here's a sneak peek at the results. We'll release comprehensive data from the survey in our upcoming 2018 Special Districts Program annual report.

Atlanta Housing Authority: Keeping Up with Growing Demand

Tune in to the latest installment of The Districts podcast [[2](#)] to hear how the Atlanta Housing Authority is evolving its technology. The Housing Authority, which provides affordable housing services to 20,000 low-income families in the city, is shifting toward mobile platforms and scalable infrastructure to help it deliver better services to a growing customer base. Dr. Mark Campbell, CIO of the Authority and a Special Districts Program advisory board member, discusses these deployments, as well as the Authority's strategy for sunseting homegrown legacy applications as new technology comes on board.

Rapid Recap: Revisiting the Summits

Our live Special Districts Summits may be over for 2018, but you can see highlights from the first two events online. Check out our new Rapid Recap videos from the Special Districts West Summit [[3](#)] in Sacramento and Special Districts Southwest Summit [[4](#)] in Austin for a quick look at what special district leaders in those regions are saying about cybersecurity, customer experience, data analytics and other important issues.

ARTICLES WORTH A READ

Here are the latest stories from special districts around the country. Share your own news with us for inclusion in the next newsletter.

\* An autonomous vehicle pilot [[5](#)] in Chamblee, Ga., will test the idea of using self-driving shuttles to connect riders with trains operated by the Metropolitan Atlanta Rapid Transit Authority. The pilot will explore how to close last mile transit gaps and improve user experience.

\* A new study [[6](#)] conducted by the San Francisco County Transportation Authority says as much as half of the city's traffic congestion can be linked to ridesharing services. The study compared data from 2010 and

2016 to understand changes in traffic patterns.

\* New York City's Metropolitan Transit Authority (MTA) has launched a new Transit Tech Lab [7] charged with finding technology solutions to predict subway disruptions and improve bus movement. The lab is a public-private partnership between MTA and the Partnership for New York City.
